Foreign-Trade Zones Board

[B-72-2016]

Foreign-Trade Zone (FTZ) 80—San Antonio, Texas; Notification of Proposed Production Activity; CGT U.S., Ltd.; (Polyvinyl Chloride (PVC) Coated Upholstery Fabric Cover Stock); New Braunfels, Texas

CGT U.S., Ltd. (CGT), submitted a notification of proposed production activity to the FTZ Board for its facility in New Braunfels, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 18, 2016.

A separate application for subzone designation at the CGT facility was submitted and will be processed under Section 400.38 of the Board's regulations. The facility is used for the production of PVC coated upholstery fabric cover stock. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CGT from customs duty payments on the foreign-status components used in export production. On its domestic sales, CGT would be able to choose the duty rate during customs entry procedures that applies to the PVC coated upholstery fabric cover stock (duty free) for the foreign-status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Compound stabilizer for plastics; antimony trioxide (low-tint); flat release paper; polyester knit fabric; polycotton
