SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79014; File No. SR-ISE-2016-24]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt a New Rule 213

September 30, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 28, 2016, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt a new Rule 213 entitled, "Collection of Exchange Fees and Other Claims" to require Members to provide a clearing account number at the National Securities Clearing Corporation ("NSCC") for purposes of permitting the Exchange to debit any undisputed or final fees, fines, charges and/or other monetary sanctions or monies due and owing to the Exchange.

The text of the proposed rule change is available on the Exchange's Web site at www.ise.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to collect undisputed or final fees, fines, charges and/or other monetary sanctions or monies due and owing to the Exchange through NSCC.³ This proposal will provide a cost savings to the Exchange in that it will alleviate administrative processes related to the collection of monies owed to the Exchange.⁴ Collection matters divert staff resources away from the Exchange's regulatory and business purposes. In addition, the debiting process will prevent Member accounts from becoming overdue. The Exchange notes that it has a billing dispute policy.

The Exchange proposes to adopt new Rule 213 and require Members, and all applicants for registration as such to provide a clearing account number for an account at NSCC for purposes of permitting the Exchange to debit any undisputed or final fees, fines, charges and/or other monetary sanctions or monies due and owing to the Exchange or other charges related to Rules 205, 206, 207, 208, 209, and 210.⁵

The Exchange will send a monthly invoice⁶ to each Member on

³ The Exchange will not debit accounts for fees that are unusually large or for special circumstances, unless such debiting is requested by the Member.

⁴ Today, some fees are collected through The Options Clearing Corporation, but not all fees.

⁵ See ISE Rules 205 (Access Fees), 206 (Transaction Fees), 207 (Communication Fees), 208 (Regulatory Fees or Charges), 209 (Transfer Fees) and 210 (Liability for Payment of Fees).

⁶ The monthly invoice will indicate that the amount on the invoice will be debited from the

approximately the 4th-6th business day of the following month.⁷ The Exchange will also send a file to NSCC each month on approximately the 23rd of the following month to initiate the debit of the appropriate amount stated on the Member's invoice for the prior month. Because the Members will receive an invoice well before any monies are debited (normally within two weeks), the Members will have adequate time to contact the staff with any questions concerning their invoice. If a Member disputes an invoice, the Exchange will not include the disputed amount in the debit if the Member has disputed the amount in writing to the Exchange's designated staff by the 15th of the month, or the following business day if the 15th is not a business day, and the amount in dispute is at least \$10,000 or greater.

Once NSCC receives the file from the Exchange, NSCC would proceed to debit the amounts indicated from the Clearing Members' account. In the instance where the Member clears through an Exchange Clearing Member, the estimated transactions fees owed to the Exchange are reconciled daily by the Clearing Member to ensure adequate funds have been escrowed. The Exchange would debit any monies owed including undisputed or final fees,⁸ fines, charges and/or other monetary sanctions or monies due and owing to the Exchange.⁹

The Exchange proposes this rule change become operative on October 1, 2016. On November 23, 2016, the Exchange will debit October 2016 billing pursuant to the process described in this rule change.¹⁰ The

designated NSCC account. Each month, the Exchange will send a file to the Member's clearing firm which will indicate the amounts to be debited from each Member. If a Member is "self-clearing," no such file would be sent as the Member would receive the invoice, as noted above, which would indicate the amount to be debited.

⁷ By way of example, October invoices would be sent on November 7th.

⁸ Exchange fees are noted on the Exchange Fee Schedule.

⁹ This includes, among other things, fines which result from the imposition of fines pursuant to Rules 1611, Judgment and Sanction; and 1614, Imposition of Fines for Minor Rules Violations. With respect to disciplinary sanctions that are imposed by either the Business Conduct Committee or a Hearing Panel, the Exchange would not debit any monies until such action is final. The Exchange would not consider an action final until all appeal periods have run and/or all appeal timeframes are exhausted. With respect to non-disciplinary actions, the Exchange would similarly not take action to debit a Member account until all appeal periods have run and/or all appeal timeframes are exhausted. Any uncontested disciplinary or non-disciplinary actions will be debited, and the amount due will appear on the Member's invoice prior to the actual NSCC debit.

¹⁰ The initial debit will include all outstanding fees through October 1, 2016.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Exchange will notify Members of this rule change to provide its Members ample time to provide the Exchange with the information necessary for the direct debit and prepare for the change to the collection process.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹² in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by providing Members with an efficient process to pay undisputed or final fees, fines, charges and/or monetary sanctions or monies dues and owing to the Exchange.

The Exchange believes that its proposal to debit NSCC accounts is reasonable because it would ease the Member's administrative burden in paying monthly invoices, avoid overdue balances and provide same day collection from all Members who owe monies to the Exchange. The Exchange has a billing dispute. [sic] The Member may dispute the invoice prior to the debit. This policy also lowers the Exchange's administrative costs because staff resources would not be diverted to review of untimely requests regarding billing.

The Exchange believes that its proposal to debit NSCC accounts is equitable and not unfairly discriminatory because it will apply to all Members in a uniform manner. Today, the debit process is applied at all Nasdaq exchanges.¹³

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. With this proposal, the proposed debit process would apply uniformly to all Members.

Further, this proposal would provide a cost savings to the Exchange in that it would alleviate administrative

processes related to the collection of monies owed to the Exchange. Collection matters divert staff resources away from the Exchange's regulatory and business purposes. In addition, the debiting process would prevent Member accounts from becoming overdue.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁴ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)¹⁶ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. In its filing with the Commission, the Exchange requests that the Commission waive the 30-day operative delay. The Exchange proposes that the proposed rule change become operative on October 1, 2016. On November 23, 2016, the Exchange would debit October 2016 billing pursuant to the process set forth in the proposed rule change. The Exchange represents that waiver of the 30-day operative delay would allow it to conform its billing processes similar to the process in place at the various Nasdaq exchanges.¹⁷ The Exchange notes that all ISE Members have an NSCC account or have a clearing firm with an NSCC account. Direct debit is an options industry standard. According to the Exchange, all members should be able to provide ISE with an NSCC account prior to the date of the

November 23, 2016 debit. Further, the Exchange believes that this process will alleviate administrative processes related to the collection of monies owed to the Exchange. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission designates the proposed rule change to be operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79017; File No. SR-NYSEARCA-2016-123]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Partial Amendment No. 1 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Partial Amendment No. 1, Amending Rule 7.46 Relating to the Exchange's Order Types To Implement the Tick Size Pilot Program

September 30, 2016.

I. Introduction

On August 25, 2016, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to: (1) Change system functionality to implement the Plan to Implement a Tick Size Pilot Program ("Plan" or "Pilot")³ submitted to the

Commission pursuant to Rule 608 of Regulation NMS⁴ under the Act; (2) clarify the operation of certain exceptions to the Trade-at Prohibition⁵ on Pilot Securities in Test Group Three; (3) amend the Limit Up/Limit Down ("LULD") price controls pursuant to the Regulation NMS Plan to Address Extraordinary Market Volatility ("LULD Plan");⁶ and (4) amend the Exchange's limit order price protection rule. The proposed rule change was published for comment in the **Federal Register** on September 15, 2016.⁷ The Commission received two comment letters in response to the Notice.⁸ On September 27, 2016, the Exchange filed a partial amendment to the proposed rule change ("Amendment No. 1").⁹

This order provides notice of filing of Amendment No. 1 and approves the proposal, as modified by Amendment No. 1, on an accelerated basis.

II. Description of the Amended Proposal

The Exchange proposes to: (1) Change system functionality to implement the Plan; (2) clarify the operation of certain exceptions to the Trade-at Prohibition on Pilot Securities in Test Group Three; (3) amend the LULD price controls pursuant to the LULD Plan; and (4) amend the Exchange's limit order price protection rule.

⁴ 17 CFR 242.608.

⁵ Exchange Rule 7.46(e)(4)(A) defines the "Trade-at Prohibition" to mean the prohibition against executions by a Trading Center of a sell order for a Pilot Security at the price of a Protected Bid or the execution of a buy order for a Pilot Security at the price of a Protected Offer during regular trading hours. See also Plan Section I(LL) and Plan Section VI(D).

⁹ In Amendment No. 1, the Exchange proposes to do the following: (1) Delete the proposal to amend Rule 7.35P because the Exchange recently filed a separate proposed rule change to make the same amendment, which is now operative. See Securities Exchange Act Release No. 78861 (September 16, 2016) (SR-NYSEArca-2016-129) ("Rule 7.35P Filing"); (2) modify Rule 7.46(f)(3) to provide that Market Pegged Orders in all Pilot Securities would be rejected and delete references to Market Pegged Orders in Rule 7.46(f)(5)(H); and (3) correct typographical errors in the original proposal.

A. Amendments to System Functionality To Implement the Plan

1. Trade-at Intermarket Sweep Orders ("TA ISO")¹⁰

The Exchange proposes to accept TA ISOs in all securities. Further, TA ISOs must be designated as Immediate or Cancel ("IOC"), may be designated with a "no midpoint execution" modifier, may not be designated with a minimum trade size, and do not route. TA ISO would be immediately traded with contra-side displayed and non-displayed interest in the NYSE Arca Book up to its full size and limit price and the quantity not so traded will be immediately and automatically cancelled.

2. Permitted Price Increment for Pilot Securities¹¹

The Exchange proposes that references in Exchange rules to the minimum price variation ("MPV")¹² would mean \$0.05 instead of the current \$0.01 for Pilot Securities in Test Groups One, Two, and Three. Further, references to truncating to the MPV in Exchange rules would mean rounding down to the applicable quoting MPV for Pilot Securities in Test Groups One, Two, and Three. Mid-Point Liquidity Orders¹³ must be entered with a limit price in a \$0.05 pricing increment.

3. Rejection of Market Pegged Orders in Pilot Securities¹⁴

The Exchange proposes that Market Pegged Orders¹⁵ will be rejected for all Pilot Securities.

4. Retail Price Improvement Orders Increment¹⁶

The Exchange proposes that for Test Group Two and Test Group Three, Retail Price Improvement Orders¹⁷

¹⁴ See proposed Exchange Rule 7.46(f)(3). See also Amendment No. 1.

¹⁵ A Market Pegged Order is an order to buy (sell) with a working price that is pegged to the PBO (PBB). See Exchange Rule 7.31P(h). A Market Pegged Order to buy (sell) will be rejected on arrival, or cancelled when resting, if there is no PBO (PBB) against which to peg. Market Pegged Orders will not participate in any auctions. Market Pegged Orders are not displayed and are ranked "Priority 3—Non-Display Orders." A Market Pegged Order to buy (sell) may include an offset value that will set the working price below (above) the PBO (PBB) by a specified offset.
