II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a NPRM with respect to this rule because the Coast Guard was not notified of the fireworks display until July 8, 2016. After full review of the details for the planned and locally advertised displays, the Coast Guard determined action is needed to protect people and property from the safety hazards associated with the fireworks display on the UMR near St. Louis, MO. It is impracticable to publish an NPRM because we must establish this safety zone by September 3, 2016.
