DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act and the Oil Pollution Act

On July 20, 2016, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Western District of Michigan in the lawsuit entitled *United States v. Enbridge Energy, Limited Partnership, et al.*, Civil Action No. 1:16-cv-914. The United States published a notice advising the public of an opportunity to submit public comments on the proposed settlement during a 30-day period. 81 FR 142 (July 25, 2016). During the public comment period, several commenters requested extension of the comment period. The United States is extending the comment period through October 21, 2016 to allow time for interested persons to submit additional or supplemental comments on the proposed Consent Decree.

The Complaint in this action asserts claims against Enbridge Energy, Limited Partnership and eight related Enbridge entities ("Enbridge") arising from two separate oil transmission pipeline failures that resulted in discharges of oil to waters of the United States and adjoining shorelines. One of these pipeline failures occurred on July 25, 2010 near Marshall, Michigan on a pipeline known as Line 6B, and resulted in discharges of oil to Talmadge Creek, a large stretch the Kalamazoo River, and adjoining shorelines. The other pipeline failure occurred on or about September 9, 2010 in Romeoville, Illinois on a pipeline known as Line 6A, and resulted in discharges of oil primarily to an unnamed tributary to the Des Plaines River, a retention pond, and adjoining shorelines. The proposed Complaint seeks injunctive relief and civil penalties under Sections 309 and 311 of the Clean Water Act, as amended, 33 U.S.C. 1319 and 1321, for both the Marshall, Michigan and the Romeoville, Illinois oil spills. In addition, under Section 1002 of the Oil Pollution Act, as amended, 33 U.S.C. 2702, the Complaint seeks to recover from Defendants all unreimbursed removal costs incurred and to be incurred by the United States

in connection with the Marshall, Michigan oil spill.

Under the proposed Consent Decree, Enbridge will pay a civil penalty of \$61 million for the Marshall, Michigan oil spill, and an additional \$1 million for the Romeoville, Illinois oil spill. In addition, Enbridge will pay over \$5.4 million in unreimbursed federal removal costs that the Oil Spill Liability Trust Fund ("Fund") paid in connection with the Marshall, Michigan oil spill through October 1, 2015, and Enbridge will pay all additional removal costs consistent with the National Contingency Plan that are paid by the Fund after October 1, 2015 in connection with the Marshall, Michigan oil spill. Prior to the Consent Decree, the United States billed Enbridge for additional federal removal costs incurred in connection with both the Marshall, Michigan oil spill and the Romeoville, Illinois oil spill, and Enbridge paid all amounts billed for that spill. Finally, the proposed Consent Decree includes an extensive program of injunctive relief, including a series of measures designed to (1) reduce the potential for future pipeline failures that could result in unlawful discharges from Enbridge's Lakehead System pipelines, (2) improve leak detection capabilities and Enbridge's response to situations that could indicate potential pipeline failures, and (3) improve Enbridge's emergency response and preparedness capabilities to better address any future spills that might occur.

The publication of this notice extends the period for public comment on the proposed Consent Decree through October 21, 2016. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Enbridge Energy, Limited Partnership, et al.*, D.J. Ref. No. 90-5-1-1-10099. All comments must be submitted no later than October 21, 2016. Comments may be submitted either by email or by mail:

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Special Employment Under the Fair Labor Standards Act (FLSA) information collection. FLSA special employment provisions relate to restrictions on industrial homework and to the use of special certificates that allow for the employment of categories of workers who may be paid less than the statutory minimum wage to the extent necessary to prevent curtailment of their employment opportunities. This information collection has been classified as a revision, because of changes to Forms WH–226 and WH–226A that relate to the authorization to pay subminimum wages to workers with disabilities. The changes will allow the WHD more effectively and efficiently to fulfill its statutory directive to oversee and enforce the FLSA section 14(c) certificate program, including the new conditions introduced to section 14(c) certificate holders pursuant to the Workforce Innovation and Opportunity Act. FLSA sections 11 and 14 authorize this information collection. *See* 29 U.S.C. 211, 214.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1235–0001. The current approval is scheduled to expire on May 31, 2017; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 6, 2015 (80 FR 47004).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1235–0001. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
