### Final Environmental Impact Statement Non-Federal Oil and Gas Regulations

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of availability, Final Environmental Impact Statement.

**SUMMARY:** The National Park Service (NPS) announces the availability of the Final Environmental Impact Statement (FEIS) for the Nonfederal Oil and Gas Regulations (36 CFR part 9, subpart B) Revisions.

**DATES:** September 7, 2016.

**ADDRESSES:** Copies of the FEIS will be available for public review at <http://parkplanning.nps.gov/FEIS9B>. A limited number of hard copies will be available upon request.

**FOR FURTHER INFORMATION CONTACT:**

David Steensen, Chief, Geologic Resource Division, National Park Service, P.O. Box 25287, Denver, CO 80225; phone (303) 969-2014. The responsible official for this FEIS is the Associate Director, Natural Resource Stewardship and Science, 1849 C Street NW., Washington, DC 20240.

**SUPPLEMENTARY INFORMATION:** Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the FEIS evaluates the impacts of three alternatives, including the following alternative elements:

- Elimination of two regulatory provisions that exempt 60% of the oil and gas operations in System units. All operators in System units would be required to comply with the 9B regulations.
- Elimination of the financial assurance (bonding) cap. Financial assurance would be equal to the reasonable estimated cost of site reclamation.
- Improving enforcement authority by incorporating existing NPS penalty provisions. Law enforcement staff would have authority to write citations for noncompliance with the regulations.
- Authorizing compensation to the federal government for new access on federal lands and waters outside the boundary of an operator's mineral right.
- Reformatting the regulations to make it easier to identify an operator's

information requirements and operating standards that apply to each type of operation.

Dated: August 30, 2016.
