Information Collection Requirement

OMB Control Number 1652-0047; *Transportation Worker Identification Credential (TWIC®) Program*. TSA developed the Transportation Worker Identification Credential (TWIC®) program to mitigate threats and vulnerabilities in the national transportation system. TWIC® is a common credential for all personnel requiring unescorted access to secure

areas of facilities and vessels regulated under the Maritime Transportation Security Act (MTSA) and all mariners holding U.S. Coast Guard (Coast Guard) credentials. Before issuing an individual a TWIC®, TSA performs a security threat assessment, which requires TSA to collect certain personal information such as name, address, date of birth and other information. Applicants are also required to provide fingerprints, photograph, and undergo checks for ties to terrorism, applicable immigration status and a criminal history records check. Also, individuals in the field of transportation who are required to undergo a security threat assessment in certain other programs, such as the Chemical Facility Anti-Terrorism (CFATS) program, may apply for a TWIC® and the associated security threat assessment to satisfy CFATS requirements.

The program implements authorities set forth in the Aviation and Transportation Security Act (ATSA) (Pub. L. 107-71; Nov. 19, 2002; sec. 106), the Maritime Transportation Security Act of 2002 (MTSA) (Pub. L. 107-295; Nov. 25, 2002; sec. 102), and the Safe, Accountable, Flexible, Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU) (Pub. L. 109-59; Aug. 10, 2005; sec. 7105), codified at 49 U.S.C. 5103a(g). TSA and the U.S. Coast Guard issued a joint notice of proposed rulemaking (NPRM) on May 22, 2006, 71 FR 29396. After consideration of public comments on the NPRM, TSA issued a joint final rule with the Coast Guard on January 25, 2007 (72 FR 3492), applicable to the maritime transportation sector that would require this information collection.

TSA collects data from applicants during an optional pre-enrollment step or during the enrollment session at an enrollment center. TSA will use the information collected to conduct a security threat assessment, which includes: (1) A criminal history records check; (2) a check of intelligence databases; and (3) an immigration status check. TSA may also use the information to determine a TWIC holder's eligibility to participate in TSA's expedited screening program for air travel, TSA Pre✓®. TSA invites all TWIC® applicants to complete an optional survey to gather information on the applicants' overall customer satisfaction with the enrollment process. This optional survey is administered by a Trusted Agent (a representative of the TWIC® enrollment service provider, who performs enrollment functions) during the process to activate the TWIC®. These surveys are collected at
