

TABLE 1—FY 16 GRANTS FOR RIDES TO WELLNESS COMPETITION PROJECT SELECTIONS—Continued

State	Recipient	Project ID	Project description	Allocation
NC	Research Triangle Regional Public Transportation Authority.	D2016-RTWR-001-015	The Research Triangle Regional Public Transportation Authority of Durham, N.C., will receive \$65,600 to expand the Go Triangle Regional Call Center to improve coordinated transit planning and application assistance for paratransit riders who are low-income, uninsured or have mental health special needs. By co-locating paratransit mobility management services with fixed route mobility management services, the project will increase access to care. The project builds on a 2015 FTA-funded Healthcare Access Challenge Grant that tested solutions for transportation for low income, uninsured, or Medicaid consumers of behavior healthcare and developed a plan to implement solutions.	65,600

Total: \$7,211,518.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

2016 Mobility on Demand (MOD) Sandbox Program

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice of selections of Fiscal Year 2016 MOD Sandbox Program.

SUMMARY: The U.S. Department of Transportation's (DOT) Federal Transit Administration (FTA) announced the selection of 11 projects on October 13, 2016, (see Table 1) to receive \$7,931,080 in Fiscal Year (FY) 2014 and 2016 funding in support of FTA's Mobility on Demand (MOD) Sandbox Program.

On May 3, 2016, FTA published a Notice of Funding Opportunity (NOFO) (81 FR 26621) announcing the availability of \$8 Million for the 2016 MOD Sandbox Program. The MOD Sandbox Program is a new FTA research program to demonstrate and evaluate innovative approaches to integrating emerging mobility solutions within a public transportation framework. The program seeks to support transit agencies and communities as they navigate the dynamic, evolving landscape of personal mobility and integrated multimodal transportation networks. FTA is interested in conducting research on new service options in combination with available technologies that enable a traveler-centric approach to transportation, and provide better mobility options for everyone. FTA's MOD Sandbox Program provides a platform where integrated MOD concepts and solutions—supported through local partnerships—can be demonstrated in real-world settings.

FOR FURTHER INFORMATION CONTACT: The FTA Office of Research, Demonstration and Innovation will contact successful applicants regarding the next steps in applying for funds (see Table 1). Unsuccessful applicants may contact Christina Gikakis, Office of Research, Demonstration and Innovation at email address modsandbox@dot.gov to arrange a proposal debriefing within 30 days of this announcement.

SUPPLEMENTARY INFORMATION: In response to the MOD Sandbox NOFO, FTA received 78 eligible proposals requesting \$57,146,181 in Federal funds. Project proposals were evaluated based on each applicant's responsiveness to the program evaluation criteria published in the NOFO. FTA is funding 11 MOD Sandbox projects, as shown in Table 1, for a total of \$7,931,080.

Grantees selected for the MOD Sandbox Program should work with the FTA Office of Research, Demonstration and Innovation (TRI) to complete the cooperative agreement applications in FTA's electronic grants management system, Transit Award Management System (TrAMS).

Cooperative agreements must only include eligible activities applied for in the original project application. Project partner organizations identified as team members or sub-recipients in the original project application must be identified and included in the grant application in the capacity as originally proposed. Funds must be used consistent with the competitive proposal and for the eligible purposes established in the NOFO and described in the FTA *Circular 6100.1E*. Grantees are reminded that program requirements such as cost sharing or local match can be found in the NOFO and that applicants must provide the cost-share and source consistent with the selected proposal. A discretionary research project identification number has been assigned to each project, as shown in

Table 1, for tracking purposes and must be used in the TrAMS application.

Projects are eligible for pre-award authority with an effective date no earlier than October 13, 2016. Grantees seeking pre-award authority must request and receive approval from the TRI Associate Administrator through a Letter of No Prejudice. FTA may grant pre-award authority to any project under this program so long as all required conditions for pre-award authority have been met and the activities undertaken in advance of federal funding are contained in the approved project plan or statement of work. Post-award reporting requirements include submission of the Federal Financial Report and Milestone reports in TrAMS as appropriate (FTA *Circular 6100.1E* and *Circular 5010.1D*). The grantees must comply with all applicable Federal statutes, regulations, executive orders, FTA circulars, and other Federal requirements detailed in the current Master Agreement in carrying out the project supported by the FTA research grant. The current Master Agreement can be found in the following FTA Grant Agreements Web page: <https://www.transit.dot.gov/funding/grantee-resources/sample-fta-agreements/fta-grant-agreements>. In addition, FTA will issue special conditions for certain MOD Sandbox projects to include specific data collection and reporting requirements related to compliance areas such as provision of equivalent service under the Americans with Disabilities Act (ADA).

For non-selected applicants, FTA may contact certain MOD Sandbox applicant(s) whose proposals were not selected for Sandbox funding, but considered meritorious to advance the transit industry's knowledge on MOD. FTA encourages all non-selected Sandbox applicants to notify FTA's MOD Program Manager, Christina Gikakis, at email address modsandbox@dot.gov

dot.gov regarding their intent to proceed without FTA MOD Sandbox program funding. FTA may enter into agreements or other arrangements or relationships with these non-selected Sandbox applicants to collaborate in the format of technical assistance, such as data collection and analysis. Such agreements will assist FTA's effort in building a MOD Community of Practice (CoP) to maximize learning and opportunities for collaboration for all.

In addition, FTA intends to continue the dialogue with industry stakeholders on how FTA can continue to support innovative practices and shared-ride, on-demand mobility services. This may be done through an upcoming online dialogue to seek public comment on the overall MOD Program as it relates to advancing public transportation through the provision of flexible mobility choices and innovative business models. FTA also intends to issue

Frequently Asked Questions (FAQs), to further explain the eligibility of such services under current transit law and FTA's core programs, such as the Urbanized Area and Rural formula programs. FTA encourages your comments and questions, which can be submitted to *TransitInnovations@dot.gov*.

Carolyn Flowers,
Acting Administrator.

TABLE 1—2016 MOD SANDBOX PROGRAM PROJECT SELECTIONS

State	Recipient	Discretionary ID	Project title	FTA Allocation
AZ	Regional Transportation Authority of Pima County.	D2017-MODD-001	Adaptive Mobility with Reliability and Efficiency (AMORE)—Rita Ranch Area Pilot in Tucson.	\$669,158
AZ	Valley Metro Rail, Inc.	D2017-MODD-002	Mobility Platform	1,001,000
CA	City of Palo Alto	D2017-MODD-003; D2017-MODD-004	Bay Area Fair Value Commuting Demonstration.	1,085,000
CA	Los Angeles County Metropolitan Transportation Authority (Metro).	D2017-MODD-005	Los Angeles County and Puget Sound MOD Partnership.	1,350,000
CA	San Francisco Bay Area Rapid Transit District (BART).	D2017-MODD-006	Integrated Carpool to Transit Access Program.	358,000
FL	Pinellas Suncoast Transit Authority	D2017-MODD-007	Public-Private-Partnership for Paratransit Mobility on Demand Demonstration (P4-MOD).	500,000
IL	Chicago Transit Authority (CTA)	D2017-MODD-008	Integrated Fare Systems—From Transit Fare to Bike Share.	400,000
OR	Tri-County Metropolitan Transportation District of Oregon.	D2017-MODD-009	Open Trip Planner Share Use Mobility (OTP SUM): Open Trip Planner Integration of Transit with Shared-Use Mobility Real-Time and Data Enhancements.	678,000
TX	Dallas Area Rapid Transit	D2017-MODD-010	MOD Sandbox—The First and Last Mile Solution.	1,204,000

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2016 0115]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel FLACA; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by

MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before December 12, 2016.

ADDRESSES: Comments should refer to docket number MARAD-2016-0115. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on

the World Wide Web at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Bianca Carr, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-9309, Email Bianca.carr@dot.gov.

SUPPLEMENTARY INFORMATION:

As described by the applicant the intended service of the vessel FLACA is: Intended Commercial Use of Vessel: "Sailing day charters"

Geographic Region: "Puerto Rico"

The complete application is given in DOT docket MARAD-2016-0115 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the issuance of the waiver will
