SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on August 19, 2016 at FR 81 FR 55470.

A. Overview of Information Collection

Title of Information Collection: Training Evaluation Form.

OMB Approval Number: 2577-0271.

Type of Request: Revision of currently approved collection.

Form Number: HUD 50945.

Description of the need for the information and proposed use: Executive Order 13571, “Streamlining Service Delivery and Improving Customer Service,” issued on April 27, 2011, states “The public deserves competent, efficient, and responsive service from the Federal Government. Executive departments and agencies (agencies) must continuously evaluate their performance in meeting this standard and work to improve it.” Executive Order 12862 “Setting Customer Service Standards,” issued on September 11, 1993, requires agencies that provide significant services directly to the public to identify and survey their customers, establish service standards and track performance against those standards, and benchmark customer service performance against the best in business.

To that end, the Office of Public and Indian Housing (PIH) will use a standardized training assessment instrument to evaluate learners’ reactions to training or technical assistance programs. With the information collected, PIH will measure, evaluate, and compare the performance of its various training programs over time. The design of this form follows industry-accepted best practices, allowing additional comparisons to other training programs in business and government.

Examples of how the Training Evaluation Form is currently being used and will be used are: To inspect HUD insured and assisted properties, prospective contract inspectors are required to successfully complete HUD Uniform Physical Condition Standards (UPCS) inspection training. The training consists of a pre-requisite computer-based component followed by an instructor-led component, each of which is evaluated using the Training Evaluation Form. To become familiar with the UPCS inspection process and requirements, thereby facilitating and enhancing maintenance of properties and preparation for upcoming contract inspections, public housing agency (PHA) employees and multifamily property owners and agents (POAs) are able to take a computer-based UPCS training, which is also evaluated using the Training Evaluation Form.

PIH proposes to use the training form in the future to evaluate training offered to contract inspectors who will be conducting Uniform Physical Condition Standards-Voucher (UPCS-V) inspections of 2.2 million Section 8 Housing Choice Voucher units.

PIH also proposes to use the training form in the future for all other training offered to PIH program participants and stakeholders on major regulatory changes. These sessions may be held as technical assistance seminars, conferences, briefings, or online webinars.

Respondents (i.e., affected public): The training evaluation form will be completed by members of the public and individuals at state and local government entities who participate in a HUD training course.
