ENVIRONMENTAL PROTECTION AGENCY

[FRL-9951-39-Region 10]

Issuance of National Pollutant Discharge Elimination System (NPDES) General Permit (GP) for Idaho Drinking Water Treatment Facilities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: The Director, Office of Water and Watersheds, Environmental Protection Agency (EPA) is publishing notice of availability of the final NPDES GP (IDG380000) to drinking water treatment facilities in Idaho. The GP authorizes discharges of treated wastewater from water treatment filtration processes and their delivery systems to waters of the United States within the State of Idaho. On April 25, 2016, EPA proposed the GP and there

was a 30 day comment period. During the comment period, EPA received comments on the draft permit but no changes to the permit were necessary based on the comments received.

DATES: The issuance date of the GP is the date of publication of this notice. The GP will be effective on November 1, 2016.

ADDRESSES: The GP, Fact Sheet and Response to Comments may be found on the Region 10 Web site at <https://yosemite.epa.gov/r10/water.nsf/NPDES+Permits/Current+ID1319>.

Copies of the GP and Response to Comments are available upon request. Written requests for copies of the documents may be submitted to EPA, Region 10, 1200 Sixth Avenue, Suite 900, OWW-191, Seattle, WA 98101.

Electronic requests may be emailed to: washington.audrey@epa.gov or shum.kai@epa.gov.

FOR FURTHER INFORMATION CONTACT: Kai Shum at (206) 553-0060, shum.kai@epa.gov.

SUPPLEMENTARY INFORMATION: EPA requested final certification under the Clean Water Act § 401 from the State of Idaho and Tribal governments. EPA received certification from the Idaho Department of Environmental Quality in a letter dated July 28, 2016, that the subject discharges comply with the

applicable provisions of Sections 301, 302, 303, 306 and 307 of the Clean Water Act, the Idaho Water Quality Standards (WQS) (IDAPA 58.01.02), and other appropriate water quality requirements of state law.

Executive Order 12866: The Office of Management and Budget has exempted this action from the review requirements of Executive Order 12866 pursuant to Section 6 of that order.

Regulatory Flexibility Act: Under the Regulatory Flexibility Act (RFA), 5 U.S.C. 601 *et seq.*, a Federal agency must prepare an initial regulatory flexibility analysis "for any proposed rule" for which the agency "is required by section 553 of the Administrative Procedure Act (APA), or any other law, to publish general notice of proposed rulemaking." The RFA exempts from this requirement any rule that the issuing agency certifies "will not, if promulgated, have a significant economic impact on a substantial number of small entities." EPA has concluded that NPDES general permits are permits, not rulemakings, under the APA and thus not subject to APA rulemaking requirements or the RFA. Notwithstanding that general permits are not subject to the RFA, EPA has determined that these general permits, as issued, will not have a significant

economic impact on a substantial number of small entities.

Dated: August 16, 2016.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), certain Federal agencies must obtain approval from OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) (and 5 CFR 1320.3(c) of the PRA implementing regulations) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA (44 U.S.C. 3506(c)(2)(A)) directs these Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the FDIC is publishing this notice of a revision to the following currently-approved collection of information:

Title: Joint Standards for Assessing Diversity Policies and Practices.

OMB Number: 3064-0200.

Affected Public: Insured financial institutions supervised by the FDIC.

Annual Number of Respondents: 398.

Frequency of Response: Annual.

Average Response Time per

Respondent: 8 hours.

Estimated Total Annual Buren Hours: 3,184 hours.

General Description: This voluntary information collection applies to entities regulated by the FDIC for purposes of assessing their diversity policies and practices as described in the final Interagency Policy Statement Establishing Joint Standards for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies.¹ This revision to the previously approved collection adds a form entitled *Diversity Self-Assessment Template for Entities Regulated by the FDIC* intended to facilitate responders' self-assessment process. The FDIC estimates that the use of the template will result in a reduction in the average response time per respondent from 12 hours to 8 hours with a corresponding reduction in the estimated total annual burden hours for this collection of information from 4,778 hours to 3,184 hours. The *Diversity Self-Assessment Template for Entities Regulated by the FDIC* can be viewed at www.fdic.gov/about/diversity/dsa_template.docx. This revision to the previously approved collection of information: (1) Asks for general information about a respondent; (2) includes a checklist of the standards

set forth in the Policy Statement; (3) seeks additional diversity data; and (4) provides an opportunity for a respondent to give other information regarding or comment on the self-assessment of its diversity policies and practices.

The FDIC may use the information submitted by the entities it regulates to monitor progress and trends in the financial services industry with regard to diversity and inclusion in employment and contracting activities and to identify and highlight those policies and practices that have been successful. The FDIC will continue to reach out to the regulated entities and other interested parties to discuss diversity and inclusion in the financial services industry and share leading practices. The FDIC may also publish information disclosed by the entity, such as any identified leading practices, in any form that does not identify a particular institution or individual or disclose confidential business information.

Request for Comments: Comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the collections of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC, this 19th day of August 2016.

Federal Deposit Insurance Corporation.

Robert E. Feldman,

Executive Secretary.
