Funds must be used consistent with the competitive proposal and for the eligible purposes established in the NOFA and described in the FTA *Circular 6100.1E* and/or FTA *Circular 9030.1E*. In cases where the allocation amount is less than the proposer's requested amount, grantees should work with the FTA Regional Office is coordination with the Office of Research, Demonstration, and Innovation to reduce scope or scale the project such that a complete phase or project is accomplished. Grantees are reminded that program requirements such as cost sharing or local match can

be found in the NOFA. A discretionary research project identification number will be assigned to each project for tracking purposes and must be used in the Transit Award Management System (TrAMS) application.

All projects are granted pre-award authority with an effective date of April 19, 2016, so long as all required conditions for pre-award authority have been met and the activities undertaken in advance of federal funding are contained in the approved project plan or statement of work. Post-award reporting requirements include submission of the Federal Financial Report and Milestone reports in TrAMS

as appropriate (FTA *Circular 6100.1E*, *Circular 5010.1D* and *Circular 9030.1E*). The grantees must comply with all applicable Federal statutes, regulations, executive orders, FTA circulars, and other Federal requirements detailed in the most recent Master Agreement in carrying out the project supported by the FTA research grant. The FY16 Master Agreement can be found at the following Internet address: <https://www.transit.dot.gov/funding/grantee-resources/sample-fta-agreements/sample-fta-agreements-october-1-2015>.
