

above. All comments received will be considered before the Secretary of the Interior makes any recommendation for withdrawal to Congress.

Notice is hereby given that public meetings addressing the withdrawal applications will be held jointly with the DON's public meetings associated with NEPA evaluation of the proposed withdrawals. Public meetings will be held at the following locations:

- Fallon Convention Center, Fallon, NV, October 3, 2016, 3–7 p.m.;
- Pershing County Community Center, Lovelock, NV, October 4, 2016, 11 a.m.–1 p.m.;
- Evelyn Mount NE Community Center, Reno, NV, October 4, 2016, 5–7 p.m.;
- Emma Nevada Town Hall, Austin, NV, October 5, 2016, 5–7 p.m.;
- Eureka Elementary School, Eureka, NV, October 6, 2016, 5–7 p.m.;
- Hawthorne Convention Center, Hawthorne, NV, October 7, 2016, 11 a.m.–1 p.m.;
- Gabbs School Gymnasium Gabbs, NV, October 7, 2016, 5–7 p.m.

The DON will be the lead agency for evaluation of the proposed withdrawal extension and expansion pursuant to NEPA and other applicable environmental and cultural resources authorities, and will be publishing its own scoping and other notices.

Comments, including names and street addresses of respondents, will be available for public review at the DON and BLM addresses noted above, during regular business hours Monday through Friday, except Federal holidays. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Subject to valid existing rights, the Federal lands that are the subject of the DON application for expansion of the withdrawal and reservation for DON use at Fallon, and that are described in this Notice, will be segregated from all forms of appropriation under the public land laws, including the mining laws, the mineral leasing laws, and the geothermal leasing laws. The segregation will continue for a period until [two years from date of publication in **Federal Register**], unless the applications/proposal are denied or canceled or the withdrawal is approved

prior to that date. In addition, subject to valid existing rights, 68,804 acres of land in the DVTA, described in this Notice, will be segregated from operation of the mineral leasing laws for the same two year period, unless the applications/proposal are denied or canceled or the withdrawal is approved within that period. Licenses, permits, cooperative agreements, or discretionary land use authorizations may be allowed during the period of segregation, but only with the approval of the authorized officer and, as appropriate, with the concurrence of DON.

The applications for withdrawal and reservation will be processed in accordance with the regulations at 43 CFR part 2300.

Authority: 43 U.S.C. 1714(b)(1) and 43 CFR 2300.

John F. Ruhs,
State Director, Nevada.

National Park Service

**[NPS–IMR–GRTE–21184;
PX.PD202594I.00.1]**

Moose-Wilson Corridor Comprehensive Management Plan, Final Environmental Impact Statement, Grand Teton National Park, Wyoming

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: The National Park Service announces the availability of the Final Environmental Impact Statement (FEIS) for the Moose-Wilson Corridor Comprehensive Management Plan, Grand Teton National Park, Wyoming. The FEIS analyzes four alternatives for future management of the corridor. Alternative C has been identified as the NPS preferred alternative.

DATES: The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

ADDRESSES: The FEIS is available to the public online at <http://parkplanning.nps.gov/MooseWilson>, and at the Grand Teton National Park Headquarters Building, 1 Teton Park Road, Moose, Wyoming, and at the Reference Desk of the Teton County Library, 125 Virginian Lane, Jackson, Wyoming.

FOR FURTHER INFORMATION CONTACT: David Vela, Superintendent, Grand Teton National Park, P.O. Drawer 170, Moose, Wyoming 83012–0170, (307) 739–3411, GRTE_Superintendent@nps.gov, or Daniel Noon, Chief of Planning and Environmental Compliance, P.O. Drawer 170, Moose, Wyoming 83012–0170, (307) 739–3465, Daniel_Noon@nps.gov

SUPPLEMENTARY INFORMATION: In recent years, the Moose-Wilson corridor in Grand Teton National Park has experienced changes in ecological conditions, development patterns, and use by visitors and local residents. As a result, the National Park Service is conducting a comprehensive planning and environmental impact process to determine how best to protect park resources and values while providing appropriate opportunities for visitor use, experience, and enjoyment of the corridor. The final plan: (1) Identifies management strategies to address natural and cultural resource protection; (2) identifies management strategies to address visitor safety concerns and conflicts with wildlife; (3) addresses vehicle/bicycle management related to road use, trailhead parking areas and pullouts; (4) identifies management strategies related to the operation of facilities within the corridor; (5) considers if a multi-use pathway should be provided along Moose-Wilson Road; and (6) examines specific road realignment and paving options for the Moose-Wilson and Death Canyon Roads.

Four management alternatives, Alternatives A through D, are analyzed in the FEIS. Alternative A, the no-action alternative, would continue current management practices related to resources, visitor use, park operations, and maintenance of facilities within the Moose-Wilson corridor. Alternatives B through D address increases in traffic and volume-related congestion on the Moose-Wilson Road during peak use periods by either restricting its use as a through-travel route or limiting the number of vehicles entering the corridor at any one time.

Alternative B emphasizes managing the corridor as a visitor destination. Reduced crowding on Moose-Wilson Road and at destinations within the corridor would provide visitors an opportunity for self-discovery. This would be accomplished by restricting through-traffic in either direction during peak use periods through the management of a gate system on Moose-Wilson Road within the Laurance S. Rockefeller Preserve. Existing developed areas and facilities would be maintained where appropriate and removed or

relocated in some areas to protect natural and cultural resources.

Alternative C, the NPS preferred alternative, emphasizes the conservation legacy stories within the corridor. The intensity and timing of visitor use would be managed to effectively provide high quality visitor opportunities by reducing high traffic volumes and congestion. This would be accomplished using time sequencing techniques and the establishment of vehicle queuing lanes on the north and south ends of the corridor during peak visitation periods. Development within the corridor would generally be maintained within the existing development footprint.

Alternative D would enhance recreational opportunities with additional amenities, including the construction of a separated multi-use pathway parallel to Moose-Wilson Road. This alternative would integrate the Moose-Wilson corridor with the region's larger recreational network, and would enhance the recreational scenic driving experience by reducing high traffic volumes and congestion by establishing a reservation system during peak use periods.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: The authority for publishing this notice is contained in 40 CFR 1506.6.

Dated: July 13, 2016.

Sue E. Masica,

Regional Director, Intermountain Region, National Park Service.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting comments on the significance

of properties nominated before August 6, 2016, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted by September 19, 2016.

ADDRESSES: Comments may be sent via U.S. Postal Service to the National Register of Historic Places, National Park Service, 1849 C St. NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St. NW., 8th floor, Washington, DC 20005; or by fax, 202-371-6447.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before August 6, 2016. Pursuant to section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
