SUPPLEMENTARY INFORMATION: Title 2 CFR, Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), establishes uniform administrative rules for assistance awards and sub-awards to State, local and Indian tribal governments. FEMA has determined that in order to have consistent implementation of FEMA grant administration policies, to reduce duplicative and tedious data entry, to more effectively measure preparedness gains, and to streamline application submission and management for Recipients, Regions, State and local partners, it is necessary to automate the reporting processes.

The Homeland Security Presidential Directive (HSPD-5) related to the "Management of Domestic Incidents" gives the Secretary the authority to gather information related to domestic

incidents and mandates the Secretary provide standardized, quantitative reports on the readiness and preparedness of the Nation—at all levels of government—to prevent, prepare for, respond to, and recover from domestic incidents.

The Homeland Security Presidential Directive (HSPD-8) related to "National Preparedness" authorizes the Federal Government to deliver Federal preparedness awards to the States. Applicants must apply the funds to the highest priority preparedness requirements at the appropriate level of government. Federal preparedness assistance is based upon the adoption of statewide comprehensive all-hazards preparedness strategies, consistent with the national preparedness goal. HSPD-8 authorizes the Secretary to review and approve strategies submitted by the States and establishes the requirement that applicants must have adopted approved statewide strategies in order to receive Federal grant funds. Further, HSPD-8 authorizes Federal departments and agencies to develop appropriate mechanisms to ensure rapid obligation and disbursement of funds from their programs to the States, such as the Grants Reporting Tool (GRT). HSPD-8 mandates Federal departments and agencies report annually on the obligation, expenditure status, and the use of funds associated with Federal preparedness assistance programs.

Section 430 of the Homeland Security Act of 2002, as amended (6 U.S.C. 238), authorized the Office for Domestic Preparedness (ODP, which was transferred to FEMA by the Post Katrina Emergency Management Reform Act of 2006, Public Law 109-295) to have primary responsibility for national preparedness, including directing and supervising terrorism preparedness grant programs for emergency response providers and incorporating the Strategy priorities into planning guidance on an agency level for the overall national preparedness efforts. ODP (now FEMA) was authorized to develop a process for receiving meaningful input from State and local government to assist the development of the national strategy for combating terrorism and other homeland security activities.
