**SUPPLEMENTARY INFORMATION:**

**I. What information is EPA particularly interested in?**

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

**II. What Information collection activity or ICR does this action apply to?**

*Title:* Requirements for Certified Applicators Using 1080 Collars for Livestock Protection.

*ICR number:* EPA ICR No. 1249.11.

*OMB control number:* OMB Control No. 2070-0074.

*ICR status:* This ICR is currently scheduled to expire on May 31, 2017. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

*Abstract:* The information in this ICR enables the agency to obtain information needed to track the use of registered Livestock Protection Collar products which contain solutions of Sodium Monofluoroacetate (Compound 1080). The mandatory record-keeping requirements for these Compound 1080 collars were imposed by an administrative judge in October 1982 and confirmed by the agency in 1983. It ensures the proper use and function of the 1080 collar products, and demonstrates there is no threat of unreasonable harm to non-target animals or people.

*Burden statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response for certified applicators and 77 hours per response for reporting agencies. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

*Respondents/Affected Entities:* Entities potentially affected by this ICR are certified pesticide applicators that apply or hold inventory of 1080 collars, and the reporting agencies (state government, NAICS 999200) responsible for implementing and administering a 1080 collar monitoring program.

*Estimated total number of potential respondents:* 33.

*Frequency of response:* Annual.

*Estimated total average number of responses for each respondent:* 1 per year.

*Estimated total annual burden hours:* 1,431 hours.

*Estimated total annual costs:* \$64,213. This includes an estimated burden cost of \$64,213 and an estimated cost of \$0

for capital investment or maintenance and operational costs.

**III. Are there changes in the estimates from the last approval?**

There is a decrease of 513 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects voluntary cancellation of the 1080 Livestock Protection Collar registration formerly held by the South Dakota Department of Agriculture and the removal of estimated burden associated with submission of annual Livestock Protection Collar production reports erroneously included in the previous renewal of this ICR. This resulted in a corresponding decrease in the associated burden. This change is an adjustment.

**IV. What is the next step in the process for this ICR?**

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0010.

*Form Number:* FCC Form 2100, Schedule 323 (formerly FCC Form 323).

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business or other for-profit entities; not-for-profit institutions; State, Local, or Tribal Governments.

*Number of Respondents:* 4,340 respondents; 4,340 responses.

*Estimated Time per Response:* 1.5 to 2.5 hours.

*Frequency of Response:* On occasion reporting requirement; biennial reporting requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152(a), 154(i), 257, 303(r), 307, 309, and 310.

*Total Annual Burden:* 9,620 hours.

*Total Annual Cost:* \$10,093,220.

*Privacy Impact Assessment:* The Commission is drafting a Privacy Impact Assessment (PIA) for the personally identifiable information (PII) that is covered by the system of records notice (SORN), FCC/MB-1, Ownership Report for Commercial Broadcast Stations. Upon completion of the PIA, it will be posted on the FCC's Web site, as required by the Office of Management and Budget (OMB) Memorandum, M-03-22 (September 22, 2003).

*Nature and Extent of Confidentiality:* FCC Form 2100, Schedule 323 (formerly FCC Form 323) collects two types of information from respondents: PII in the form of names, addresses, job titles and demographic information; and FCC Registration Numbers (FRNs).

The FCC/MB-1 SORN, which was approved on December 21, 2009 (74 FR 59978), covers the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on Form 2100, Schedule 323, as required under the Privacy Act of 1974, as amended (5 U.S.C. 552a). The Commission is drafting a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the Commission has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 currently

requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic Commission Registration System (CORES) then provides each registrant with a CORES FRN, which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. The Commission maintains a SORN, FCC/OMB-9, Commission Registration System (CORES), to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on Form 160. Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

The Commission is revising Form 160 to enable applicants to obtain a Restricted Use FRN, which may be used on Form 2100, Schedule 323 to identify an individual reported as an attributable interest holder. The revised Form 160 will require applicants for Restricted Use FRNs to provide an alternative set of identifying information that does not include the individual's full SSN: His/her full name, residential address, date of birth, and only the last four digits of his/her SSN. Restricted Use FRNs may be used in lieu of CORES FRNs only on broadcast ownership reports and only for individuals (not entities) reported as attributable interest holders. The Commission is revising FCC/OMB-9 SORN to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on the revised Form 160.

*Needs and Uses:* On January 20, 2016, the Commission released a Report and Order, Second Report and Order, and Order on Reconsideration in MB Docket Nos. 07-294, 10-103, and MD Docket No. 10-234 (Second Report and Order). The Second Report and Order refines the collection of data reported on FCC Form 323, Ownership Report for Commercial Broadcast Stations, and FCC Form 323-E, Ownership Report for Noncommercial Broadcast Stations. Specifically, the Second Report and Order implements a Restricted Use FRN (RUFN) within the Commission's Registration System (CORES) that individuals may use solely for the purpose of broadcast ownership report filings; eliminates the availability of the Special Use FRN (SUFN) for broadcast station ownership reports, except in very limited circumstances; prescribes revisions to Form 323-E that conform the reporting requirements for noncommercial educational (NCE)

broadcast stations more closely to those for commercial stations; and makes a number of significant changes to the Commission's reporting requirements that reduce the filing burdens on broadcasters, streamline the process, and improve data quality. These enhancements will enable the Commission to obtain data reflecting a more useful, accurate, and thorough assessment of minority and female broadcast station ownership in the United States while reducing certain filing burdens.

Licensees of commercial AM, FM, and full power television broadcast stations, as well as licensees of Class A and Low Power Television stations, must file FCC Form 2100, Schedule 323 (formerly FCC Form 323) every two years. Biennial Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed. Form 2100, Schedule 323 shall be filed by December 1 in all odd-numbered years.

In addition, Licensees and Permittees of commercial AM, FM, and full power television stations must file Form 2100, Schedule 323 following the consummation of a transfer of control or an assignment of a commercial AM, FM, or full power television station license or construction permit; a Permittee of a new commercial AM, FM, or full power television station must file Form 2100, Schedule 323 within 30 days after the grant of the construction permit; and a Permittee of a new commercial AM, FM, or full power television broadcast station must file Form 2100, Schedule 323 to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate Form 2100, Schedule 323 must be filed for each entity in the organizational structure that has an attributable interest in the Licensee or Permittee.

*OMB Control Number:* 3060-0084.

*Title:* Ownership Report for Noncommercial Educational Broadcast Stations, FCC Form 2100, Schedule 323-E (formerly FCC Form 323-E); Section 73.3615, Ownership Reports.

*Form Number:* FCC Form 2100, Schedule 323-E (formerly FCC Form 323-E).

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Not-for-profit institutions.

*Number of Respondents:* 2,636 respondents; 2,636 responses.

*Estimated Time per Response:* 1 to 1.5 hours.

*Frequency of Response:* On occasion reporting requirement; biennial reporting requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152(a), 154(i), 257, 303(r), 307, 308, 309, and 310.

*Total Annual Burden:* 3,867 hours.

*Total Annual Cost:* \$2,319,900.

*Privacy Impact Assessment:* The Commission is drafting a Privacy Impact Assessment (PIA) for the personally identifiable information (PII) that is covered by the system of records notice (SORN), FCC/MB-1, Ownership Report for Commercial Broadcast Stations. The Commission is also revising the FCC/MB-1 SORN to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 2100, Schedule 323-E. The PIA will address the PII that is covered by the FCC/MB-1 SORN, as revised. Upon completion of the PIA, it will be posted on the FCC's Web site, as required by the Office of Management and Budget (OMB) Memorandum, M-03-22 (September 22, 2003).

*Nature and Extent of Confidentiality:* FCC Form 2100, Schedule 323-E (formerly FCC Form 323-E) collects two types of information from respondents: PII in the form of names, addresses, job titles and demographic information; and FCC Registration Numbers (FRNs).

The Commission is revising the FCC/MB-1 SORN to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 2100, Schedule 323-E, as required under the Privacy Act of 1974, as amended (5 U.S.C. 552a). The Commission is also drafting a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 currently requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic Commission Registration System (CORES) then provides each registrant with a CORES FRN, which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy. The Commission

maintains a SORN, FCC/OMD-9, Commission Registration System (CORES), to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 160. FCC Form 160 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the FCC has in place to protect the PII.

The Commission is revising Form 160 to enable applicants to obtain a Restricted Use FRN, which may be used on Form 2100, Schedule 323-E to identify an individual reported as an attributable interest holder. The revised Form 160 will require applicants for Restricted Use FRNs to provide an alternative set of identifying information that does not include the individual's full SSN: His/her full name, residential address, date of birth, and only the last four digits of his/her SSN. Restricted Use FRNs may be used in lieu of CORES FRNs only on broadcast ownership reports and only for individuals (not entities) reported as attributable interest holders. The Commission is revising the FCC/OMD-9 SORN to cover the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on the revised Form 160.

*Needs and Uses:* On January 20, 2016, the Commission released a Report and Order, Second Report and Order, and Order on Reconsideration in MB Docket Nos. 07-294, 10-103, and MD Docket No. 10-234 (323/CORES Order and Reconsideration Order). The 323/CORES Order and Reconsideration Order refines the collection of data reported on FCC Form 323, Ownership Report for Commercial Broadcast Stations, and FCC Form 323-E, Ownership Report for Noncommercial Broadcast Stations. Specifically, the 323/CORES Order and Reconsideration Order implements a Restricted Use FRN (RUFN) within the Commission's Registration System (CORES) that individuals may use solely for the purpose of broadcast ownership report filings. In light of the Commission's adoption of the RUFN requirement, the 323/CORES Order and Reconsideration Order eliminates the availability of the Special Use FRN (SUFN) for broadcast station ownership reports, except in very limited circumstances. The 323/CORES Order and Reconsideration Order also prescribes revisions to Form 323-E that conform to the reporting requirements for noncommercial educational broadcast stations more closely to those for commercial stations, including information about the race,

gender, and ethnicity of existing, reportable interest holders; the use of a unique identifier; and the biennial filing requirement. In addition, the 323/CORES Order and Reconsideration Order makes a number of significant changes to the Commission's reporting requirements that reduce the filing burdens on broadcasters, streamline the process, and improve data quality. These enhancements will enable the Commission to obtain data reflecting a more useful, accurate, and thorough assessment of minority and female broadcast station ownership in the United States while reducing certain filing burdens.

Licensees of noncommercial educational AM, FM, and television broadcast stations must file FCC Form 2100, Schedule 323-E (formerly FCC Form 323-E) every two years. Pursuant to the new filing procedures adopted in the 323/CORES Order and Reconsideration Order, Form 2100, Schedule 323-E shall be filed by December 1 in all odd-numbered years. Biennial Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed.

In addition, Licensees and Permittees of noncommercial educational AM, FM, and television stations must file Form 2100, Schedule 323-E following the consummation of a transfer of control or an assignment of a noncommercial educational AM, FM, or television station license or construction permit; a Permittee of a new noncommercial educational AM, FM, or television station must file Form 2100, Schedule 323-E within 30 days after the grant of the construction permit; and a Permittee of a new noncommercial educational AM, FM, or television station must file Form 2100, Schedule 323-E to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate Form 2100, Schedule 323-E must be filed for each entity in the organizational structure that has an attributable interest in the Licensee or Permittee.
