#### SUPPLEMENTARY INFORMATION:

*Background:* Economic prosperity is increasingly tied to the digital economy, which is a key driver of competitiveness, business expansion, and innovation. Indeed, virtually every modern company relies on the Internet to grow and thrive. As a result, the Department of Commerce (Department) has made technology and Internet policy a top priority, investing resources to address challenges and opportunities businesses face in a global economy.

Last year, the Secretary of Commerce unveiled the Department's Digital Economy Agenda, which will help businesses and consumers realize the potential of the digital economy to advance growth and opportunity. The Agenda focuses on four key objectives: Promoting a free and open Internet worldwide; promoting trust online;

ensuring access for workers, families, and companies; and promoting innovation. To support the Agenda, the Secretary directed NTIA to create the Digital Economy Board of Advisors as a mechanism for receiving regular advice from leaders in industry, academia, and civil society. See Committee Charter at [https://www.ntia.doc.gov/files/ntia/publications/deba\\_charter\\_12222015.pdf](https://www.ntia.doc.gov/files/ntia/publications/deba_charter_12222015.pdf).

The Digital Economy Board of Advisors convened its first meeting on May 16, 2016, to determine preliminary priorities and work streams. The meeting on September 30, 2016, will be the second full meeting of the Board.

The Board's mission is to provide advice to the Department on increasing domestic prosperity, improving education, and facilitating participation in political and cultural life through the application and expansion of digital technologies. The Board's advice focuses on ensuring the Internet continues to thrive as an engine of growth, innovation, and free expression. The Department will use the advice provided by the Board to inform its decision-making processes and to advance Administration goals.

NTIA will post a detailed agenda on its Web site, <https://www.ntia.doc.gov/category/digital-economy-board-advisors>, prior to the meeting. To the extent that the meeting time and agenda permit, any member of the public may speak to or otherwise address the Board regarding the agenda items during the meeting.
