

biosolids from the increased treatment capacity at the North City Water Reclamation Plant.

A new electrical transmission line is proposed, connecting the North City Water Reclamation Plant to the future cogeneration facility at the Metropolitan Biosolids Center to deliver power for North City Project components. The electrical transmission line would cross Marine Corps Air Station Miramar and will require approval by the United States Marine Corps.

Background

On average, eighty-five percent (85%) of the City's water supply is imported from the Colorado River and northern California. This reliance on imported water causes San Diego to be vulnerable to supply shortages and price increases.

With few local water supply options, the City has explored potable and non-potable reuse options of treated wastewater. In 2011, the City started operating a one million gallon per day (MGD) demonstration scale advanced water purification facility at the North City Water Reclamation Plant site and confirmed that the purified water complied with all federal and state drinking water standards.

Pure Water San Diego Program

The Pure Water Program will ultimately produce 83 MGD of locally-controlled water, recycling a valuable and limited resource that is currently discharged to the Pacific ocean. The program will be implemented in phases over a 20-year period, grouped by geographical area: North City, Central Area and South Bay.

The North City Project will produce 30 MGD of purified water and is scheduled to be operational in 2021. The Central Area and/or South Bay projects are scheduled to be completed by December 31, 2035 and will produce a combined total up to 53 MGD.

The Pure Water Program will make San Diego more water independent while providing increased protection of the ocean environment. The City made a commitment to begin implementing the Pure Water Program in their application to renew the Clean Water Act § 301(h) modified ocean discharge permit for the Point Loma Wastewater Treatment Plant (NPDES permit no. CA0107409).

Authority

Federal assistance is authorized by the Reclamation Wastewater and Groundwater Study and Facilities Act of 1992 (Title XVI of Pub. L. 102-575). Section 1612, San Diego Area Water Reclamation Program, directs the

Secretary of the Interior, in cooperation with the city of San Diego, to participate in the planning, design, and construction of demonstration and permanent facilities to reclaim and reuse water in the San Diego metropolitan service area. This authority is delegated to the Bureau of Reclamation. The Federal share of the costs of the facilities shall not exceed 25 per cent of the total. Federal Funds for the operation or maintenance of the project are not authorized.

Scoping Process

The City is filing a Notice of Preparation pursuant to the California Environmental Quality Act, and will hold two public scoping meetings. To avoid duplication with State and local procedures, we plan to use the scoping process initiated by the City. The Notice of Preparation, Notice of Scoping Meetings, and a proposed Scope of Work are available at <https://www.sandiego.gov/planning/programs/ceqa>.

The site proposed for the Advanced Water Purification Facility contains vernal pool habitat supporting endangered species. The City is preparing a Vernal Pool Habitat Conservation Plan to comply with the Endangered Species Act.

Pipeline alignments and/or drinking water service areas may include areas of low income and minority populations. Environmental justice issues are not anticipated, but will be evaluated. No known Indian Trust Assets are associated with the proposed action.

Written comments are requested to help identify alternatives and issues that should be analyzed. Federal, State and local agencies, tribes, and the general public are invited to participate in the environmental review process.

Notice of Proposed Information Collection; Request for Comments for 1029-0117

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSMRE) is announcing its intention to request renewed approval for the collection of information for Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information. The information collection request has been forwarded to the Office of Management and Budget (OMB) for review and approval. The information collection request describes the nature of the information collection and the expected burden and cost.

DATES: OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, the public should submit comments to OMB by September 6, 2016, in order to be assured of consideration.

ADDRESSES: Comments may be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, Department of the Interior Desk Officer, via email at OIRA_submission@omb.eop.gov, or by facsimile to (202) 395-5806. Also, please send a copy of your comments to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203—SIB, Washington, DC 20240, or electronically to jtrelease@osmre.gov. Please reference 1029-0117 in your correspondence.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease at (202) 208-2783, or electronically at jtrelease@osmre.gov. You may also review the information collection request online at <http://www.reginfo.gov>. Follow the instructions to review Department of the Interior collections under review by OMB.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork

Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. OSMRE has submitted a request to OMB to approve the collection of information for 30 CFR part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information. OSMRE is requesting a 3-year term of approval for this information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is displayed in 30 CFR 778.8 (1029–0117).

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on this collection of information was published on March 18, 2016 (81 FR 14888). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

Title: 30 CFR part 778—Permit Applications—Minimum Requirements for Legal, Financial, Compliance, and Related Information.
