

result of the present User Fee Schedule does not maintain the current minimum level of support for the ongoing TSP program and requires adjustment to maintain the integrity and effectiveness of the program. A fee increase is necessary for the following reasons: (1) To maintain partial recovery of program costs, since fees have not been adjusted for nearly 20 years; (2) to compensate the Department more adequately for the significant labor involved in processing "revisions," which require substantially more work than "renewals"; (3) to bring the Department's fees more in line with, although significantly lower than, other similarly-missioned nationally recognized technical evaluation programs (such as the International Code Council Evaluation Service); and (4) to recognize the fact that TSP renewals are for a 3-year period, which is a longer duration than provided by other nationally recognized evaluation programs.

Accordingly, notice is hereby given that the Department is revising the fee schedule published in the notice of May 1, 1997 (62 FR 23783), as set forth below. Note that the Department is discontinuing issuance of State Letters of Acceptance (SLA) and Mechanical Engineering Bulletins (MEB). This modification reflects a change in Departmental procedures which authorized the Department's State Offices to issue SLAs; MEBs, which covers separate utility cores or nonstandard mechanical systems, *i.e.* modular utility cores, kitchens and baths, are no longer issued by HUD under the TSP program. This notice also clarifies that the revision and basic renewal fees apply to Structural Engineering Bulletins (SEBs) and Materials Releases (MRs).

The complete fee schedule, as revised, is as follows:

(i) Initial Applications

Structural Engineering Bulletins (SEBs)—\$6,000.

Materials Releases (MRs)—\$6,000.

Use of Materials Bulletins—
Administrator Review for Acceptance (ARAs)—\$4,400.

(ii) Revisions

Structural Engineering Bulletins (SEBs)—\$3,000.

Materials Releases (MRs)—\$3,000.

(iii) Basic Renewal Fee Without Revision

The following fee schedule, as revised, will be assessed every three years for renewal without change:

Structural Engineering Bulletins (SEBs)—\$1,200.

Materials Releases (MRs)—\$1,200.

Authority: Sections 7 (d) and (j), Department of Housing and Urban Development Act, 42 U.S.C. 3535 (d) and (j), and 24 CFR 200.934(c).

A. Overview of Information Collection

Title of Information Collection:
Family Report, MTW Family Report.
OMB Approval Number: 2577-0083.

Type of Request: Extension of currently approved collection.

Form Number: Form HUD 50058 Family Report, and HUD 50058 MTW Family Report.

Description of the need for the information and proposed use: The Office of Public and Indian Housing of the Department of Housing and Urban Development (HUD) provides funding to Public Housing Agencies (PHAs) to administer assisted housing programs. Form HUD-50058 MTW Family Reports solicit demographic, family profile, income and housing information on the entire nationwide population of tenants residing in assisted housing. The information collected through the Form HUD-50058 MTW will be used to monitor and evaluate the Office of Public and Indian Housing, Moving to Work (MTW) Demonstration program which includes Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificates and Vouchers, Section 8 Moderate Rehabilitation and Moving to Work (MTW) Demonstration programs.

Tenant data is collected to understand demographic, family profile, income, and housing information for participants in the Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificate, Section 8 Moderate Rehabilitation, and Moving to Work Demonstration programs. This data also allows HUD to

monitor the performance of programs and the performance of public housing agencies that administer the programs.

Reason for PRA

- MTW Agencies are providing housing assistance through a wide variety of interesting and creative programs that fall outside of sections 8 and 9 need to be able to report households served through these programs into PIC.¹

- The Moving to Work (MTW) PIC Module is currently unable to capture all of the households served through MTW activities because the HUD 50058 MTW Form in PIC does not have a code for reporting Local, Non-Traditional assisted families in the PIC system.

- Agencies have not been reporting these families into PIC and this makes it difficult to accurately account for the number of MTW families being served.

Background

- The MTW statute (1996 Appropriations Act, Section 204) states that an agency may combine its funding as provided under Sections 8 and 9 to provide housing assistance and services for low-income families. At the outset of the demonstration, a number of MTW agencies used this flexibility to design activities that went outside the bounds of the eligible activities of Sections 8 and 9 of the 1937 Act. Though the Standard MTW Agreement did not contain this flexibility, HUD committed

to MTW agencies during negotiations that any provision permitted under an agency's original MTW agreement that was legal could be retained under the Standard Agreement.

- On October 1, 2009, the U.S. Department of Housing and Urban Development issued a letter to MTW agencies regarding the availability of the broader uses of funds authority, under the Moving to Work (MTW) program. The letter provided a brief description of the required steps that must be completed in order for agencies to access this additional MTW authorization.

Revision to HUD 50058 MTW—PIC System Change

- Create a Local, Non-Traditional Assistance "LN" program code categorization in Section 1.C Form 50058—MTW to track households that are provided assistance through local, non-traditional MTW programs in addition to public housing, tenant-based and project-based assistance.

- Add Local, Non-Traditional Assistance to the heading of Section 2.1 of Form 50058—MTW to allow detailed reporting on this type of assistance.

Respondents (i.e. affected public): Public Housing Agencies, State and local governments, individuals and households.

Estimated Number of Respondents: 4,149.
