

is no basis to grant a domestic subsidy pass-through adjustment. *See* Preliminary Decision Memorandum.

Disclosure and Public Comment

We intend to disclose the calculations performed to interested parties in this proceeding within five days of the date of announcement of this preliminary determination in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs, rebuttal briefs, and hearing requests.¹⁶ For a schedule of the deadlines for filing case briefs, rebuttal briefs, and hearing requests, *see* the Preliminary Decision Memorandum at Section IX.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by Petitioners. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On July 11, 2016, pursuant to 19 CFR 351.210(b) and (e), Taian Modern requested that, contingent upon an affirmative preliminary determination of sales at LTFV, the Department postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹⁷

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, we will make our final determination no later than 120 days after the date of publication of this

preliminary determination, pursuant to section 735(a)(2) of the Act.¹⁸

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we will notify the ITC of our affirmative preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: August 16, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The products covered by the scope are certain biaxial integral geogrid products. Biaxial integral geogrid products are a polymer grid or mesh material (whether or not finished, slit, cut-to-length, attached to woven or non-woven fabric or sheet material, or packaged) in which four-sided openings in the form of squares, rectangles, rhomboids, diamonds, or other four-sided figures predominate. The products covered have integral strands that have been stretched to induce molecular orientation into the material (as evidenced by the strands being thinner in width toward the middle between the junctions than at the junctions themselves) constituting the sides of the openings and integral junctions where the strands intersect. The scope includes products in which four-sided figures predominate whether or not they also contain additional strands intersecting the four-sided figures and whether or not the inside corners of the four-sided figures are rounded off or not sharp angles. As used herein, the term “integral” refers to strands and junctions that are homogenous with each other. The products covered have a tensile strength of greater than 5 kilonewtons per meter (“kN/m”) according to American Society for Testing and Materials (“ASTM”) Standard Test Method D6637/D6637M in any direction and average overall flexural stiffness of more than 100,000 milligram-centimeter according to the ASTM D7748/D7748M Standard Test Method for Flexural Rigidity of Geogrids, Geotextiles and Related Products, or other equivalent test method standards.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise further processed in a third country, including by trimming, slitting, coating, cutting, punching holes, stretching, attaching to woven or non-woven fabric or sheet material, or any other finishing, packaging, or other further

processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the biaxial integral geogrid.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (“HTSUS”) under the following subheading: 3926.90.9995. Subject merchandise may also enter under subheadings 3920.20.0050 and 3925.90.0000. The HTSUS subheadings set forth above are provided for convenience and U.S. Customs purposes only. The written description of the scope is dispositive.

Xanthan Gum From the People’s Republic of China: Rescission of 2014–2015 Antidumping Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) finds that the sale made by Inner Mongolia Jianlong Biochemical Co., Ltd. (“IMJ”) is a non-*bona fide* sale. Therefore, we are rescinding this new shipper review (“NSR”).

DATES: Effective August 22, 2016.

Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0989.

SUPPLEMENTARY INFORMATION:

Background

The Department published its *Preliminary Results* in this NSR on March 22, 2016.¹ Subsequently, IMJ filed a case brief on May 15, 2016 and CP Kelco U.S. (Petitioner) filed a rebuttal brief on May 16, 2016.

Scope of the Order

The scope of the order covers dry xanthan gum, whether or not coated or blended with other products. Further, xanthan gum is included in this order regardless of physical form, including, but not limited to, solutions, slurries, dry powders of any particle size, or unground fiber. Merchandise covered by the scope of this order is classified in the Harmonized Tariff Schedule (“HTS”) of the United States at subheading 3913.90.20. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope is dispositive.²

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties are addressed in the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete

² For a complete description of the scope of the order, see the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, entitled “Issues and Decision Memorandum for the Final Results of the Antidumping Duty New Shipper Review of Xanthan Gum from the People’s Republic of China” issued concurrently with and hereby adopted by this notice (“*Issues and Decision Memorandum*”).

³ *Id.*

version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content. A list of the issues which parties raised is attached to this notice as an Appendix.

Rescission of New Shipper Review

For the reasons explained in the Issues and Decision Memorandum, the Department continues to find that IMJ’s one sale is a non-*bona fide* sale. Because the non-*bona fide* sale was the only reported sale of subject merchandise during the POR, and thus there are no reviewable transactions, the Department is rescinding this NSR.

Assessment

As the Department is rescinding this NSR, we have not calculated a company-specific dumping margin for IMJ. IMJ remains part of the PRC-wide entity and, accordingly, entries of its subject merchandise will be assessed at the PRC-wide rate.

Cash Deposit Requirements

Effective upon publication of this notice of final rescission of the NSR of IMJ, the Department will instruct U.S. Customs and Border Protection to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise from IMJ. IMJ continues to be part of the PRC-wide entity, and subject to the PRC-wide entity rate of 154.07 percent.⁴ These cash deposit requirements shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a reminder to parties subject to Administrative Protective Order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in these segments of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(2)(B) and 777(i) of the Tariff Act

⁴ See *Xanthan Gum From the People’s Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order*, 78 FR 43143 (July 19, 2013).

of 1930, as amended, and 19 CFR 351.214.

Dated: August 12, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

[A–570–016]

Certain Passenger Vehicle and Light Truck Tires From the People’s Republic of China: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 8, 2016, the Department of Commerce (the Department) published its notice of initiation and preliminary results of a changed circumstances review of the antidumping duty (AD) order on certain passenger vehicle and light truck tires (passenger tires) from the People’s Republic of China (PRC). In that notice, we preliminarily determined that Sailun Jinyu Group (HONG KONG) Co., Limited (Sailun Jinyu HK) is the successor-in-interest to Jinyu International Holding Co., Limited (Jinyu HK) for purposes of determining antidumping duty cash deposits and liabilities. No interested party submitted comments regarding the initiation and preliminary results. For these final results, the Department continues to find that Sailun Jinyu HK is the successor-in-interest to Jinyu HK.

DATES: Effective August 22, 2016.
