

listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive order 13132.

Also, this rule does not have tribal implications under Executive order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or

more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a safety zone for filming from a low flying helicopter on the Main Branch of the Chicago River in Chicago, IL. It is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T09-0883 to read as follows:

§ 165.T09-0883 Safety Zone; Main Branch of the Chicago River, Chicago, IL.

(a) *Location.* All waters of the Main Branch of the Chicago River between the Franklin-Orleans Street Highway Bridge and the Michigan Avenue Highway Bridge.

(b) *Enforcement Period.* This rule will be enforced intermittently on October 1, 2016 from 6 p.m. to 11 p.m. or an alternate date of October 2, 2016 from 6 p.m. to 11 p.m.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or a designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Lake Michigan or a designated on-scene representative.

(3) The "on-scene representative" of the Captain of the Port Lake Michigan is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port Lake Michigan to act on his or her behalf.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Lake Michigan or an on-scene representative to obtain permission to do so. The Captain of the Port Lake Michigan or an on-scene representative may be contacted via VHF Channel 16. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port Lake Michigan, or an on-scene representative.

Dated: September 21, 2016.

A.B. Cocanour,

Captain, U.S. Coast Guard, Captain of the Port, Lake Michigan.

[FR Doc. 2016-23318 Filed 9-27-16; 8:45 am]

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2014-0221; FRL-9951-54-Region 6]

Approval and Promulgation of Implementation Plans; Oklahoma; Revisions to Major New Source Review Permitting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving severable portions of revisions to the Oklahoma New Source Review (NSR) State Implementation Plan (SIP) submitted by the State of Oklahoma on June 24, 2010; July 16, 2010; December 27, 2010; February 6, 2012; and January 18, 2013. These revisions update the Prevention of Significant Deterioration (PSD) and Nonattainment NSR (NNSR) permit programs to be consistent with federal permitting requirements and make general updates to the Oklahoma SIP to support major NSR permitting. We are taking this final action under section 110, parts C and D of the Clean Air Act (CAA).

DATES: This rule is effective on October 28, 2016.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R06-OAR-2014-0221. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the EPA Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733.

FOR FURTHER INFORMATION CONTACT: Ms. Adina Wiley, (214) 665-2115, wiley.adina@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document “we,” “us,” or “our” means the EPA.

I. Background

The background for this action is discussed in detail in our June 30, 2016 proposal at 81 FR 42587. In that document we proposed to approve revisions to the General Provisions in the Oklahoma SIP submitted on July 16, 2010 and December 27, 2010. These revisions included updates to the definitions and units, abbreviations, and acronyms used throughout the Oklahoma SIP; provisions establishing the ability to incorporate by reference federal requirements; revisions to the PSD increments regulated under the Oklahoma SIP; and updates to the Emission Inventory provisions. We also proposed to approve revisions to the Oklahoma PSD and NNSR Programs that had been submitted on June 24, 2010; July 16, 2010; February 6, 2012; and January 18, 2013. These proposed revisions had been submitted by the State of Oklahoma to address amendments to the federal PSD and NNSR regulations made in the following final rules:

- NSR Reform Rule (67 FR 800186, December 31, 2002) and (68 FR 63021, November 7, 2003);
- Implementation of the 8-hour Ozone (O₃) NAAQS-Phase 2; Final Rule to Implement Certain Aspects of the 1990 Amendments Relating to NSR and PSD as They Apply to Carbon Monoxide (CO), PM and O₃ NAAQS (70 FR 71612, November 29, 2005);

- PSD and NNSR: Reasonable Possibility in Recordkeeping (72 FR 72607, December 21, 2007);
- NSR PM_{2.5} Implementation Rule (73 FR 28321, May 16, 2008);
- PSD for PM_{2.5}—Increments, Significant Impact Levels (SILs) and Significant Monitoring Concentration (SMC) (75 FR 64864, October 20, 2010);
- GHG Tailoring Rule (75 FR 31514, June 3, 2010) (specific to PSD permitting only); and
- PSD and NNSR: Reconsideration of Inclusion of Fugitive Rule (76 FR 17548, March 30, 2011).

The EPA provided a 30-day comment period on our proposed action. We did not receive any comments on our proposed action. As such, we are finalizing as proposed.

II. Final Action

We are approving the following severable revisions to the Oklahoma SIP submitted on June 24, 2010; July 16, 2010; December 27, 2010; February 6, 2012; and January 18, 2013. The revisions were adopted and submitted in accordance with the requirements of the CAA and the EPA’s regulations regarding SIP development at 40 CFR part 51. Additionally, we have determined that the submitted revisions to the Oklahoma PSD and NNSR programs are consistent with our major source permitting regulations at 40 CFR 51.160–51.166 and the associated policy and guidance. Therefore, under section 110 and parts C and D of the Act, the EPA approves into the Oklahoma SIP the following revisions:

TABLE 1—REVISIONS TO THE OKLAHOMA SIP

Section	Title	Effective date	Submission date
OAC 252:100-1-1	General Provisions, Purpose	June 12, 2003	July 16, 2010.

OAC 252:100–8–51.1	NNSR Emission reductions and offsets	June 15, 2006 July 1, 2011 July 1, 2012	July 16, 2010. February 6, 2012. January 18, 2013.
OAC 252:100–8–52	NNSR, Applicability determination for sources in attainment areas causing or contributing to NAAQS violations.	June 1, 2009 June 15, 2006 July 1, 2011	June 24, 2010. July 16, 2010. February 6, 2012.
OAC 252:100–8–53	NNSR, Exemptions	June 1, 2009 June 15, 2006	June 24, 2010. July 16, 2010.
OAC 252:100–8–54	NNSR Requirements for sources located in nonattainment areas.	June 15, 2006	July 16, 2010.
OAC 252:100–8–54.1	NNSR, Ozone and PM ₁₀ precursors	June 1, 2009	June 24, 2010.
OAC 252:100–8–55	NNSR, Source Obligation	June 1, 2009 June 15, 2006	June 24, 2010. July 16, 2010.
OAC 252:100–8–56	NNSR, Actuals PAL	June 1, 2009 June 15, 2006	June 24, 2010. July 16, 2010.
OAC 252:100–8–57	NNSR Severability	June 15, 2006	July 16, 2010.

As a result of this final approval of the revisions to the Oklahoma SIP addressing the GHG Step 1 permitting requirements, we are removing the provisions at 40 CFR 52.1929(c), under which the EPA narrowed the applicability of the Oklahoma PSD program to regulate sources consistent with federal requirements because these provisions at 40 CFR 52.1929(c) are no longer necessary.

The EPA finds that the February 6, 2012, revisions to the Oklahoma NNSR program address all required NNSR elements for the implementation of the 1997 and 2006 PM_{2.5} NAAQS. We note that the Oklahoma NNSR program does not include regulation of VOCs and ammonia as PM_{2.5} precursors. However,

as section 189(e) of the Act requires regulation of PM_{2.5} precursors that significantly contribute to PM_{2.5} levels “which exceed the standard in the area” and Oklahoma does not have a designated PM_{2.5} nonattainment area, the revisions addressing only SO₂ and NO_x are not inconsistent with the requirements of the CAA. In the event that an area is designated nonattainment for the 2012 PM_{2.5} NAAQS, or any other future PM_{2.5} NAAQS, Oklahoma will have a deadline under section 189(a)(2) of the CAA to make a submission addressing the statutory requirements as to that area, including the requirements in section 189(e) that apply to the regulation of PM_{2.5} precursors.

The EPA is also finalizing a ministerial correction to 40 CFR 52.1920(c) to remove a duplicate entry for the SIP approval of OAC 252:100–5–1. We are removing the first listing of this section; we retain the identical entry in numerical order under OAC, Title 252, Subchapter 5—Registration, Emissions Inventory, and Annual Operating Fees.

III. Incorporation by Reference

In this rule, we are finalizing regulatory text that includes incorporation by reference. In accordance with the requirements of 1 CFR 51.5, we are finalizing the incorporation by reference of the revisions to the Oklahoma regulations as

described in the Final Action section above. We have made, and will continue to make, these documents generally available electronically through www.regulations.gov and/or in hard copy at the EPA Region 6 office.

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would

be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 28, 2016. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide,

Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: September 21, 2016.

Ron Curry,

Regional Administrator, Region 6.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart LL—Oklahoma

- 2. In § 52.1920(c), the table titled "EPA Approved Oklahoma Regulations" is amended by:

- a. Revising the entries for 252:100-1-1, 252:100-1-2, 252:100-1-3, 252:100-3-4, 252:100-5-1.1, 252:100-5-2.1, 252:100-8-1.1, 252:100-8-30, 252:100-8-31, 252:100-8-33, 252:100-8-34, 252:100-8-35, 252:100-8-36, 252:100-8-37, 252:100-8-50, 252:100-8-51, 252:100-8-52, 252:100-8-53, and 252:100-8-54;
- b. Adding a centered heading titled "Subchapter 2: Incorporation by Reference" and entries for 252:100-2-1 and 252:100-2-3 in numerical order;
- c. Adding entries in numerical order for 252:100-1-4, 252:100-8-32.1, 252:100-8-32.2, 252:100-8-32.3, 252:100-8-35.1, 252:100-8-35.2, 252:100-8-36.2, 252:100-8-38, 252:100-8-39, 252:100-8-50.1, 252:100-8-51.1, 252:100-8-54.1, 252:100-8-55, 252:100-8-56, 252:100-8-57, 252:100 Appendix P, and 252:100 Appendix Q; and
- d. Removing the first centered heading titled "Subchapter 5. Registration, Emissions Inventory and Annual Operating Fees", the first entry for 252:100-5-1, and the entry for 252:100-8-32.

The additions and revisions read as follows:

§ 52.1920 Identification of plan.

BILLING CODE 1301-00-D

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 90

[PS Docket No. 15-199; FCC 16-113]

Railroad Police Officers To Access Public Safety Interoperability and Mutual Aid Channels

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) provides railroad police officers access to the public safety

interoperability channels. In this document, we amend our rules to permit railroad police officers to use public safety interoperability channels to communicate with public safety entities already authorized to use those channels. Specifically, we permit railroad police officers empowered to carry out law enforcement functions to use public safety interoperability channels in the VHF (150-174 MHz, and 220-222 MHz, UHF (450-470 MHz), 700 MHz narrowband (769-775/799-805 MHz)5 and 800 MHz National Public Safety Planning Advisory Committee (NPSPAC) bands (806-809/851-854 MHz). Allowing railroad police officers to use these channels will promote interoperability, facilitate improved emergency response in railroad-related emergencies, and streamline access to these channels for emergency public safety communications.

DATES: Effective October 28, 2016, except for section 90.20(a)(2)(xiv) which contain new or modified information collection requirements that require approval by the Office of Management and Budget under the Paperwork Reduction Act of 1995. The Federal Communications Commission will publish a document in the **Federal Register** announcing such approval and effective date.

FOR FURTHER INFORMATION CONTACT: John Evanoff, Policy and Licensing Division, Public Safety and Homeland Security Bureau, (202) 418-0848 or john.evanoff@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order in PS Docket No. 15-199, FCC 16-113, released on August 23, 2016. The document is available for download at http://fjallfoss.fcc.gov/edocs_public/. The complete text of this document is also available for inspection and copying during normal business hours in the FCC Reference

Information Center, Portals II, 445 12th Street SW., Room CY-A257, Washington, DC 20554. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to FCC504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

In the Report and Order we amend the Commission's rules to permit railroad police officers to use public safety interoperability channels to communicate with public safety entities already authorized to use those channels. Specifically, we permit railroad police officers empowered to carry out law enforcement functions to use public safety interoperability channels in the VHF (150-174 MHz, and 220-222 MHz, UHF (450-470 MHz), 700 MHz narrowband (769-775/799-805 MHz) and 800 MHz National Public Safety Planning Advisory Committee (NPSPAC) bands (806-809/851-854 MHz). Allowing railroad police officers to use these channels will promote interoperability, facilitate improved emergency response in railroad-related emergencies, and streamline access to these channels for emergency public safety communications.

Procedural Matters

A. Final Regulatory Flexibility Analysis

As required by the Regulatory Flexibility Act of 1980, as amended (RFA) the Commission prepared this Final Regulatory Flexibility Analysis (FRFA) of the possible significant economic impact on a substantial number of small entities by the policies and rules adopted in this Report and Order. The Commission will send a copy of the Report and Order, including this FRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA). In addition, the
