Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review: Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") is simultaneously initiating, and issuing the preliminary results, of a changed circumstances review of the antidumping duty ("AD") order on crystalline silicon photovoltaic cells, whether or not assembled into modules, ("solar cells") from the People's Republic of China ("PRC") regarding whether Zhejiang ERA Solar Technology Co., Ltd ("Zhejiang ERA") is the successor-in-interest to Era Solar Co., Ltd ("Era Solar"). Based on the information on the record, we preliminarily determine that Zhejiang ERA is the successor-in-interest to Era Solar for purposes of the AD order on solar cells from the PRC and, as such, is entitled to Zhejiang ERA's cash

¹⁶ Notably, the *Trade Facilitation and Trade Enforcement Act of 2015* removed from section 751(a)(2)(B) of the Act the provision directing the Department to instruct CBP to allow an importer the option of posting a bond or security in lieu of a cash deposit during the pendency of an NSR.

deposit rate with respect to entries of subject merchandise. Interested parties are invited to comment on these preliminary results.

DATES: Effective November 3, 2016.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen or Eli Lovely, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2769 and (202) 482-1593, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2012, the Department published the AD order on solar cells from the PRC in the **Federal Register**.¹ On August 31, 2016, Zhejiang ERA requested that the Department initiate an expedited changed circumstances review to determine that Zhejiang ERA is the successor-in-interest to Era Solar for AD purposes.² On September 12, 2016, Zhejiang ERA responded to a request for additional information from the Department issued on September 9, 2016.³ We have received no comments on Zhejiang ERA's CCR Request.

Scope of the Order

The merchandise covered by the *Order* is crystalline silicon photovoltaic cells, whether or not assembled into modules, subject to certain exclusions.⁴

Imports of the subject merchandise are provided for under the following subheadings of the Harmonized Tariff Schedule of the United States ("HTSUS"): 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and

8501.31.8000. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the subject merchandise is dispositive.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended, (the "Act") and 19 CFR 351.216(d), the Department will conduct a changed circumstances review of an order upon receipt of information concerning, or of a request from an interested party for a review of, an order which shows changed circumstances sufficient to warrant a review of the order. In the past, the Department has used changed circumstances reviews to address the applicability of cash deposit rates after there have been changes in the name or structure of a respondent, such as a merger or spinoff ("successor-in-interest," or "successorship," determinations). Thus, consistent with Department practice, the information submitted by Zhejiang ERA, which includes information regarding a name change, demonstrates changed circumstances sufficient to warrant a review.⁵

Therefore, in accordance with section 751(b)(1) of the Act and 19 CFR 351.216(d), the Department is initiating a changed circumstances review to determine whether Zhejiang ERA is the successor-in-interest to Era Solar.

Preliminary Determination

When it concludes that expedited action is warranted, the Department may publish the notice of initiation and preliminary results for a changed circumstances review concurrently.⁶ The Department has combined the notice of initiation and preliminary results in successor-in-interest cases when sufficient documentation has been provided supporting the request to make a preliminary determination.⁷ In this instance, because we have determined that the information necessary to support the request for a preliminary determination is on the record, we find that expedited action is warranted, and we are combining the notice of initiation and the notice of preliminary results in accordance with 19 CFR 351.221(c)(3)(ii).

In determining whether one company is the successor to another for purposes

of applying the AD law, the Department examines a number of factors including, but not limited to, changes in: (1) Management, (2) production facilities, (3) suppliers, and (4) customer base.⁸ While no one or several of these factors will necessarily provide a dispositive indication of succession, the Department will generally consider one company to be the successor to another company if its resulting operation is essentially the same as that of its predecessor.⁹ Thus, if the evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the prior company, the Department will assign the new company the cash deposit rate of its predecessor.¹⁰

In its CCR Request and its Supplemental Response, Zhejiang ERA provided evidence demonstrating that it is essentially the same company as Era Solar.¹¹ According to the information provided, the principal owners remained the same both pre- and post-name change. Further, although the nine-person board of directors was reduced from nine directors to three directors as a result of changes to Era Solar's legal form, the ultimate owners continued to occupy positions on the board after the name change. With regard to management, eight of the nine managers maintained their positions after the company name change.¹² Regarding its production of the subject merchandise, Zhejiang ERA stated that its production facility is the same as that of Era Solar.¹³ Zhejiang ERA also provided documentation showing that there has been no material changes in suppliers of inputs or services related to the production, sale and distribution of the subject merchandise¹⁴ or in the customer base as a result of the name

change.¹⁵ Based on the foregoing, which is explained in greater detail in the Preliminary Decision Memorandum, we preliminarily determine that Zhejiang ERA is the successor-in-interest to Era Solar and, as such, that it is entitled to Zhejiang ERA's AD cash deposit rate with respect to entries of subject merchandise.

Should our final results remain the same as these preliminary results, effective the date of publication of the final results, we will instruct U.S. Customs and Border Protection to suspend liquidation of entries of subject merchandise exported by Zhejiang ERA at the AD cash deposit rate applicable to Era Solar.
