FMCSA notes that section 4129 of the Safe, Accountable, Flexible and Efficient Transportation Equity Act: A Legacy for Users requires the Secretary to revise its diabetes exemption program established on September 3, 2003 (68 FR 52441).¹ The revision must provide for individual assessment of drivers with diabetes mellitus, and be consistent with the criteria described in section 4018 of the Transportation Equity Act for the 21st Century (49 U.S.C. 31305).

Section 4129 requires: (1) Elimination of the requirement for 3 years of experience operating CMVs while being treated with insulin; and (2) establishment of a specified minimum period of insulin use to demonstrate stable control of diabetes before being allowed to operate a CMV.

In response to section 4129, FMCSA made immediate revisions to the diabetes exemption program established by the September 3, 2003 notice. FMCSA discontinued use of the 3-year driving experience and fulfilled the requirements of section 4129 while continuing to ensure that operation of CMVs by drivers with ITDM will achieve the requisite level of safety required of all exemptions granted under 49 U.S.C. 31136 (e).

Section 4129(d) also directed FMCSA to ensure that drivers of CMVs with ITDM are not held to a higher standard than other drivers, with the exception of limited operating, monitoring and medical requirements that are deemed medically necessary.

The FMCSA concluded that all of the operating, monitoring and medical requirements set out in the September 3, 2003 notice, except as modified, were in compliance with section 4129(d). Therefore, all of the requirements set out in the September 3, 2003 notice, except as modified by the notice in the **Federal Register** on November 8, 2005 (70 FR 67777), remain in effect.

IV. Submitting Comments

You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

¹ Section 4129(a) refers to the 2003 notice as a "final rule." However, the 2003 notice did not issue a "final rule" but did establish the procedures and standards for issuing exemptions for drivers with ITDM.

To submit your comment online, go to <http://www.regulations.gov> and in the search box insert the docket number FMCSA–2016–0220 and click the search button. When the new screen appears, click on the blue "Comment Now!" button on the right hand side of the page. On the new page, enter information required including the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

We will consider all comments and material received during the comment period. FMCSA may issue a final determination at any time after the close of the comment period.

V. Viewing Comments and Documents

To view comments, as well as any documents mentioned in this preamble, go to <http://www.regulations.gov> and in the search box insert the docket number FMCSA–2016–0220 and click "Search." Next, click "Open Docket Folder" and you will find all documents and comments related to this notice.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA–2016–0007]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on extension of a currently approved collection of information.

SUMMARY: The Department of Transportation (DOT) invites public comments about our intention to request the Office of Management and Budget (OMB) renewed approval for an existing collection of information for brake fluid labeling in 49 CFR 571.116, "Motor Vehicle Brake Fluids." Under procedures established by the

Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This existing collection involves labeling requirements for manufacturers and packagers of brake fluids, as well as packagers of hydraulic system mineral oils. The information to be collected will be used to and/or is necessary to insure the following: The contents of the container are clearly stated; these fluids are used for their intended purpose only; and, the containers are properly disposed of when empty. The **Federal Register** notice with a 60-day comment period was published on March 2, 2016 (81 FR 10952).

DATES: Comments must be received on or before October 19, 2016.

ADDRESSES: Comments must refer to the docket number cited at the beginning of this notice, and may be submitted by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail:* Docket Management Facility, M–30, U.S. Department of Transportation, West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.

- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m. Eastern Time, Monday through Friday, except Federal Holidays. Telephone: 1–800–647–2251.

Instructions: All submissions must include the docket number for this document. Please identify the collection of information for which a comment is provided by referencing the OMB Control Number, 2127–0521. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78) or you may visit <http://DocketsInfo.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Mr. Patrick Hallan, (202) 366–9146, NHTSA, U.S. Department of Transportation, 1200

New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (3) How to enhance the quality, utility, and clarity of the information to be collected;
- (4) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA published a notice on March 2, 2016, in the **Federal Register** providing a 60-day comment period, and we received no public comments on the renewal of this information collection (81 FR 10952). Today's notice provides a 30-day comment period in which public comments on the renewal of this information collection may be submitted to OMB.

NHTSA asks for public comments on the following collection of information:

Title: Labeling of Motor Vehicle Brake Fluid Containers in 49 CFR 571.116.

OMB Control Number: 2127-0521.

Form Numbers: This collection of information uses no standard form.

Type of Request: Extension of a currently approved collection of information.

Summary of the Collection of Information: In 49 CFR 571.116, (Federal Motor Vehicle Safety Standard No. 116, "Motor Vehicle Brake Fluid") there are performance and design requirements for motor vehicle brake fluids and hydraulic system mineral

oils. In Section 5.2.2 of the standard, there are also labeling requirements for manufacturers and packagers of brake fluids, as well as packagers of hydraulic system mineral oils.

Description of the Need for the Information and the Use of the Information: Properties of these fluids and their use necessitate the package labeling information specified in this standard. The information on the label of a container of motor vehicle brake fluid or hydraulic system mineral oil is necessary to insure: The contents of the container are clearly stated; these fluids are used for their intended purpose only; and the containers are properly disposed of when empty. Without this labeling requirement, there could be improper use or storage of these brake fluids, which would have dire safety consequences for the operators of vehicles or equipment in which they are used.

Description of the Likely Respondents (Including Estimated Number and Proposed Frequency of Response to the Collection of Information): We estimate that the collection of information affects 200 respondents annually, which are manufacturers and packagers of brake fluids and hydraulic mineral oils.

Estimate of the Total Annual Reporting and Recordkeeping Burden Resulting from the Collection of Information: The estimated annual burden is as follows:

Estimated Number of Respondents: 200.

Estimated Number of Responses (labels): 70,000,000.

Estimated Total Annual Burden: 7,000 hours.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.95.

Issued on: September 8, 2016.

Lori K. Summers,

Acting Associate Administrator for Rulemaking, National Highway Traffic Safety Administration.
