

agencies, scientific experts, individuals from conservation partners and non-governmental organizations, and commercial and recreational fishermen. Information received at the workshop may be used to inform the development of other conservation decisions and actions, including the designation of critical habitat.

NMFS will provide a moderator to manage the workshop as well as a notetaker to document input received. We are seeking only individual analysis, facts, and opinions from participants. Questions to the participants will be limited to those necessary to clarify the expert's presentation and questions seeking consensus among panelists or experts will not be entertained. NMFS also will provide a time-limited question and answer period during which attendees may ask NMFS about information presented. NMFS will prepare a summary of the workshop, noting the main points raised by the panelists and registered speakers.

This workshop will be open to the public, and a public comment period will be provided at the end of each session. If you plan to attend the workshop as an interested member of the public, please contact Krista Graham at the address listed above by October 21, 2016, so we can ensure sufficient space for all participants and interested parties during our logistics planning.

Agenda

- October 25–26 will focus on recovery actions and criteria related to non-longline commercial and recreational fisheries interactions;
- October 27 will focus on recovery actions and criteria related to nutrition, *i.e.*, prey size/biomass, distribution, and competition with fisheries;
- October 28 will focus on recovery actions and criteria related to other threats to both the species itself and its habitat including noise and contaminants.

Request for Information

We also invite the public to submit scientific or commercial information that may help to inform the recovery criteria and actions for the MHI insular false killer whale DPS. We are soliciting relevant information related to the MHI insular false killer whale and its habitat, including the following:

1. Criteria for removing the MHI insular false killer whale from the list of threatened and endangered species (this could be either threats-based or abundance/trends based);
2. Human activities that contribute to threats to the species;

3. Physical, biological or chemical features of the environment that limit the recovery of the MHI insular false killer whale;

4. Recovery strategies addressing threats to physical and biological features that are essential to species conservation;

5. Strategies and/or actions to recover the MHI insular false killer whale;

6. Estimates of the time and cost to implement recovery actions;

7. Critical knowledge gaps and/or uncertainties that need to be resolved to better inform recovery efforts; and

8. Research, monitoring, and evaluation needs to address knowledge gaps and uncertainties, or to assess the species' status, limiting factors, and threats relative to recovery goals.

Information may be submitted via the methods listed above in the **ADDRESSES** section.

The workshop is accessible to persons with disabilities. Send requests for sign language interpretation or other auxiliary aids at least five business days in advance to Krista Graham at 808–725–5152.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: September 28, 2016.

Nicole R. LeBoeuf,

Acting Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XE913

Marine Mammals; File No. 20452

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that SMRU Consulting North America, LLC, P.O. Box 764, Friday Harbor, WA 98250, has applied in due form for a permit to conduct research on harbor porpoises and harbor seals in Admiralty Inlet and the San Juan Islands, Washington. **DATES:** Written, telefaxed, or email comments must be received on or before November 3, 2016.

ADDRESSES: The application and related documents are available for review by selecting “Records Open for Public Comment” from the “Features” box on the Applications and Permits for Protected Species (APPS) home page,

<https://apps.nmfs.noaa.gov>, and then selecting File No. 20452 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427–8401; fax (301) 713–0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713–0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Sara Young or Carrie Hubard, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant proposes to characterize the behavioral responses of harbor porpoise (*Phocoena phocoena*) and harbor seal (*Phoca vitulina*) to marine renewable energy devices, and to characterize the fine scale habitat use of marine mammals in tidal inlets to inform collision risk with tidal turbines. Behavioral responses to tidal turbine noise will be addressed with an experimental playback approach. The playback studies will be undertaken in the inland waters of Washington State using a combination of land-based surveys and passive acoustic monitoring methods. Studies to characterize the fine scale habitat use of harbor porpoise and pinnipeds in tidal inlets will use a combination of land-based and unmanned aerial system surveys, and will also be carried out in the inland waters of Washington State during 2016–2021. The applicant requests 244 Level B takes of harbor porpoise between two study areas, 416 takes of harbor seals, 154 Steller sea lions (*Eumetopias jubatus*), and 7 California sea lions (*Zalophus californianus*) by means of acoustic playbacks and UAS.

In compliance with the National Environmental Policy Act of 1969 (42

U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 28, 2016.

Julia Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

BUREAU OF CONSUMER FINANCIAL PROTECTION

[Docket No. CFPB-2016-0045]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Bureau of Consumer Financial Protection.

ACTION: Notice and request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Consumer Financial Protection (The Bureau) is proposing to renew the Office of Management and Budget (OMB) approval for an existing information collection titled, "Truth in Savings Act (Regulation DD) 12 CFR 1030."

DATES: Written comments are encouraged and must be received on or before November 3, 2016 to be assured of consideration.

ADDRESSES: You may submit comments, identified by the title of the information collection, OMB Control Number (see below), and docket number (see above), by any of the following methods:

- *Electronic:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

- *OMB:* Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503 or fax to (202) 395-5806. Mailed or faxed comments to OMB should be to the attention of the OMB Desk Officer for the Bureau of Consumer Financial Protection.

Please note that comments submitted after the comment period will not be accepted. In general, all comments received will become public records, including any personal information provided. Sensitive personal

information, such as account numbers or Social Security numbers, should not be included.

FOR FURTHER INFORMATION CONTACT: Documentation prepared in support of this information collection request is available at www.reginfo.gov (this link becomes active on the day following publication of this notice). Select "Information Collection Review," under "Currently under review, use the dropdown menu "Select Agency" and select "Consumer Financial Protection Bureau" (recent submissions to OMB will be at the top of the list). The same documentation is also available at <http://www.regulations.gov>. Requests for additional information should be directed to the Consumer Financial Protection Bureau, (Attention: PRA Office), 1700 G Street NW., Washington, DC 20552, (202) 435-9575, or email: CFPB_PRA@cfpb.gov. *Please do not submit comments to this email box.*

SUPPLEMENTARY INFORMATION:

Title of Collection: Truth in Savings Act (Regulation DD) 12 CFR 1030.

OMB Control Number: 3170-0004.

Type of Review: Extension without change of a currently approved information collection.

Affected Public: Private sector (non-credit union depository institutions).

Estimated Number of Respondents: 129.

Estimated Total Annual Burden Hours: 573,008.

Abstract: Consumers rely on the disclosures required by The Truth in Savings Act (TISA) and Regulation DD to facilitate informed decision-making regarding deposit accounts offered at depository institutions. Without this information, consumers would be severely hindered in their ability to assess the true costs and terms of the deposit accounts offered. Federal agencies and private litigants use the records to ascertain whether accurate and complete disclosures of depository accounts have been provided to consumers. This information also provides the primary evidence of law violations in TISA enforcement actions brought by the Bureau. Without the Regulation DD recordkeeping requirement, the Bureau's ability to enforce the TISA would be significantly impaired.

Request for Comments: The Bureau issued a 60-day **Federal Register** notice on June 14, 2016, 81 FR 38691, Docket Number: CFPB-2016-0031. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the

information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record.

Dated: September 28, 2016.

Darrin A. King,

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.

BILLING CODE 4810-AM-P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (CNCS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. Sec. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, CNCS is soliciting comments concerning its proposed use of the AmeriCorps NCCC Project Completion Report. The report is used to collect project assessment and implementation information. Organizations that are awarded and sponsor an AmeriCorps NCCC team will be required to complete this collection instrument.

Copies of the information collection request can be obtained by contacting
