For more information about the Committee visit: <http://trade.gov/td/services/oscpb/supplychain/acsc/>.

Matters To Be Considered: Committee members are expected to deliberate and vote on the ACSCC Freight Policy and Movement Subcommittee's recommendations in response to the Secretary's request for information on the maritime container cargo data elements that U.S. shippers, supply chains, and other seaport users and stakeholders need to be able to have and to share in advance of vessel arrival in the United States in order to:

- Improve coordination, cooperation, and information-sharing among U.S. supply chains and port stakeholders;
- improve supply chain and cargo logistics, planning, and management;
- ensure the availability of sufficient container movement equipment and workforce; and
- improve the efficiency and flow of cargo and trade throughout U.S. supply chains.

The Committee will also discuss how these elements could be used in possible technology solutions that would facilitate element sharing among cargo owners, seaports, and supply chain stakeholders.

The Office of Supply Chain, Professional & Business Services will post the draft recommendations and the

final agenda on the Committee Web site at least one week prior to the meeting. Please provide any comments on the draft recommendations to Richard Boll, Office of Supply Chain, Professional & Business Services, International Trade Administration. Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to BlueCrest Alaska Operating LLC Drilling Activities at Cosmopolitan State Unit, Alaska, 2016

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; withdrawal of an Incidental Harassment Authorization (IHA) application.

SUMMARY: Notice is hereby given that BlueCrest Alaska Operating, LLC (BlueCrest) has withdrawn its application for an IHA to take marine mammals, by harassment, incidental to conducting an oil and gas production drilling program in lower Cook Inlet, AK, on State of Alaska Oil and Gas Lease 384403 under the program name of Cosmopolitan State during the 2016 open water season. Accordingly, NMFS has withdrawn its related proposed IHA.

ADDRESSES: An electronic copy of the application, proposed IHA **Federal Register** notice, NMFS' Draft Programmatic Environmental Assessment (EA) for activities in Cook Inlet, and a list of the references used in this document may be obtained online at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. Documents cited in this notice may also be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Dale Youngkin, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION: On September 28, 2015 NMFS received an IHA application from BlueCrest for the taking of marine mammals incidental to an oil and gas production drilling program in lower Cook Inlet, AK, during the 2016 open water season. NMFS determined that the application was adequate and complete on April 12, 2016. The requested IHA would authorize take, by Level B harassment only, of nine marine mammal species as a result from the specified activity. NMFS published a notice of the proposed IHA in the **Federal Register** (81 FR 35548) on June 2, 2016. On July 21, 2016, NMFS accepted notice from BlueCrest withdrawing their IHA application for the proposed action due to their decision to forego operations in Cook Inlet at this time due to economic reasons. Therefore, NMFS has withdrawn its proposed IHA for the action.
