Gulf South seeks authorization to abandon on compressor units and associated facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Gulf South proposes to abandon facilities at its Napoleonville Compressor Station, located in Assumption Parish, Louisiana. Gulf South proposes to abandon two 1,100 horsepower reciprocating units and abandon appurtenant facilities. Gulf South states the units have been idle since 2006 and are now in need of repair or replacement, it claims that the most prudent course of action is to abandon the units and that the proposed abandonment will not result in a material decrease in service to customers.

Any questions regarding this Application should be directed to Kathy D. Fort, Manager, Certificates and Tariffs, Gulf South Pipeline Company, LP, 9 Greenway Plaza, Suite 2800, Houston, Texas 77046, by phone (270) 688-6825, by fax (713) 479-1745, or by email at [kathy.fort@bwpmlp.com](mailto:kathy.fort@bwpmlp.com).

If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public

The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.
