

and not suitable for ink- or laser-jet printing.<sup>33</sup>

#### D. Channels of Marketing

APP claims that 83 Bright paper is marketed differently from other uncoated paper covered by the *Orders* because it is advertised as a lower brightness product produced to reduce eyestrain, manufactured for 2-sided copying, and is OBA Free.<sup>34</sup>

#### E. Cost of Modification Relative to Total Value

APP states that 83 Bright paper is not produced with additional OBAs and contains fewer bleaching chemicals. As a result, APP notes that it is less expensive to produce than other uncoated paper cover by the *Orders*.<sup>35</sup>

#### Analysis

After analyzing the information summarized above, we determine that the petitioners have satisfied the criteria to warrant an initiation of a formal anti-circumvention inquiry, pursuant to section 781(c) of the Act and 19 CFR 351.225(i).

As described above, the petitioners included declarations from members of the U.S. industry addressing the five factors the Department typically examines as part of a minor alterations inquiry under section 781(c) of the Act and 19 CFR 351.225(i). These declarations attest that: (1) With the exception of brightness, the overall physical characteristics of 83 Bright paper and other uncoated paper cover by the *Orders* are the same; (2) the expectations of ultimate users of 83 Bright paper and other uncoated paper cover by the *Orders* are the same; (3) the uses of 83 Bright paper and other uncoated paper cover by the *Orders* are the same; (4) the channels of marketing 83 Bright paper and other uncoated paper cover by the *Orders* are the same; and (5) the relative cost to reduce the brightness of 83 Bright paper to a GE brightness level below 85 is minimal.<sup>36</sup> We examined the declarations and found that the persons making them are in a position to have knowledge about the facts described in the declarations with respect to each of the aforementioned factors.

However, we note that APP provided information demonstrating the relative cost of producing 83 Bright paper and the process by which it is produced which differs from that provided by the petitioners. Specifically, by APP's own

admission, 83 Bright paper is less expensive to produce because it does not contain the OBAs needed to raise the paper's brightness level to 85 or above and has fewer bleaching chemical than other uncoated paper covered by the *Orders*. Thus, there is an evidentiary basis to conclude that APP has altered its production process in order to produce a low-brightness paper.<sup>37</sup>

As noted above, we are initiating a minor alterations anti-circumvention inquiry pursuant to section 781(c) of the Act regarding 83 Bright paper. We do not find it appropriate to initiate a later-developed merchandise circumvention inquiry pursuant to section 781(d) of the Act because APP provided information demonstrating that merchandise with a brightness level comparable to 83 Bright paper was produced and sold in commercial volumes at the time of the filing of the petitions and, thus, 83 Bright paper cannot be considered later-developed merchandise.<sup>38</sup> Finally, we do not find it appropriate to initiate a scope inquiry pursuant to 19 CFR 351.225(k) because APP provided information demonstrating that 83 Bright paper is not colored paper.<sup>39</sup>

#### Merchandise Subject to the Minor Alterations Anti-Circumvention Proceeding

This minor alterations anti-circumvention inquiry covers uncoated paper with a GE brightness level of 83 +/- 1. Although only APP Indonesia is discussed in their request, as discussed above, the petitioners clarified that, consistent with 19 CFR 351.225(m), the intent of their request was that the Department conduct a single inquiry and issue a single ruling applicable to each of the *Orders*. In accordance with 19 CFR 351.225(m), if the Secretary considers it appropriate, the Secretary may conduct a single inquiry and issue a single scope ruling that applies to all such orders. Therefore, we will examine whether it is appropriate to apply the results of this inquiry to each of the seven *Orders*.

The Department will not order the suspension of liquidation of entries of any additional merchandise at this time. However, in accordance with 19 CFR 351.225(l)(2), if the Department issues a preliminary affirmative determination, we will then instruct U.S. Customs and Border Protection to suspend liquidation and require a cash deposit of estimated duties on the merchandise.

Following consultation with interested parties, the Department will

establish a schedule for questionnaires and comments on the issues related to each of the *Orders*. The Department intends to issue its final determinations within 300 days of the date of publication of this initiation.

This notice is published in accordance with sections 781(c) of the Act and 19 CFR 351.225(i) and (j).

Dated: October 31, 2016.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Minority Business Development Agency’s (MBDA) Office of Legislative and Intergovernmental Affairs (OLEIA) serves as the focal point for consultation with Tribal governments and Tribal organizations on policy, regulatory and legislative issues that will have a direct impact on American Indian and Alaska Native (AIAN) communities. The tribal consultations will be conducted in conjunction with the MBDA’s Office of Business Development (OBD) which designs and manages the business development services available to Native American entrepreneurs and tribally-owned businesses. Outreach and business development support specific to the AIAN populations is one part of the overall efforts of MBDA to

ensure all programs and services of the Agency are available to members of the tribal communities.

MBDA is the only Federal agency created specifically to foster the establishment and growth of minority business enterprises (MBEs). MBDA actively promotes the strategic growth and expansion of MBEs by offering management and technical assistance through a nationwide network of business centers. All MBDA Business Centers serve businesses owned or controlled by persons or groups of persons from the following groups: American Indians and Native Americans (including Alaska Natives, Alaska Native Corporations, Tribal entities, Tribal universities and Tribal governments), African Americans, Asian Indian Americans, Asian and Pacific Islander Americans, Hasidic Jewish Americans, and Hispanic Americans. MBDA target clients are businesses with \$1.0 million or more in revenues.

The MBDA Business Centers provide services that include, but are not limited to, initial consultations and assessments, business technical assistance, and access to federal and non-federal procurement and financing opportunities. Specific performance requirements and metrics are used by MBDA to evaluate each business center and are a key component of the MBDA’s business development programs.

During fiscal year 2016, MBDA provided dedicated outreach to the AIAN population through the operation of six MBDA Business Centers—AIAN

in the following locations: Fresno, California; Santa Fe, New Mexico; Tulsa, Oklahoma; Bismarck, North Dakota; Anchorage, Alaska; and Bridgeport, Connecticut. For more details about the current goals and objectives of the MBDA Business Centers—AIAN, please see the Federal Funding Opportunity notice that was issued in 2012 at <http://www.mbda.gov/tribalconsult>.

Funding for the current MBDA Business Center—AIAN program will expire in August 2017. MBDA expects to renew its investment in Indian Country and has designed the tribal consultations to allow tribal governments and organizations an opportunity to provide information on how to better provide business development services and programs. The locations and approximate dates, and times of the meetings are provided below in Supplementary Information. The specific dates and times will be posted on MBDA’s Web site at <http://www.mbda.gov/tribalconsult>. The meetings are open to members of federally recognized tribes. In consideration of tribal leaders who are not able to attend a tribal consultation meeting, MBDA is also accepting written comments based on the questions listed below.

**II. Tribal Consultation Meetings**

Tribal consultation sessions are tentatively scheduled in association with the following events:

Date	Location	Event
1. Nov 1–3, 2016 .....	Tulsa, Oklahoma .....	Native American Contractors Association—Annual B2B Conference & Marketplace.
2. Nov 14–17, 2016 .....	Santa Fe, New Mexico .....	National Center for American Indian Enterprise Development—Reservation Economic Summit (RES) New Mexico.
3. November 14–17, 2016 .....	Minneapolis, MN .....	Long Term Services and Supports in Indian Country Conference.

Details about each Tribal consultation meeting will be posted on the MBDA Web site at: <http://www.mbda.gov/tribalconsult>. The MBDA Tribal consultation meetings are being hosted by the U.S. Federal Government. They are open and public meetings. They will be tape-recorded and transcribed so that we can retain valuable input and feedback. Registration for the non-governmental organization conferences is not mandatory to participate in the MBDA Tribal consultations.

**III. Questions for Public Comment**

Comments may be provided in response to any or all of the following questions. Please identify the specific AIAN community represented by the

comments (e.g., Cherokee Nation, Alaska Native village, Native American businesses off reservation, tribally-owned businesses):

1. Describe any self-governance entrepreneurial or business development programs that have resulted in positive impacts to your community’s economic development? What were the impacts and how did they come about?
2. What challenges exist to business development and job creation in AIAN communities? What ideas or solutions do you think would address these challenges?
3. What are your goals and priorities for advancing AIAN entrepreneurship and business development?

4. What are some best practices that you’ve seen implemented that positively address the business development challenges experienced by your community from either a self-governing perspective, and/or from Federal, state, or local programs?
5. Have you (or businesses from your Tribe/Tribal organization) been a client of a MBDA Business Center—AIAN?
  - a. If so, please describe the services and activities that have been most beneficial to growing their business and/or creating jobs:
    1. Access to private sector contracts;
    2. Access to Federal/State or Municipal contracts;
    3. Access to capital;
    4. Exporting;

5. Joint partnerships/teaming arrangements;

6. Other.

b. If you or your business have not been a client of a MBDA Business Center, please state reasons why, if any?

6. Do the goals and objectives of the MBDA Business Centers—AIAN align with your Tribe's business and economic development goals? If so, please elaborate. If not, please provide recommendations for improvements, enhancements or alternatives.

Comments must include the following: Name and title of commenter, name of tribe, tribal organization or business, AIAN location (if applicable), city, and state.

Dated: November 2, 2016.
