#### **SUPPLEMENTARY INFORMATION:**

##### **I. Abstract**

This request is for extension of a currently approved information collection.

Management of and regulations for Pacific halibut in Alaska are developed on the international, Federal, and state levels by the International Pacific Halibut Commission (IPHC), the North Pacific Fishery Management Council (Council), National Marine Fisheries Service (NMFS), Alaska Region and the State of Alaska Department of Fish and Game (ADF&G). The IPHC and NMFS manage fishing for Pacific halibut through regulations established under authority of the Convention between the United States Halibut Fishery of the Northern Pacific Ocean and Bering Sea (Convention), the Northern Pacific Halibut Act of 1982, 16 U.S.C. 773c (Halibut Act), and Section 303(b) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*). Regulations that implement this collection-of-information are found at 50 CFR part 300.60 through 300.66 and at 50 CFR 679.5(l)(7).

Annual catch quotas are determined by the IPHC, and Federal responsibility for halibut management extends to halibut stocks and fishing activity within State of Alaska waters. In order to manage halibut effectively, international and Federal managers need information on halibut fishing effort and harvest by all user groups, including the guided sport charter sector of the fishery.

Federal regulations at 50 CFR 300.65 require charter vessel operators fishing in IPHC Areas 2C and 3A to comply with the ADF&G annual registration of sport fishing guides and businesses and ADF&G saltwater charter halibut logbook. NMFS and ADF&G coordinate closely in the development of this information collection for the monitoring and enforcement of the charter vessel catch limit of halibut.

A Catch Sharing Program was developed in IPHC Regulatory Areas 2C and 3A for the guided sport and commercial fisheries which authorized commercial halibut quota share (QS) holders to transfer individual fishing quota (IFQ) as guided angler fish (GAF)
