III. Comments

On November 10, 2015, we published in the **Federal Register** (80 FR 69695) a Notice of our intent to request that OMB approve the collection of information associated with soliciting, awarding, and administering NPS concessions. We solicited comments for 60 days ending on January 11, 2016. We received one comment in response to the Notice:

Comment: A current concessioner commented that it is time consuming and expensive to have the Annual Financial Report reviewed by an accountant and then sent back to the concessioner before being submitted. The commenter recommended providing an upfront form that the accountant could fill out and submit without extra steps.

NPS Response: We have historically provided the electronic forms on our Web site, and continue to do so. Some concessioners that work with accountants have their accountants submit the forms directly to the NPS, as the commenter suggested. This will continue to be allowed, so we will not

take any action. In addition, in conjunction with updates to the forms, we are proposing to simplify the submission process by allowing concessioners or their accountants to email the electronic AFR form as an attachment.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire

comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated: October 7, 2016.
