

I. Abstract

The information gathered in this collection will be used to assess the efficacy of current and hypothetical park climate change messaging in cultivating both a sense of concern and inspiration to act among visitors. The information will be used primarily by NPS administrators, program managers, interpretive specialists, and educators. Results from the collection will be shared broadly across the NPS for application in the development, design, and delivery of climate change communications products.

II. Data

OMB Control Number: None.

Title: Visitor Perceptions of Climate Change in National Parks.

Type of Request: This is a new collection.

Affected Public: General public; Individual households.

Respondent Obligation: Voluntary.

Frequency of Collection: One time.

Estimated Number of Responses: 2,560.

Estimated Annual Burden Hours: 391 hours. We estimate the public reporting burden for both on-site surveys to be 13 minutes per completed response; two minutes to complete the non-response survey; and seven minutes complete the follow-up survey. These times also includes the time for the initial contact and time to explain the purpose of the study.

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost": We have not identified any "non-hour cost" burdens associated with this collection of information.

III. Comments

A Notice was published in the **Federal Register** (78 FR 58343) on September 23, 2013 stating that we intended to request OMB approval of our information collection described above. In this Notice, we solicited public comment for 60 days ending November 23, 2013. We did not receive any comments in response to that notice.

We again invite comments concerning this information collection on:

- Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful;
- The accuracy of the agency's estimate of the burden of the proposed collection of information;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden on the respondents, including the use of

automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: November 3, 2016.

Madonna L. Baucum,

Information Collection Clearance Officer,
National Park Service.

Notice of Temporary Concession Contract for Marina Operation, Food and Beverage, Retail and Campground Services in Fire Island National Seashore, New York

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service intends to award a temporary concession contract to a qualified person for the conduct of certain visitor services within Fire Island National Seashore for a term not to exceed 1 year. The visitor services include marina operation, food and beverage, retail and campground.

FOR FURTHER INFORMATION CONTACT: Judy Bassett, Northeast Regional Concession Chief, Northeast Region, 200 Chestnut Street, Philadelphia, PA 19106; Telephone (215) 597-4903, by email at Judy_Bassett@nps.gov.

SUPPLEMENTARY INFORMATION: The National Park Service intends to award the temporary concession contract, TC-FIIS007-17, to a qualified person (as defined in 36 CFR 51.3) that is currently operating under the existing contract. If the National Park Service is unable to reach acceptable terms, however, it may find another qualified person for the award of the temporary concession contract. The National Park Service has determined that a temporary concession contract not to exceed 1 year is

necessary in order to avoid interruption of visitor services, and has taken all reasonable and appropriate steps to consider alternatives to avoid an interruption of visitor services.

Authority: This action is issued pursuant to 36 CFR 51.24(a). This is not a request for proposals.

Mike Reynolds,

Deputy Director, National Park Service.

[NPS-WASO-CONC-22069; PPWOBSADCO, PPMVSCS1Y.Y00000]

Sole-Source Concession Contract for Lake Mead National Recreation Area

AGENCY: National Park Service, Interior.

ACTION: Notice of proposed award of sole-source concession contract for Lake Mead National Recreation Area.

SUMMARY: Public notice is hereby given that the National Park Service proposes to award a sole-source concession contract for the conduct of certain visitor services within Lake Mead National Recreation Area (Lake Mead NRA) for a term not to exceed five (5) years. The visitor services include the provision of wireless Internet access within remote but developed areas of Lake Mead NRA.

DATES: The term of the sole-source concession contract will commence (if awarded) no earlier than sixty (60) days from the publication of this notice.

SUPPLEMENTARY INFORMATION: The Director of the National Park Service (NPS) may award a concession contract non-competitively upon a determination that extraordinary circumstances exist under which compelling and equitable considerations require the award of the concession contract to a particular qualified person in the public interest (36 CFR 51.25). Contracts that are awarded non-competitively pursuant to 36 CFR 51.25 are commonly referred to as "sole-source" contracts.

The NPS has determined that BladeBeam, Inc. is a "qualified person" as defined by 36 CFR 51.3, and has determined that compelling and equitable considerations exist because of the difficulty of providing wireless Internet in the remote but developed areas of Lake Mead NRA, and because BladeBeam, Inc. is willing to make a significant investment with no guaranteed return.

The NPS has determined that a sole-source concession contract is in the public interest because it is the authorization most likely to allow a pilot test of providing wireless Internet services in remote but developed areas of Lake Mead NRA.

This is not a request for proposals. The NPS is seeking approval from the Principal Deputy Assistant Secretary for Fish and Wildlife and Parks contemporaneously.

Dated: October 20, 2016.

Michael Reynolds,

Deputy Director, National Park Service.

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-562 and 731-TA-1329 (Final)]

Ammonium Sulfate From China; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701-TA-562 and 731-TA-1329 (Final) pursuant to the Tariff Act of 1930 (“the Act”) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of ammonium sulfate from China, provided for in subheading 3102.21.00 of the Harmonized Tariff Schedule of the United States. The Department of Commerce has preliminarily determined that such imports are subsidized.

DATES: Effective October 24, 2016.

FOR FURTHER INFORMATION CONTACT:

Jordan Harriman (202-205-2610), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by

accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of an affirmative preliminary determination by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of ammonium sulfate.¹ The investigations were requested in petitions filed on May 25, 2016, by Pasadena Commodities International, Nitrogen LLC (Pasadena, Texas).

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these

¹For purposes of these investigations, the Department of Commerce has defined the subject merchandise as ammonium sulfate in all physical forms, with or without additives such as anti-caking agents. Ammonium sulfate, which may also be spelled as ammonium sulphate, has the chemical formula (NH₄)₂SO₄. The scope includes ammonium sulfate that is combined with other products, including by, for example, blending (*i.e.*, mixing granules of ammonium sulfate with granules of one or more other products), compounding (*i.e.*, when ammonium sulfate is compacted with one or more other products under high pressure), or granulating (incorporating multiple products into granules through, *e.g.*, a slurry process). For such combined products, only the ammonium sulfate component is covered by the scope of these investigations. Ammonium sulfate that has been combined with other products is included within the scope regardless of whether the combining occurs in countries other than China. Ammonium sulfate that is otherwise subject to these investigations is not excluded when commingled (*i.e.*, mixed or combined) with ammonium sulfate from sources not subject to these investigations. Only the subject component of such commingled products is covered by the scope of these investigations. The Chemical Abstracts Service (CAS) registry number for ammonium sulfate is 7783-20-2. The merchandise covered by these investigations is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 3102.21.0000. Although this HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope of these investigations is dispositive.

investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission’s rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission’s rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on December 28, 2016, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission’s rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on Thursday, January 12, 2017, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before January 10, 2017. A nonparty who has testimony that may aid the Commission’s deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should participate in a prehearing conference to be held on January 10, 2017, at the U.S. International Trade Commission Building, if deemed necessary. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission’s rules. Parties must submit
