BILLING CODE 6735-01-P**DEPARTMENT OF HEALTH AND HUMAN SERVICES****Administration for Community Living****Agency Information Collection Activities; Submission for OMB Review; Comment Request; Process Evaluation of the Long Term Care Ombudsman Program****AGENCY:** Administration for Community Living, HHS.**ACTION:** Notice.

SUMMARY: The Administration for Community Living (formerly the Administration on Aging (AoA)) is announcing that the continuation of

collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by November 21, 2016.

ADDRESSES: Submit written comments on the collection of information by fax 202-395-6974 to the OMB Desk Officer for ACL, Office of Information and Regulatory Affairs, OMB.

FOR FURTHER INFORMATION CONTACT:

Susan Jenkins, 202-795-7369.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, the Administration for Community Living (Formerly the Administration for Aging) has submitted the following proposed collection of information to OMB for review and clearance.

The purpose of the process evaluation is to obtain a thorough understanding of the LTCOP's structure and operations at the national, state and local levels; use of resources to carry out legislative mandates; the nature of program partnerships; and processes for sharing information on promising program practices and areas for improvement. Data collection for the process evaluation consists of two rounds. ACL seeks clearance for round one and provisional clearance for Round 2 dependent upon receiving final marked up surveys. The first round focuses on obtaining information from three respondent categories at the national and state levels: Federal staff, national stakeholders, and State ombudsmen. Data collection from these respondents will help inform and refine the second round of data collection focusing on obtaining information from respondents at the local level. These include local directors/regional representatives, local representatives, and volunteers. For example, data collected from Round 1 will serve to inform the subsequent data collection for Task 7 of the project. This task focuses on investigating how the ombudsman program has been addressing and affecting the changing landscape of long term services and supports (LTSS). State ombudsmen responses to questions about reforms in LTSS and home and community-based care will help identify states for further study and obtain information at the local level. This package addresses these two rounds of the project, with an emphasis on the first round.

In response to the 60-day **Federal Register** notice related to this proposed data collection and published on July 19, 2016, no relevant comments were received. The proposed data

collection tool may be found on the ACL Web site: http://www.aoa.acl.gov/Program_Results/Program_survey.aspx.

The total burden estimate for the remaining data collection is: 482.67 hours.

Dated: October 12, 2016.

Edwin L. Walker,

Acting Assistant Secretary for Aging.

Administration for Community Living/ Administration on Aging

Agency Information Collection Activities; Public Comment Request; State Annual Long-Term Care Ombudsman Report and Instructions

AGENCY: Administration for Community Living/Administration on Aging, HHS.

ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing that the proposed collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by November 21, 2016.

ADDRESSES: Submit written comments on the collection of information by fax 202.395.5806 or by email to OIRA_submission@omb.eop.gov, Attn: OMB Desk Officer for ACL.

FOR FURTHER INFORMATION CONTACT: Louise Ryan, telephone: (206) 615-2514; email: louise.ryan@acl.hhs.gov

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, AoA has submitted the following proposed collection of information to OMB for review and clearance.

States provide the following data and narrative information in the report:

1. Numbers and descriptions of cases filed and complaints made on behalf of long-term care facility residents to the statewide ombudsman program;

2. Major issues identified that impact the quality of care and life of long-term care facility residents;

3. Statewide program operations; and
4. Ombudsman activities in addition to complaint investigation.

5. A new requirement to include organizational conflict of interest reporting as required by the reauthorized Older Americans Act and the LTC Ombudsman program rule CFR 1324.21.

The report form and instructions have been in continuous use, with minor modifications, since they were first approved by OMB for the FY 1995 reporting period. This current request is for a Revision of a Currently Approved Collection (ICR Rev), which will provide approval for FFY 2016-2018 with modifications to include organizational conflict of interest reporting as required by the reauthorized Older Americans Act, Section 712(f) and the LTC Ombudsman program rule CFR 1324.21.

The data collected on complaints filed with ombudsman programs and narrative on long-term care issues provide information to Centers for Medicare and Medicaid Services and others on patterns of concerns and major long-term care issues affecting residents of long-term care facilities. Both the complaint and program data collected assist the states and local ombudsman programs in planning strategies and activities, providing training and technical assistance and developing performance measures.

Comments in Response to the 60 Day Federal Register Notice

A notice was published in the **Federal Register**/Vol. 81, No. 126/Thursday, June 30, 2016 Notices, Pages 42712-42713, announcing that AoA was requesting modification of the current form and instructions to incorporate conflict of interest reporting requirements, directing readers to the AoA Web site where these documents are posted and providing an opportunity for public comment. One comment was received from the National Association of Ombudsman Programs (NASOP).

NASOP members disagreed with the burden estimate developed by AoA, stating:

Because an overwhelming majority of state long-term care ombudsman programs designate local ombudsman entities, those circumstances lead to a greater likelihood of organizational conflicts of interest. The burden is compounded by the number of local ombudsman entities within a state and will have multiple sources of reporting organizational conflicts at local or regional levels up to the states before states can report via NORS. Further, because approximately half of state
