**Authority:** 44 U.S.C. 3506(c)(2)(A).

**SUPPLEMENTARY INFORMATION:** The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

### I. Background

The ETA-5130, Benefit Appeals Report, contains information on the number of unemployment insurance appeals and the resultant decisions classified by program, appeals level, cases filed and disposed of (workflow), and decisions by level, appellant, and issue. The data on this report are used by the Department of Labor to monitor the benefit appeals process in the State Workforce Agencies (SWAs) and to develop any needed plans for remedial action. The data are also needed for workload forecasts and to determine administrative funding. If this information were not available, developing problems might not be discovered early enough to allow for timely solutions and avoidance of time consuming and costly corrective action.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB 1205-0172.

Submitted comments will also be a matter of public record for this ICR and posted on the Internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- \* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- \* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

- \* Enhance the quality, utility, and clarity of the information to be collected; and

- \* Minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology.

**SUPPLEMENTARY INFORMATION:**

The Assistant Secretary of OSHA invites interested individuals to submit nominations for membership on FACOSH.

**Background:** FACOSH is authorized to advise the Secretary of Labor (Secretary) on all matters relating to the occupational safety and health of federal employees (5 U.S.C. 7902; 29 U.S.C. 668, Executive Order 12196, as amended). This includes providing advice on how to reduce and keep to a minimum the number of injuries and illnesses in the federal workforce, and how to encourage the establishment and maintenance of effective occupational safety and health programs in each federal agency.

**FACOSH membership:** FACOSH is comprised of 16 members, 8 management representatives from federal agencies and 8 representatives from labor organizations that represent federal employees. The Secretary appoints FACOSH members to staggered terms of up to three years. The number of members the Secretary will appoint to three-year terms beginning January 1, 2017, are:

- Three labor representatives; and
- Three management representatives.

FACOSH members serve at the pleasure of the Secretary and may be appointed to successive terms. FACOSH meets at least twice a year.

The Department of Labor is committed to equal opportunity in the workplace and seeks broad-based and diverse FACOSH membership. Any federal agency, labor organization representing federal workers, or individual(s) may nominate one or more qualified persons for membership on FACOSH. Interested individuals also are invited and encouraged to submit statements in support of a nominee(s).

**Nomination requirements:** Submission of nominations must include the following information:

1. The nominee's name, contact information and current employment;
2. Category of membership (management or labor) that the nominee is qualified to represent;

3. The nominee's resume or curriculum vitae, including prior membership on FACOSH and other relevant organizations, associations and committees;

4. A summary of the nominee's background, experience and qualifications that address the nominee's suitability to serve on FACOSH;

5. Articles or other documents the nominee has authored, if any, that indicate the nominee's knowledge, experience and expertise in occupational safety and health, particularly as it pertains to the federal workforce; and

6. A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in FACOSH meetings, and has no apparent conflicts of interest that would preclude membership on FACOSH.

**Member selection:** The Secretary appoints FACOSH members based upon criteria

that include the nominee's level of responsibility for occupational safety and health matters involving the federal workforce; experience and competence in occupational safety and health; and willingness and ability to regularly and fully participate in FACOSH meetings. Federal agency management nominees who serve as their agency's Designated Agency Safety and Health Official (DASHO), or have an equivalent level of responsibility within their respective federal agencies, are preferred as management members. Labor nominees who have responsibilities for federal employee occupational safety and health matters within their respective labor organizations are preferred as labor members.

Information received through the nomination process, along with other relevant sources of information, will assist the Secretary in making appointments to FACOSH. In selecting

FACOSH members, the Secretary will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals. OSHA will publish a list of the new FACOSH members in the **Federal Register**.

OSHA will consider any nomination submitted in response to this notice for the vacancies that occur on January 1, 2017. In addition, OSHA will consider the nominations for any vacancy that may occur during 2017, provided the information the nominee submitted continues to remain current and accurate. OSHA believes that "rolling over" nominations for future consideration will make it easier for interested individuals to submit nominations and be considered for membership on FACOSH. This process also will provide OSHA with a broad base of nominations for ensuring that FACOSH membership is fairly balanced, which the Federal Advisory Committee Act requires (5 U.S.C. App.2, Section (5)(b)(2); 41 CFR 102-3.30(c)). OSHA will continue to request nominations as vacancies occur, but nominees whose information is current and accurate will not need to resubmit a nomination.

**Public Participation, Submissions, and Access to Public Record**

**Instructions for submitting nominations:** Interested individuals may submit nominations and supplemental materials using one of the methods listed in the **ADDRESSES** section. All nominations, attachments and other materials must identify the agency name and the docket number for this **Federal Register** notice (Docket No. OSHA-2016-0002). You may supplement electronic nominations by uploading materials electronically. If, instead, you wish to submit hard copies of materials to supplement an electronic submission, you must submit them to the OSHA Docket Office (see **ADDRESSES** section). The additional material must clearly identify your electronic submission by name and docket number so that the materials can be attached to your nomination.

Because of security-related procedures, the use of regular mail may cause a significant delay in the receipt of nominations. For information about security procedures concerning the submission of materials by mail, hand, express delivery, messenger or courier service, please contact the OSHA Docket Office (see **ADDRESSES** section).

All submissions in response to this **Federal Register** notice are posted without change in the FACOSH docket and may be made available online at <http://www.regulations.gov>. Therefore,

OSHA cautions interested parties about submitting personal information, such as Social Security numbers and birthdates. All submissions, including copyrighted materials, are available at the OSHA Docket Office.
