### Notice of Lodging of Proposed First Partial Remedial Design/Remedial Action (RD/RA) Consent Decree Under Cercla

On August 9, 2016, the Department of Justice lodged a proposed First Partial Remedial Design/Remedial Action (RD/RA) Consent Decree ("Consent Decree") with the United States District Court for the District of New Mexico, in the lawsuit entitled *United States and State of New Mexico, et al. v. Chevron Mining Inc.*, Civil Action No. 1:16-cv-00904.

The United States, on behalf of the U.S. Environmental Protection Agency,

together with the State of New Mexico, filed this lawsuit under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA") against Chevron Mining Inc. ("CMI"). The Defendant, CMI, is the owner and operator of the Chevron Questa Mine Superfund Site ("Site"), an inactive Molybdenum mine, located in Taos County, New Mexico. The complaint requests recovery of costs that the United States incurred responding to releases of hazardous substances at the Site. Under the proposed settlement, CMI agrees to pay \$5,269,949 in past costs, to perform certain aspects of the remedial action selected by EPA for the Site, which are estimated to cost over \$143 million, and to pay EPA's future costs associated with oversight of that work. Other aspects of the remedy will proceed at a later date. In return, the United States agrees not to sue CMI under sections 106 and 107 of CERCLA or under section 7003 of the Resource Conservation and Recovery Act for the work that CMI has agreed to perform.

The prior notice of lodging of this Consent Decree, published on August 15, 2016, stated that the Department of Justice would receive comments concerning the settlement for thirty days or until September 14, 2016. Having received a request for an extension of the initial public comment period, the United States is extending the comment period for an additional thirty (30) days, or until October 14, 2016.
