BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER16-2364-000]

Algonquin SKIC 10 Solar, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Algonquin SKIC 10 Solar, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 23, 2016.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access

who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[Regional Docket Nos. V-2015-2, FRL-9950-53-Region 5]

Clean Air Act Operating Permit Program; Action on Petition for Objection to State Operating Permit for Waupaca Foundry Plant 1

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final Order on petition to object to Clean Air Act Title V operating permit.

SUMMARY: This document announces that the Environmental Protection Agency (EPA) Administrator has denied

a petition from Philip Nolan asking EPA to object to a Title V operating permit issued by the Wisconsin Department of Natural Resources (WDNR) to Waupaca Foundry Plant 1 (Waupaca). Sections 307(b) and 505(b)(2) of the Clean Air Act (Act) provide that a petitioner may ask for judicial review of those portions of the petition that EPA denies in the United States Court of Appeals for the appropriate circuit. Any petition for review shall be filed within 60 days from the date this notice appears in the **Federal Register**, pursuant to section 307 of the Act.

ADDRESSES: You may review copies of the final Order, the petition, and other supporting information at the EPA Region 5 Office, 77 West Jackson Boulevard, Chicago, Illinois 60604. If you wish to examine these documents, you should make an appointment at least 24 hours before the day you would like to visit. Additionally, the final Order for the Waupaca petition is available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT: Genevieve Damico, Chief, Air Permits Section, Air Programs Branch, Air and Radiation Division, EPA, Region 5, 77 West Jackson Boulevard AR-18J, Chicago, Illinois 60604, telephone (312) 353-4761.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review and object, as appropriate, to Title V operating permits proposed by state permitting authorities. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator within 60 days after the expiration of the EPA review period to object to a Title V operating permit if EPA has not done so. A petition must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise issues during the comment period, or the grounds for the issues arose after this period.

On July 1, 2015, EPA received a petition from Philip Nolan (Petitioner) requesting that EPA object to the Title V operating permit for Waupaca. The Petitioner alleged that the permit is not in compliance with the requirements of the Act. Specifically, the Petitioner alleged that: (1) The permit does not limit Hazardous Air Pollutant emissions to a concentration of 4.59 µg/m³, (2) the permit does not comply with Section 112 of the Act and the National Emission Standard for Hazardous Air Pollutants for the iron and steel foundry

industry, (3) the EPA should conduct a residual risk and technology review, (4) the permit limits are insufficient to protect public health, (5) the modeling procedures used to determine public health risk were not correct, and (6) additional emissions control technology should be used.

On July 14, 2016, the Administrator issued an Order denying the petition. The Order explains the reasons behind EPA's conclusion.

Dated: August 1, 2016.

Robert A. Kaplan,

Acting Regional Administrator, Region 5.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9950-56-Region 1]

Notice of Availability of Draft NPDES General Permits for Discharges From Potable Water Treatment Facilities in Massachusetts and New Hampshire: The Potable Water Treatment Facility General Permit

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability of draft NPDES general permits MAG640000 and NHG640000.

SUMMARY: The Director of the Office of Ecosystem Protection, U.S. Environmental Protection Agency—Region 1 (EPA), is providing a notice of availability of the draft National Pollutant Discharge Elimination System (NPDES) General Permits (GP) for discharges from potable water treatment facilities (PWTF) to certain waters of the Commonwealth of Massachusetts and the State of New Hampshire. The draft General Permits establish Notice of Intent (NOI) requirements, effluent limitations, standard and special conditions, prohibitions, and best management practices (BMPs) for sites with discharges from potable water treatment facilities. These General Permits replace the previous PWTF GP that expired on October 2, 2014.

DATES: Comments on the draft General Permits must be received on or before September 9, 2016.

ADDRESSES: Written comments on the draft General Permits may be mailed to U.S. EPA Region 1, Office of Ecosystem Protection, Attn: Glenda Velez, 5 Post Office Square, Suite 100, Mail Code: OEP06-1, Boston, Massachusetts 02109-3912, or sent via email to velez.glenda@epa.gov. No facsimiles (faxes) will be accepted.

The draft PWTF GP is based on an administrative record available for public review at EPA—Region 1, Office of Ecosystem Protection, 5 Post Office Square, Suite 100, Boston, Massachusetts 02109-3912. A reasonable fee may be charged for copying requests. The fact sheet for the draft PWTF GP sets forth principal facts and the significant factual, legal, methodological and policy questions considered in the development of the draft General Permit and is available upon request.

FOR FURTHER INFORMATION CONTACT:

Additional information concerning the draft General Permits may be obtained between the hours of 9 a.m. and 5 p.m. Monday through Friday, excluding holidays, from Glenda Velez, U.S. EPA Region 1, 5 Post Office Square, Suite 100, Mail Code OEP06-1, Boston, MA 02109-3912; telephone: 617-918-1677; email: velez.glenda@epa.gov.

SUPPLEMENTARY INFORMATION:

Public Comment Information:

Interested persons may submit written comments on the draft General Permits to the EPA-Region I at the address listed above. Within the comment period, interested persons may also request, in writing, that EPA hold a public hearing pursuant to 40 CFR 124.12, concerning the draft General Permits. Such requests shall state the nature of the issues proposed to be raised at the hearing. A public hearing may be held at least thirty days after public notice whenever the Regional Administrator finds that response to this notice indicates significant public interest. In reaching a final decision on this draft permit, the Regional Administrator will respond to all significant comments and make responses available to the public at EPA's Boston office. All comments and requests for public hearings must be postmarked or delivered by the close of the public comment period.

General Information: EPA is proposing to reissue two general permits for wastewater discharges from potable water treatment facilities in Massachusetts and New Hampshire, that are generally less than or equal to 1.0 million gallons per day (MGD) and that use one or more of the following treatment processes: Clarification, Coagulation, Media Filtration, Membrane filtration (not including reverse osmosis), and Disinfection. While the draft General Permits are two distinct permits, for convenience, EPA has grouped them together in a single document and has provided a single fact sheet. This document refers to the draft General "Permit" in the singular. The draft General Permit, fact sheet, and
