Information Collection Request Title: Evaluation of the *Second Decade Project* Community Planning Guide.

Abstract: The Office of the Assistant Secretary for Health (OASH) is requesting approval by Office of Management and Budget (OMB) on a new Information Collection Request.

OASH has a long history of collaborating with communities to improve adolescent health outcomes. To further help communities build an environment that promotes adolescent health, OASH recently developed Promoting Health and Healthy Development in the Second Decade of Life: A Planning Guide for Communities (“the Guide”). The purpose of the Guide is to provide an easy to follow tool that community leaders can use to 1) establish a community coalition with broad membership, and 2) develop a community plan for improving adolescent health and well-being that

includes multi-impact strategies. To understand whether and how community leaders are able to use the Guide to achieve these two goals, OASH needs information about the Guide’s utility and effectiveness. The Evaluation of the Second Decade Project Community Planning Guide (“the Evaluation”) is intended to support the goals of OASH’s Second Decade Project of helping community leaders incorporate the needs of children, adolescents and young adults in community growth and development plans, and to improve outcomes of young adults and adolescents. Five communities will participate in the piloting and evaluation of the Guide. The Evaluation will provide OASH with critical information regarding the components of the Guide that community leaders found most useful and effective in accomplishing their goals of improving adolescent health and wellbeing; the compilation and inclusiveness of the coalitions implementing the Guide; and the demographic and environmental context of these communities. While secondary data will be collected from sources such as the U.S. Census Bureau American Community Survey and Youth Risk Behavior and National Health Interview Surveys, these sources do not provide nuanced information needed by OASH to understand the contexts in which the Guide is most effective.

Likely Respondents—Qualitative data will be collected through semi-structured telephone interviews and through focus groups. Telephone interviews will be conducted with community leaders (Community Leader Interview) in the five pilot sites to explore how the use of the Guide supported key leaders in their development of a diverse coalition and educating the community about issues facing adolescents. Focus groups will be conducted with coalition members (Coalition Member Focus Groups) from the five pilot sites to assess how the Guide facilitated the work of the coalition to develop a comprehensive community plan that addresses critically important adolescent health issues.

Quantitative data will be collected through Web-based surveys with coalition members from the five communities and with secondary stakeholders—specifically, adolescent health experts and state/local health department officials—selected by OASH. The Coalition Assessment Survey will assess coalition members’ perspectives on the usefulness and ease of implementing the Guide. The Secondary Stakeholder Survey will engage Adolescent Health researchers and practitioners to garner additional feedback and assessment of the Guide.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form Name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Community Leader Interview (CLI)	50	1	1	50
Coalition Member Focus Group (CFG)	80	1	1	80
Coalition Assessment Survey (CAS)	250	1	.25	63
Secondary Stakeholder Survey (SSS)	50	1	.5	25
Total	430	218

BILLING CODE 4150-28-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier: HHS-OS-0937-0025-30D]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3507(a)(1)(D) of the Paperwork

Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, has submitted an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB) for review and approval. The ICR is for renewal of the approved information collection assigned OMB control number 0937-0025, scheduled to expire on November 30, 2016. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public on this ICR during the review and approval period.

DATES: Comments on the ICR must be received on or before September 22, 2016.

ADDRESSES: Submit your comments to *OIRA_submission@omb.eop.gov* or via facsimile to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, *Information.CollectionClearance@hhs.gov* or (202) 690-6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the OMB control number 0937-0025.

Information Collection Request Title: The Commissioned Corps of the U.S. Public Health Service Application.

Abstract: The principal purpose for collecting the information is to permit HHS to determine eligibility for appointment of applicants into the Commissioned Corps of the U.S. Public

Health Service (Corps). The Corps is one of the seven Uniformed Services of the United States (37 U.S.C. 101(3)), and appointments in the Corps are made pursuant to 42 U.S.C. 204 *et seq.* and 42 CFR 21.58. The application consists of forms PHS-50, PHS-1813, and the Commissioned Corps Personal Statement.

Likely Respondents: Candidates/ Applicants to the Commissioned Corps.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Prequalification Questionnaire	6,000	1	15/60	1,500
PHS-50	1,000	1	1.0	1,000
Form PHS-1813	4,000	1	15/60	1,000
Addendum: Commissioned Corps Personal Statement	1,000	1	45/60	750
Total	4,250

Information Collection Request Title: Federal Evaluation of Making Proud Choices! (MPC!).

Abstract: The Office of Adolescent Health (OAH), U.S. Department of Health and Human Services (HHS) is requesting approval by OMB for a new data collection. The Federal Evaluation of Making Proud Choices! (MPC!) will provide information about program design, implementation, and impacts through a rigorous assessment of a highly popular teen pregnancy prevention curriculum—MPC; it includes the baseline survey instrument related to the impact study and instruments for the implementation and

fidelity assessment. The evaluation will be conducted in 39 schools nationwide. The data collected from these instruments will be used to describe the characteristics of the study sample of youth, be used in the models for estimating program impacts, and will provide a detailed understanding of program implementation.

Need and Proposed Use of the Information: The baseline survey data will be used to describe the study sample and to assess whether random assignment successfully generated treatment and control groups balanced on important baseline characteristics. The findings from these analyses of program impacts and implementation will be of interest to the general public, to policymakers, and to schools and other organizations interested in supporting a comprehensive approach to teen pregnancy prevention. *Likely Respondents:* The baseline survey will be collected through a Web based survey with study participants in the participating evaluation schools. Study participants will primarily be in 8th or 9th grade at the time of the baseline survey, and will be enrolled in the schools' mandatory health class.

Burden Statement: The total annual burden hours estimated for this ICR are summarized in the table below.
