

- Upon initial application by the third party conformity assessment body for acceptance by CPSC;

- Whenever there is a change to accreditation or ownership information; and
- At least every 2 years as part of a regular audit process.

Burden Estimates

The CPSC estimates the burden of the collection of information in CPSC Form 223 is as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Activity	Number of respondents	Frequency of responses	Total annual responses	Hours per response	Total hours
Initial Registration	40	1	40	1	40
Re-Registration	243	1	243	1	243
Changes in Information	2	1	2	0.25	0.5
Total					283.5

These estimates are based on the following information:

- From March 23, 2015 to March 23, 2016, 39 new third party conformity assessment bodies have registered with the CPSC; 36 registered during the previous 12 months. Therefore, we estimate the number of third party conformity assessment bodies who would register initially each year for the next 3 years would be 40.

- Under 16 CFR part 1112, third party conformity assessment bodies are required to resubmit CPSC Form 223 every 2 years. Because all third party conformity assessment bodies have not submitted their first CPSC Form 223s at the same time, only about half would be expected to resubmit a CPSC Form 223 in any one year. As of March 2016, 487 third party conformity assessment bodies have registered with CPSC. Approximately half (243) of these firms would be required to re-register with CPSC each year.

- Under 16 CFR part 1112, third party conformity assessment bodies are required to ensure that the information submitted on CPSC Form 223 is current and must submit a new CPSC Form 223 whenever the information changes. Based on current experience with third party conformity assessment bodies, we estimate that two third party conformity assessment bodies will make revisions per year to update their information. A change in information is a change that does not require review of laboratory accreditation documents, such as scope or test methods. Examples of revised information include changes in the Web site URL, name of the laboratory, and name of point of contact.

The total burden, therefore, is 283.5 hours, which we will round up to 284 hours. We estimate that hourly compensation for the time required for recordkeeping is \$32.82 per hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," Table 9, total compensation for sales,

office, and related workers in goods-producing industries, December 2015: <http://www.bls.gov/ncs>). The total cost burden to the respondents is approximately \$9,321 (\$32.82 × 284 hours = \$9,321.88).

We received one comment on the announcement of the agency's intention to seek extension of approval of this collection of information. The comment is out of scope because it addresses collecting and tracking safety information about children's products. The commenter asserts that without some type of registration or monitoring device in place, proper problem identification will continue to be an issue. That is not the purpose of Form 223. Form 223, which is the subject of this PRA renewal request, addresses the application process for third party conformity assessment bodies that desire to be accepted by the CPSC for third party testing.

Dated: September 7, 2016.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Intent To Grant an Exclusive License; Kapalya, Inc.

AGENCY: National Security Agency, DoD.

ACTION: Notice.

SUMMARY: The National Security Agency hereby gives notice of its intent to grant Kapalya, Inc. a revocable, non-assignable, exclusive, license to practice the following Government-Owned invention as described and claimed in United States Patent Number (USPN), 7,827,408, "Device and method of authenticated cryptography."

DATES: Anyone wishing to object to the grant of this license has until September 27, 2016 to file written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

ADDRESSES: Written objections are to be filed with the National Security Agency Technology Transfer Program, 9800 Savage Road, Suite 6843, Fort George G. Meade, MD 20755-6843.

FOR FURTHER INFORMATION CONTACT:

Linda L. Burger, Director, Technology Transfer Program, 9800 Savage Road, Suite 6843, Fort George G. Meade, MD 20755-6843, telephone (443) 634-3518.

SUPPLEMENTARY INFORMATION: The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The patent rights in these inventions have been assigned to the United States Government as represented by the National Security Agency.

Dated: September 6, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
