

page, and click on the link entitled "Submit a Comment." The <http://www.regulations.gov> Web site provides the option of making submissions by filling in a comments field, or by attaching a document. ITA prefers submissions to be provided in an attached document. (For further information on using <http://www.regulations.gov>, please consult the resources provided on the Web site by clicking on the "Help" tab.) Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

All comments submitted in response to this document will be made available to the public so should not include any privileged or confidential business information. The file name should begin with the character "P" (signifying that the comments contain no privileged or confidential business information and can be posted publicly), followed by the name of the person or entity submitting the comments.

Frank Spector,

Senior Advisor for Trade Missions, Trade Promotion Programs.

BILLING CODE 3510-DR-P

DEPARTMENT OF JUSTICE

28 CFR Part 35

[CRT Docket No. 128]

RIN 1190-AA65

Nondiscrimination on the Basis of Disability; Accessibility of Web Information and Services of State and Local Government Entities

AGENCY: Civil Rights Division, Department of Justice.

ACTION: Supplemental advance notice of proposed rulemaking; extension of comment period.

SUMMARY: On May 9, 2016, the Department of Justice (Department) published a Supplemental Advance Notice of Proposed Rulemaking (SANPRM) in the **Federal Register** addressing the potential application of technical accessibility requirements to the Web sites of title II entities. The comment period is scheduled to close on August 8, 2016. The Department is extending the comment period by 60

days until October 7, 2016, in order to provide additional time for the public to prepare comments.

DATES: The comment period for the SANPRM, published on May 9, 2016 (81 FR 28657), is extended. All comments must be received by October 7, 2016.

ADDRESSES: You may submit comments, identified by RIN 1190-AA65 (or Docket ID No. 128), by any one of the following methods:

- *Federal eRulemaking Web site:* www.regulations.gov. Follow the Web site's instructions for submitting comments.
- *Regular U.S. mail:* Disability Rights Section, Civil Rights Division, U.S. Department of Justice, P.O. Box 2885, Fairfax, VA 22031-0885.

- *Overnight, courier, or hand delivery:* Disability Rights Section, Civil Rights Division, U.S. Department of Justice, 1425 New York Avenue, NW., Suite 4039, Washington, DC 20005.

FOR FURTHER INFORMATION CONTACT: Rebecca Bond, Chief, Disability Rights Section, Civil Rights Division, U.S. Department of Justice, at (202) 307-0663 (voice or TTY). This is not a toll-free number. Information may also be obtained from the Department's toll-free ADA Information Line at (800) 514-0301 (voice) or (800) 514-0383 (TTY). This document is available in alternate formats for people with disabilities.

SUPPLEMENTARY INFORMATION: The Department of Justice published a Supplemental Advance Notice of Proposed Rulemaking (SANPRM) in the **Federal Register** on May 9, 2016, addressing the potential application of technical accessibility requirements to the Web sites of title II entities. 81 FR 28657 (May 9, 2016). The SANPRM asks 123 multipart questions, seeking public comment on a wide range of complex issues related to the potential technical accessibility requirements as well as any proposed title II Web rule's costs and benefits. Following the SANPRM's publication, the Department received three comments requesting that the public comment period be extended by 90 days. The requests indicated that more time is needed to provide meaningful, comprehensive responses to the SANPRM because of the complexity of issues discussed, the number of questions posed, and the amount of data and information requested.

The Department has decided to grant a 60-day extension of the comment period until October 7, 2016. Given the importance of both providing title II entities with clear guidance regarding their ADA obligations for Web access and providing persons with disabilities

equal access to State and local government programs, services, and activities, the Department seeks to continue moving the rulemaking process forward. Additionally, a title II Web accessibility rule is likely to facilitate the creation of an infrastructure for Web accessibility that will be very important in the Department's preparation of the title III Notice of Proposed Rulemaking on Web site accessibility for public accommodations. Further delays in this title II rulemaking, therefore, will have the effect of hindering the title III Web rulemaking's timeline as well. The Department believes that this 60-day extension provides sufficient time to allow interested parties to provide comments on this SANPRM. Comments on the SANPRM may be provided by October 7, 2016, via the methods described above.

Dated: July 25, 2016.

Vanita Gupta,

Principal Deputy Assistant Attorney General, Civil Rights Division.

BILLING CODE 4410-13-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Parts 140, 143, and 146

46 CFR Parts 61 and 62

[Docket No. USCG-2014-0063]

RIN 1625-AC16

Requirements for MODUs and Other Vessels Conducting Outer Continental Shelf Activities With Dynamic Positioning Systems; Training Certification Programs

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability of dynamic positioning training certification programs.

SUMMARY: The Coast Guard is providing the following information on dynamic positioning training certification programs.

DATES: July 29, 2016.

FOR FURTHER INFORMATION CONTACT: For information about this document, call Ms. Mayte Medina, U.S. Coast Guard, 202-372-1492

SUPPLEMENTARY INFORMATION: On November 28, 2014, the Coast Guard published in the **Federal Register** a Notice of Proposed Rulemaking (NPRM) on Requirements for MODUs and Other

Vessels Conducting Outer Continental Shelf Activities With Dynamic Positioning Systems (Docket No. USCG–2014–0063, RIN 1625–AC16) (79 FR 70943). The NPRM proposes to establish minimum design, operation, training, and manning standards for mobile offshore drilling units and other vessels using dynamic positioning systems to engage in Outer Continental Shelf activities. The Coast Guard has not yet published a final rule on this subject.

Since the comment period closed, the Coast Guard has received inquiries regarding availability of dynamic positioning training certification programs. We are aware of three industry accepted training certification programs for dynamic positioning:

- The Offshore Service Vessel Dynamic Positioning Authority's (OSVDPA) MPP–1–001, the OSVDPA's Manual of Policies and Procedures (Version 1) (January 2016);
- The Nautical Institute's Dynamic Positioning Operator's Training and Certification Scheme Version 1.1 (January 2015); and,
- Det Norske Veritas/Germanischer Lloyd's Recommended Practice for Certification Scheme for Dynamic Positioning Operators (DNVGL–RP–0007).

The Coast Guard is providing this information to assist the public in locating dynamic positioning training certification programs, and does not endorse or recommend any such program. To the extent that programs not listed above may exist, their absence from the list is due entirely to the fact that the Coast Guard is unaware of them, and does not constitute or imply a determination that programs on the list are preferable to any that may exist and are not included on the list.

This document is issued under authority of 5 U.S.C. 552(a).

Dated: July 26, 2016.

J.G. Lantz,

Director of Commercial Regulations and Standards, United States Coast Guard.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2016–0288]

RIN 1625–AA00

Safety Zone, Banks Channel; Wrightsville Beach, NC

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone on the navigable waters adjacent to Harbor Island and Wrightsville Beach, NC. This proposed safety zone would restrict vessel movement on portions of Masonboro Inlet, Banks Channel, and Motts Channel during the PPD Ironman NC event on October 22, 2016. This action is necessary for the safety of life on the surrounding navigable waters during this event. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before August 15, 2016.

ADDRESSES: You may submit comments identified by docket number USCG–2016–0288 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Petty Officer Ryan Phillips, Coast Guard Sector North Carolina, Coast Guard; telephone (910)772–2212, email Ryan.A.Phillips@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
 DHS Department of Homeland Security
 FR Federal Register
 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On October 22, 2016, PPD Ironman NC notified the Coast Guard that as part of the PPD Ironman NC event approximately 2500 swimmers will compete along a course starting at Masonboro Inlet from 7 a.m. to 11 a.m. on October 22, 2016. The course begins at approximate location latitude

34°11'13" N. longitude 077°48'53" W., continuing north in Banks Channel crossing at the approximate location latitude 34°12'14" N. longitude 077°48'04" W. into Motts channel heading west stopping at Sea Path Marina where swimmers will exit the water approximately at latitude 34°12'44" N. longitude 077°48'25" W. in Wrightsville Beach, NC.

The purpose of this rulemaking is to ensure the safety of swimmers and rescue crews from hazards associated with vessel traffic and other hazards. The Coast Guard proposes this rulemaking under authority in: 33 U.S.C. 1231; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Department of Homeland Security Delegation No. 0170.1.

III. Discussion of Proposed Rule

The COTP proposes to establish a safety zone from 7 a.m. to 11 a.m. on October 22, 2016. The safety zone would cover all navigable waters starting at the approximate position latitude 34°11'13" N., longitude 077°48'53" W., heading north to approximate position latitude 34°12'14" N., longitude 077°48'04" W., traveling west and ending at approximate position latitude 34°12'44" N., longitude 077°48'25" W. The duration of the zone is intended to ensure the safety of swimmers during the scheduled 7 a.m. to 11 a.m. swimming event. Except for vessels authorized by the COTP North Carolina or her designated representative, no person or vessel except safety crew designated by PPD Ironman NC may enter or remain in the safety zone. All persons and vessels granted permission to enter the zone must comply with the instructions of the COTP North Carolina or her designated representative.

Notification of the temporary safety zone will be provided to the public via marine information broadcasts. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the
