History and Description of the Remains

At an unknown date, human remains representing, a minimum, 1 individual

were removed from an unknown location. In June 2014, an auction was posted that contained a human cranium, reportedly recovered by a private citizen from the Josiah Benner Farm, PA. The auction included a photograph, some battlefield objects, and an accompanying description that attributed the human remains and Civil War Era objects to the Battle of Gettysburg in 1863. The Josiah Benner Farm served as a field hospital during and immediately following the Battle of Gettysburg from July 1 to July 4, 1863.

Due to the public outcry and threat of a riot, the auction was cancelled. The human cranium and Civil War objects were donated to the Gettysburg Foundation. At the request of the Gettysburg Foundation, the human cranium was sent to the Smithsonian Institution's National Museum of Natural History for analysis. Forensic analysis of the cranium was used to determine whether the human cranium represented the remains of a Civil War soldier.

Forensic analysis indicates that the human cranium likely is the remains of a male, aged 22 to 25 years, whose ancestry is Native American and most closely associated with Indian tribes of the southwestern United States based on craniometrics measurements.

Stable isotope analysis and a radiocarbon sample were extracted from a fragmented left maxillary third molar. Stable isotope analysis indicates a diet largely comprised of C4 plants, likely maize, with moderate to low levels of meat protein. The AMS radiocarbon dating yielded results of 700 BP + 20 years. Calibrated date ranges are calculated to Cal AD 1269–1299 (94.53%) and Cal AD 1370–1379 (5.47%), respectively. The Civil War Era objects in the auction with the human cranium are not associated funerary objects.

Pursuant to 43 CFR 10.16, the Secretary of the Interior may make a recommendation for a transfer of control of culturally unidentifiable Native American human remains. In July 2016, the Gettysburg Foundation requested that the Secretary, through the Native American Graves Protection and Repatriation Review Committee, recommend the proposed transfer of control of the culturally unidentifiable Native American human remains in this notice to the Pueblo of San Felipe, New Mexico. The Review Committee, acting pursuant to its responsibility under 25 U.S.C. 3006(c)(5), considered the request at its September 2016 meeting and recommended to the Secretary that the proposed transfer of control proceed. An October 20, 2016 letter on

behalf of the Secretary of Interior from the National Park Service Associate Director, Cultural Resources, Partnerships, and Science transmitted the Secretary's independent review and concurrence with the Review Committee that:

- The Gettysburg Foundation consulted with the appropriate Indian tribes or Native Hawaiian organizations,
- none of The Consulted Tribes objected to the proposed transfer of control, and
- the Gettysburg Foundation may proceed with the agreed upon transfer of control of the culturally unidentifiable human remains to the Pueblo of San Felipe, New Mexico.

Transfer of control is contingent on the publication of a Notice of Inventory Completion in the **Federal Register**. This notice fulfills that requirement.

Determinations Made by the Gettysburg Foundation

Officials of the Gettysburg Foundation have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on the forensic analysis.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human and any present-day Indian tribe.
- Pursuant to 43 CFR 10.16, the disposition of the human remains will be to the Pueblo of San Felipe, New Mexico.

Additional Requestors and Disposition

Representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Daniel Bringman, Gettysburg Foundation, 1195 Baltimore Pike, Gettysburg, PA 17325, phone 717-339-2116, email dbringman@gettysburgfoundation.org by December 9, 2016. After that date, if no additional requestors have come forward, transfer of control of the human remains to the Pueblo of San Felipe, New Mexico may proceed.

The Gettysburg Foundation is responsible for notifying The Consulted Tribes that this notice has been published.

Dated: October 31, 2016.

Manager, National NAGPRA Program.
