

each enrollment center and compiled to produce reports that are reviewed by the contractor and TSA.

The collection is being revised to allow TSA to use the information to expand enrollment options and the potential use of biographic and biometric (e.g., fingerprints, iris scans, and/or photo) information. This will allow future use of the information collected for additional comparability or eligibility determinations for other programs or security requirements, such as allowing the TWIC® applicant to participate not only in a program such as the TSA Pre✓® Application Program, TSA's expedited screening program for air travelers, but also in the Hazardous Materials Endorsement (HME) Program without requiring an additional background check.

In addition, the collection is being revised to remove the requirement to collect information about the Extended Expiration Date (EED) TWIC®. In 2012, TSA issued an exemption option that permitted eligible TWIC® cardholders to obtain a replacement card that extended the expiration date of their security threat assessment and TWIC® card by three years on payment of a reduced renewal fee. The EED TWIC® was a one-time temporary option intended to provide convenience and cost-savings to applicants pending U.S. Coast Guard issuance of the Notice to Proposed Rulemaking for the TWIC® Reader Rule. The EED TWIC® renewal option is being discontinued, and applicants will be required to obtain a five-year TWIC® through the standard renewal process.

Also, TSA is re-evaluating its fee collection for the TWIC® Program in light of changes to the fee the FBI charges for fingerprint processing. Effective October 1, 2016, the FBI will reduce its fingerprint-based criminal history records check fee by \$2.75 based on recommendations from a required user fee study (81 FR 45535). Section 1572.501(b)(3) of the TWIC® Final Rule (72 FR 3491) states that if the FBI amends its fee for criminal history records checks, TSA will collect the amended FBI fee. As a result of the FBI's fee change, the TWIC® standard enrollment fee (\$128.00) will be reduced by \$2.75. Effective October 1, 2016, TSA will collect a \$125.25 fee for standard enrollments. The FBI fee is one segment of the TWIC® Program's overall fee. The TWIC® fee contains segments for enrollment, full/reduced card production/security threat assessment, and the FBI fee. Reduced rate and replacement TWIC® card enrollment fees will not change.

The current estimated annualized hour burden is 736,670 hours and the

estimated annualized cost burden is \$90,276,808.

(formerly WebBoards) is an information-sharing environment designed to serve stakeholders in the transportation security community and is used to disseminate mission-critical information. It provides stakeholders with an online portal which allows authorized users to obtain, post, and exchange information, access common resources, and communicate with similarly situated individuals. This system also integrates other security-related information and communications at the sensitive security information (SSI) level. It is located in a secure online environment and is accessible from the Homeland Security Information Network (HSIN) and TSA (for TSA staff only). Accessing and using TSA infoBoards is completely voluntary; TSA does not require participation.

TSA will collect two types of information through TSA infoBoards: (1) User registration information and (2) user's choice of "communities." TSA infoBoards users are not required to provide all information requested—however, if users choose to withhold information, they will not receive the benefits of TSA infoBoards associated with that information collection.

1. *User registration information.* TSA will collect registration information to ensure only those meeting the requirements for access to SSI information under TSA's regulations (49 CFR part 1520) are given access to the TSA infoBoards. Such registration information will include the user's name, professional contact information, agency/company, job title, employer, airport (optional), citizenship, regulatory category, and employment verification contact information.
