

ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

II. Data

Title: Regulation B (“Equal Credit Opportunity Act,” 12 CFR part 1002); Regulation E (“Electronic Fund Transfers,” 12 CFR part 1005); Regulation M (“Consumer Leasing,” 12 CFR part 1013); and Regulation CC (“Availability of Funds and Collection of Checks,” 12 CFR part 229).

OMB Number: 3133–0103.

Type of Review: Reinstatement with change of a previously approved collection.

Description: The third party disclosure and recordkeeping requirements in this collection are required by statute and regulation. The regulations prescribe certain aspects of the credit application and notification process, making certain disclosures, uniform methods for computing the costs of credit, disclosing credit terms and cost, resolving errors on certain types of credit accounts, and timing requirements and disclosures relating to the availability of deposited funds.

Respondents: Federal credit unions for Regulations B and M. Federal credit unions and any credit union member who chooses to exercise opt-in rights for Regulation E. Federally-insured credit unions for Regulation CC.

Estimated No. of Respondents: Regulation B, 3,811 federal credit unions. Regulation E, 2,938 federal credit unions and 24,700,000 credit union members who opt-in. Regulation M, 35 federal credit unions. Regulation CC, 4,957 federally-insured credit unions.

Frequency of Response: Annually for most credit unions. Once for credit union members choosing to opt-in.

Estimated Burden Hours per Response: Estimated burden hours per response range from 0.01 to 20 depending upon the information collection activity.

Estimated Total Annual Burden Hours: Regulation B, 484,351. Regulation E, 2,254,319. Regulation M, 2,625. Regulation CC, 504,610.

Reason for Change: The NCUA is consolidating the disclosure and recordkeeping requirement contained under Regulations B, E, M, and CC under a single information collection. Information collection requirements previously cleared under OMB control numbers 3133–0104 and 3133–0105 will be consolidated under 3133–0103.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on September 7, 2016.

Dated: September 7, 2016.

Dawn D. Wolfgang,

NCUA PRA Clearance Officer.

NUCLEAR REGULATORY COMMISSION

[EA–16–022; NRC–2016–0191]

In the Matter of All Power Reactor Licensees Owned and Operated by First Energy Nuclear Operating Company; and First Energy Corp

AGENCY: Nuclear Regulatory Commission.

ACTION: Confirmatory order; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) issued a confirmatory order (Order) to First Energy Nuclear Operating Company (the licensee), confirming the agreement reached in an Alternative Dispute Resolution mediation session held on

July 21, 2016. This Order will ensure the licensee restores compliance with NRC regulations.

DATES: The Order was issued on September 1, 2016.

ADDRESSES: Please refer to Docket ID NRC–2016–0191 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2016–0191. Address questions about NRC dockets to Carol Gallagher; telephone: 301–415–3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced.

- *NRC’s PDR:* You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Kenneth Lambert, Region III, U.S. Nuclear Regulatory Commission, Lisle, Illinois 60532; telephone: 630–810–4376, email: Kenneth.Lambert@nrc.gov.

SUPPLEMENTARY INFORMATION: The text of the Order is attached.

Dated at Lisle, Illinois, this 7th day of September, 2016.

For the Nuclear Regulatory Commission.

Darrell J. Roberts,

Deputy Regional Administrator, Region III.

**UNITED STATES OF AMERICA
NUCLEAR REGULATORY
COMMISSION**

**In the Matter of All Power Reactor
Licensees Owned and Operated by First
Energy Nuclear Operating Company;
and First Energy Corp**

Docket Nos. (Attachment 1)

License Nos. (Attachment 1)

EA-16-022

Confirmatory Order Modifying License

I

First Energy Nuclear Operating Company (FENOC), is the holder of Reactor Operating License No. NPF-3 issued by the U.S. Nuclear Regulatory Commission (NRC or Commission) pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50 on April 22, 1977. The license authorizes the operation of the Davis-Besse Nuclear Power Station (Davis-Besse) in accordance with conditions specified therein. The facility is located on FENOC's site in Oak Harbor, Ohio.

This Confirmatory Order is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on July 21, 2016.

II

On February 9, 2015, the NRC Office of Investigations (OI), Region III Field Office, initiated an investigation to determine whether a licensed reactor operator at Davis-Besse deliberately failed to comply with a condition of his license and to report a change in a medical condition. The NRC completed its investigation on January 29, 2016.

Based on the evidence gathered in the OI investigation, a licensed reactor operator deliberately provided false information to the facility licensee. This inaccurate information was used by the facility licensee to complete NRC 396 forms that were submitted to the NRC. Specifically, the operator signed forms validating the accuracy of the list of prescription medication he was taking when he knew the list was inaccurate. The information in the document, which was material to the NRC because it provided the basis for the operator's medical qualification, was submitted to the NRC by the facility licensee causing a violation of 10 CFR 50.9(a).

FENOC accepted the NRC's offer of Alternative Dispute Resolution (ADR) to resolve the dispute with the NRC over the results of the investigation and the

apparent violation. ADR is a process in which a neutral mediator with no decision-making authority assists the parties in reaching an agreement to resolve differing views on the dispute. On July 21, 2016, FENOC and the NRC met in an ADR session mediated by a professional mediator, arranged through Cornell University's Institute on Conflict Resolution.

Prior to the NRC's offer to engage in ADR, FENOC had already taken several corrective actions, including (but not limited to):

1. Took performance management actions with the individual licensed operator;
2. Provided required reading to all licensed operators at Davis-Besse on requirements for maintaining medical qualifications and reporting changes in medical conditions;
3. Reinforced expectations and requirements for medical reporting and completeness and accuracy of information with Davis-Besse and FENOC management through routine Operations Leadership meetings, and Operations and Regulatory Compliance Peer Team calls;
4. Verified through an Independent Operator Survey the effectiveness of communications to licensed operators regarding the requirements for medical reporting and completeness and accuracy of information; and
5. Completed a review of corrective action program documents to identify potential trends in medical reporting.

III

During the ADR session held on July 21, 2016, a preliminary settlement agreement was reached. This Confirmatory Order is issued pursuant to the agreement reached during the ADR process. The elements of the agreement, as signed by both parties, consisted of the following:

1. To reinforce knowledge of and compliance with requirements for medical qualifications and completeness and accuracy of reported information, FENOC will take the following actions related to licensed operator requalification training at Davis-Besse:
 - a. Within 60 days of the effective date of the Confirmatory Order, Davis-Besse operations management will complete discussions with each licensed operator regarding the facts and lessons learned from the event that gave rise to the Confirmatory Order.
 - b. No later than December 31, 2016, FENOC will revise operator requalification training materials to incorporate facts and lessons learned

from the event that gave rise to the Confirmatory Order.

2. To reinforce knowledge of and compliance with requirements for ensuring the completeness and accuracy of reported information across the fleet, FENOC will take the following actions:

- a. No later than December 31, 2016, appropriate FENOC management will communicate expectations and requirements for complete and accurate medical reporting to operations and security personnel subject to those requirements;

- b. No later than December 31, 2017, FENOC will revise and administer fleetwide plant access training. The revised training shall address the provisions of 10 CFR 50.9 and incorporate facts and lessons learned from the event that gave rise to the Confirmatory Order.

3. Upon completion of actions taken under items 1 and 2 to strengthen communications and training, but in no event later than two years from the effective date of the Confirmatory Order, FENOC shall complete an effectiveness review of those actions.

4. No later than December 31, 2016, FENOC will revise existing fleet procedures governing the update of licensed operators' medical reports. The revised procedure will state that the licensed medical physician may request that the operator submit prescription purchase records or receipts, if the physician deems appropriate.

5. To ensure dissemination of the facts and lessons learned across the nuclear industry, FENOC will take the following actions:

- a. Within 30 days of the Agreement in Principle, FENOC will make a presentation at the Nuclear Medical Resources Professionals User Group to engage industry personnel from across the entirety of the United States on the facts and lessons learned from the event that gave rise to the Confirmatory Order.

- b. No later than December 31, 2016, FENOC shall submit an article to a widespread trade publication based on the facts and lessons learned from the event that gave rise to the Confirmatory Order. FENOC shall provide to the Director, Division of Reactor Safety, NRC Region III, a draft of the article 30 days prior to the submittal.

6. To ensure communication of actions completed and to enable NRC inspection, FENOC will make the following notifications to the Director, Division of Reactor Safety, NRC Region III:

- a. No later than March 1, 2017, FENOC will provide written notification of the completion of actions taken under items 1a., 1b., 2a., 4, 5a., and 5b.

b. No later than December 31, 2018, FENOC will provide written notification of the completion of actions taken under items 2b. and 3.

In exchange for the commitments and corrective actions taken by FENOC, the NRC agrees to the following conditions:

1. The NRC will not issue a violation and agrees not to pursue any further enforcement action in connection with the NRC's May 17, 2016 letter to FENOC.

2. The NRC will consider the Confirmatory Order as an escalated enforcement action for a period of one year from its effective date.

This agreement is binding upon the successors and assigns of FENOC.

On August 29, 2016, FENOC consented to issuing this Confirmatory Order with the commitments, as described in Section V below. FENOC further agreed that this Confirmatory Order is to be effective 30 calendar days after issuance of the Confirmatory Order and that it has waived its right to a hearing.

IV

Since FENOC agreed to take additional actions to address NRC concerns, as set forth in Section III above, the NRC concluded that its concerns can be resolved through issuance of this Confirmatory Order.

I find that FENOC's commitments as set forth in Section V are acceptable and necessary and conclude that with these commitments the public health and safety are reasonably assured. In view of the foregoing, I have determined that public health and safety require that FENOC's commitments be confirmed by this Order. Based on the above and FENOC's consent, this Confirmatory Order is effective 30 calendar days after issuance.

V

Accordingly, pursuant to Sections 104b, 161b, 161i, 161o, 182, and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202, 10 CFR part 50, IT IS HEREBY ORDERED THAT THE ACTIONS DESCRIBED BELOW WILL BE TAKEN AT DAVIS-BESSE NUCLEAR POWER STATION AND OTHER NUCLEAR PLANTS IN FENOC'S FLEET WHERE INDICATED AND THAT LICENSE NO. NPF-3 IS MODIFIED AS FOLLOWS WITH RESPECT TO THE ACTIONS TO BE TAKEN AT THE DAVIS-BESSE NUCLEAR POWER STATION:

1. Within 60 days of the effective date of the Confirmatory Order, Davis-Besse operations management will complete discussions with each licensed operator

regarding the facts and lessons learned from the event that gave rise to the Confirmatory Order.

2. No later than December 31, 2016, FENOC will revise operator requalification training materials to incorporate facts and lessons learned from the event that gave rise to the Confirmatory Order.

3. No later than December 31, 2016, appropriate FENOC management will communicate expectations and requirements for complete and accurate medical reporting to operations and security personnel subject to those requirements.

4. No later than December 31, 2017, FENOC will revise and administer fleetwide plant access training. The revised training shall address the provisions of 10 CFR 50.9 and incorporate facts and lessons learned from the event that gave rise to the Confirmatory Order.

5. Upon completion of actions taken under items 1, 2, 3, and 4, but in no event later than two years from the effective date of the Confirmatory Order, FENOC shall complete an effectiveness review of those actions.

6. No later than December 31, 2016, FENOC will revise existing fleet procedures governing the update of licensed operators' medical reports. The revised procedure will state that the licensed medical physician may request that the operator submit prescription purchase records or receipts, if the physician deems appropriate.

7. Within 30 days of the Agreement in Principle, FENOC will make a presentation at the Nuclear Medical Resources Professionals User Group to engage industry personnel from across the entirety of the United States on the facts and lessons learned from the event that gave rise to the Confirmatory Order.

8. No later than December 31, 2016, FENOC shall submit an article to a widespread trade publication based on the facts and lessons learned from the event that gave rise to the Confirmatory Order. FENOC shall provide to the Director, Division of Reactor Safety, NRC Region III, a draft of the article 30 days prior to the submittal.

9. No later than March 1, 2017, FENOC will provide written notification to the Director, Division of Reactor Safety, NRC Region III of the completion of actions taken under items 1, 2, 3, 6, 7, and 8.

10. No later than December 31, 2018, FENOC will provide written notification to the Director, Division of Reactor Safety, NRC Region III of the completion of actions taken under items 4 and 5.

The Regional Administrator, Region III, may, in writing, relax or rescind any

of the above conditions upon demonstration by FENOC of good cause.

VI

Any person adversely affected by this Confirmatory Order, other than FENOC, may request a hearing within 30 days of the issuance date of this Confirmatory Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be directed to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, and include a statement of good cause for the extension.

All documents filed in NRC adjudicatory proceedings, including a request for hearing, a petition for leave to intervene, any motion or other document filed in the proceeding prior to the submission of a request for hearing or petition to intervene, and documents filed by interested governmental entities participating under 10 CFR 2.315(c), must be filed in accordance with the NRC's E-Filing rule (72 FR 49139; August 28, 2007), as amended by 77 FR 46562; August 3, 2012 (codified in pertinent part at 10 CFR part 2, subpart C). The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek an exemption in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least ten (10) days prior to the filing deadline, the participant should contact the Office of the Secretary by email at hearing.docket@nrc.gov, or by telephone at 301-415-1677, to (1) request a digital (ID) certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a request or petition for hearing (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. System requirements for accessing the E-Submittal server are

detailed in NRC's "Guidance for Electronic Submission," which is available on the agency's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. Participants may attempt to use other software not listed on the Web site, but should note that the NRC's E-Filing system does not support unlisted software, and the NRC Meta System Help Desk will not be able to offer assistance in using unlisted software.

If a participant is electronically submitting a document to the NRC in accordance with the E-Filing rule, the participant must file the document using the NRC's online, Web-based submission form. In order to serve documents through the Electronic Information Exchange (EIE), users will be required to install a Web browser plug-in from the NRC Web site. Further information on the Web-based submission form, including the installation of the Web browser plug-in, is available on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>.

Once a participant has obtained a digital ID certificate and a docket has been created, the participant can then submit a request for hearing or petition for leave to intervene through the EIE. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the documents are submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time (ET) on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an email notice confirming receipt of the document. The E-Filing system also distributes an email notice that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, any others who wish to participate in the proceeding (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through

the "Contact Us" link located on the NRC's Web site at <http://www.nrc.gov/site-help/e-submittals.html>, by email at MSHD.Resource@nrc.gov, or by a toll-free call at (866) 672-7640. The NRC Meta System Help Desk is available between 8:00 a.m. and 8:00 p.m., ET, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is available to the public at <http://ehd1.nrc.gov/ehd/>, unless excluded pursuant to an order of the Commission or the presiding officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, participants are requested not to include copyrighted materials in their submission, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application.

If a person other than the licensee requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected

by this Confirmatory Order and shall address the criteria set forth in 10 CFR 2.309(d) and (f).

If a hearing is requested by a person whose interest is adversely affected, the Commission will issue a separate Order designating the time and place of any hearings, as appropriate. If a hearing is held, the issue to be considered at such hearing shall be whether this Confirmatory Order should be sustained.

In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section V above shall be final 30 days after issuance of the Confirmatory Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section V shall be final when the extension expires if a hearing request has not been received.

Dated at Lisle, Illinois this 1st day of September 2016.

For the Nuclear Regulatory Commission,
Darrell J. Roberts acting for,
Cynthia D. Pederson,
Regional Administrator.
