BILLING CODE 3411-15-P

DEPARTMENT OF COMMERCE

[Docket No. 160714611-6611-01]

Office of Administration; Commerce Alternative Personnel System

AGENCY: Office of Administration, Office of Human Resources Management, Department of Commerce.

ACTION: Notice.

SUMMARY: This notice announces modifications to the provisions of the Commerce Alternative Personnel System, formerly the Department of Commerce Personnel Management Demonstration Project, published in the **Federal Register** on December 24, 1997.

As published on January 2, 2015 (80 FR 25), the Commerce Alternative Personnel System implemented direct-hire authority, under section 3304(a)(3) of Title 5 of the United States Code, for recruitment of certain scientific and engineering positions in the ZP career path at the Pay Band IV and above. Direct-hire authority was authorized for positions located in the National Telecommunications and Information Administration (NTIA), employed under the First Responder Network Authority (FirstNet). The System was modified again, as published on June 22, 2016 (81 FR 40653), to increase the number of positions FirstNet could fill under direct-hire authority and to include certain occupational series in the ZP career path at the Pay Band III level and above.

This notice serves to make changes to the System to expand the use of direct-hire authority to the NTIA, Institute for Telecommunication Sciences (ITS), and authorizes ITS to fill certain ZP positions, on a limited basis, at the Pay Band III level and above. This notice also serves to announce the addition of the 1520—Mathematics occupational series to the Commerce Alternative Personnel System.

DATES: The amended Commerce Alternative Personnel System is effective August 17, 2016.

SUPPLEMENTARY INFORMATION:

1. Background

The Office of Personnel Management (OPM) approved the Department of Commerce (DoC) demonstration project for an alternative personnel management system and published the

approval of the final plan in the **Federal Register** on Wednesday, December 24, 1997 (62 FR 67434). The demonstration project was designed to simplify current classification systems allowing greater flexibility in classifying work and paying employees; establish a performance management and rewards system for improving individual and organizational performance; and improve recruiting and examining to attract highly-qualified candidates. The purpose of the project was to strengthen the contribution of human resources management and test whether the same innovations conducted under the National Institute of Standards and Technology alternative personnel management system would produce similarly successful results in other DoC environments. The project was implemented on March 29, 1998. The project plan has been modified ten times to clarify certain DoC Demonstration Project authorities, and to extend and expand the project: 64 FR 52810 (September 30, 1999); 68 FR 47948 (August 12, 2003); 68 FR 54505 (September 17, 2003); 70 FR 38732 (July 5, 2005); 71 FR 25615 (May 1, 2006); 71 FR 50950 (August 28, 2006); 74 FR 22728 (May 14, 2009); 80 FR 25 (January 2, 2015); 81 FR 20322 (April 7, 2016); 81 FR 40653 (June 22, 2016). With the passage of the Consolidated Appropriations Act, 2008, Public Law 110-161, on December 26, 2007, the project was made permanent (extended indefinitely) and renamed the Commerce Alternative Personnel System (CAPS).

CAPS provides for modifications to be made as experience is gained, results are analyzed, and conclusions are reached on how the system is working. This notice announces that the DoC implements ITS' use of direct-hire authority under 5 U.S.C. 3304(a)(3) to fill specific scientific and engineering positions announced through this notice in the ZP career path and adds the occupational series: 1520—Mathematics to the ZP career path. The DoC will follow the CAPS plan, as published in the **Federal Register** on December 24, 1997, and subsequent modifications as listed in the Background Section of this notice.

Kevin E. Mahoney,

Director for Human Resources Management and Chief Human Capital Officer.
