NUCLEAR REGULATORY COMMISSION

10 CFR Part 72

[NRC-2016-0137]

RIN 3150-AJ77

List of Approved Spent Fuel Storage Casks: NAC International MAGNASTOR® Cask System; Certificate of Compliance No. 1031, Amendment No. 6

AGENCY: Nuclear Regulatory Commission.

ACTION: Proposed rule.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is proposing to amend its spent fuel storage regulations by revising the NAC International (NAC), MAGNASTOR® Cask System listing within the “List of approved spent fuel storage casks” to include Amendment No. 6 to Certificate of Compliance (CoC) No. 1031. Amendment No. 6 revises NAC–MAGNASTOR technical specifications (TSs) to align with the NAC Multi-Purpose Canister (MPC) and NAC Universal MPC System TSs. The CoC No. 1031 TSs require that a program be established and maintained for loading, unloading, and preparing fuel for storage without any indication of duration for the program. Amendment No. 6 limits maintenance of this program until all spent fuel is removed from the spent fuel pool and transport operations are completed. Related training and radiation protection program requirements are modified accordingly. Additionally, Amendment No. 6 incorporates the change to Limiting Condition for Operation 3.1.1 previously approved by the NRC in CoC No. 1031 Amendment No. 4.

DATES: Submit comments by November 7, 2016. Comments received after this date will be considered if it is practical to do so, but the NRC staff is able to ensure consideration only for comments received on or before this date.

B. Submitting Comments

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Procedural Background

This proposed rule is limited to the changes contained in Amendment No. 6 to CoC No. 1031 and does not include other aspects of the NAC MAGNASTOR® Cask System design. Because the NRC considers this action noncontroversial and routine, the NRC is publishing this proposed rule concurrently with a direct final rule in the Rules and Regulations section of this issue of the **Federal Register**. Adequate protection of public health and safety continues to be ensured. The direct final rule will become effective on December 21, 2016. However, if the NRC receives significant adverse comments on this

proposed rule by November 7, 2016, then the NRC will publish a document that withdraws the direct final rule. If the direct final rule is withdrawn, the NRC will address the comments received in response to these proposed revisions in a subsequent final rule. Absent significant modifications to the proposed revisions requiring republication, the NRC will not initiate a second comment period on this action in the event the direct final rule is withdrawn.

A significant adverse comment is a comment where the commenter explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. A comment is adverse and significant if:

(1) The comment opposes the rule and provides a reason sufficient to require a substantive response in a notice-and-comment process. For example, a substantive response is required when:

(a) The comment causes the NRC staff to reevaluate (or reconsider) its position or conduct additional analysis;

(b) The comment raises an issue serious enough to warrant a substantive response to clarify or complete the record; or

(c) The comment raises a relevant issue that was not previously addressed or considered by the NRC staff.

(2) The comment proposes a change or an addition to the rule, and it is apparent that the rule would be

ineffective or unacceptable without incorporation of the change or addition.

(3) The comment causes the NRC staff to make a change (other than editorial) to the rule, CoC, or TSs.

For additional procedural information and the regulatory analysis, see the direct final rule published in the Rules and Regulations section of this issue of the **Federal Register**.

III. Background

Section 218(a) of the Nuclear Waste Policy Act (NWPA) of 1982, as amended, requires that “the Secretary [of the Department of Energy] shall establish a demonstration program, in cooperation with the private sector, for the dry storage of spent nuclear fuel at civilian nuclear power reactor sites, with the objective of establishing one or more technologies that the [Nuclear Regulatory] Commission may, by rule, approve for use at the sites of civilian nuclear power reactors without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission.” Section 133 of the NWPA states, in part, that “[the Commission] shall, by rule, establish procedures for the licensing of any technology approved by the Commission under Section 219(a) [sic: 218(a)] for use at the site of any civilian nuclear power reactor.”

To implement this mandate, the Commission approved dry storage of spent nuclear fuel in NRC-approved casks under a general license by publishing a final rule which added a

new subpart K in part 72 of title 10 of the *Code of Federal Regulations* (10 CFR) entitled, “General License for Storage of Spent Fuel at Power Reactor Sites” (55 FR 29181; July 18, 1990). This rule also established a new subpart L in 10 CFR part 72 entitled, “Approval of Spent Fuel Storage Casks,” which contains procedures and criteria for obtaining NRC approval of spent fuel storage cask designs. The NRC subsequently issued a final rule on November 21, 2008 (73 FR 70587), that approved the NAC MAGNASTOR® Cask System design and added it to the list of NRC-approved cask designs in 10 CFR 72.214 as CoC No. 1031.

IV. Plain Writing

The Plain Writing Act of 2010 (Pub. L. 111–274) requires Federal agencies to write documents in a clear, concise, well-organized manner that also follows other best practices appropriate to the subject or field and the intended audience. The NRC has written this document to be consistent with the Plain Writing Act as well as the Presidential Memorandum, “Plain Language in Government Writing,” published June 10, 1998 (63 FR 31883). The NRC requests comment on the proposed rule with respect to clarity and effectiveness of the language used.

FEDERAL ELECTION COMMISSION

11 CFR Parts 100, 106, and 109

[Notice 2016–11]

Rulemaking Petition: Political Party Rules

AGENCY: Federal Election Commission.

ACTION: Rulemaking Petition: Notice of availability.

SUMMARY: On June 15, 2016, the Federal Election Commission received a Petition for Rulemaking asking the Commission to revise existing rules regarding the use of federal funds to pay for certain activities of state, district, or local committees of a political party. The Commission seeks comments on this petition.

DATES: Comments must be submitted on or before January 30, 2017.

ADDRESSES: All comments must be in writing. Commenters are encouraged to submit comments electronically via the Commission's Web site at <http://www.fec.gov/fosers>, reference REG 2016–03, or by email to PoliticalPartyRules@fec.gov.

Alternatively, commenters may submit comments in paper form, addressed to the Federal Election Commission, Attn.: Mr. Neven F. Stipanovic, Acting Assistant General Counsel, 999 E Street NW., Washington, DC 20463.

Each commenter must provide, at a minimum, his or her first name, last name, city, state, and zip code. All properly submitted comments, including attachments, will become part of the public record, and the Commission will make comments available for public viewing on the Commission's Web site and in the Commission's Public Records room. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, personal email address, date of birth, phone number, social security number, or driver's license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

FOR FURTHER INFORMATION CONTACT: Mr. Neven F. Stipanovic, Acting Assistant General Counsel, or Mr. Joseph P. Wenzinger, Attorney, Office of General Counsel, 999 E Street NW., Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: On June 15, 2016, the Federal Election Commission received a Petition for Rulemaking from the Minnesota

Democratic-Farmer-Labor Party and its Chair, Ken Martin, requesting that the Commission amend several regulations applicable to political parties.

First, the Federal Election Campaign Act, 52 U.S.C. 30101–46 (the “Act”), as amended by the Bipartisan Campaign Reform Act (“BCRA”), and Commission regulations provide that a state, district, or local committee of a political party must pay for “Federal election activity” with either entirely federal funds or, in other instances, a mix of federal funds and “Levin funds.” See 52 U.S.C. 30125(b); 11 CFR 300.32. Under Commission regulations, “Federal election activity” includes certain activities that urge, encourage, or assist people to register to vote or to vote. See 11 CFR 100.24; Definition of Federal Election Activity, 75 FR 55257, 55260 (Sept. 10, 2010). The petitioners request that the Commission narrow this definition.

Second, Commission regulations provide that political parties must use a federal account to pay the salary, wages, and fringe benefits of an employee who spends more than 25 percent of that individual's time on “Federal election activities” or on conduct “in connection with a Federal election.” See 11 CFR 106.7(d)(1)(i)–(ii). The petitioners ask the Commission to amend this rule to omit “Federal election activities” from the calculation, covering only activities “in connection with a Federal election.”

Finally, the petitioners ask the Commission to consider additional regulatory modifications listed in Commission Agenda Document No. 15–54–A, a proposed resolution that recommended amending several rules to (1) allow political parties “to discuss issue advertisements with candidates,” “republish parts of candidate materials in party materials,” and “distribute volunteer campaign materials without triggering coordination limits,” see 11 CFR 109.37; (2) “[e]xpand political party freedom to engage in volunteer activities such as volunteer mail drives, phone banks, and literature distribution,” see *id.* 100.87, 100.147; and (3) modify the definition of “Federal election activity” to permit “political parties to register voters and urge citizens to vote on behalf of state and local candidates free from FEC regulation” and to “employ people to engage in state and local get-out-the-vote activities with state funds,” see *id.* 100.24.

The Commission seeks comments on the petition. The public may inspect the Petition for Rulemaking on the Commission's Web site at <http://www.fec.gov/fosers>, or in the Commission's Public Records Office,
