Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

Total Annual Costs: \$22,140.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 151, 152, 154(i), 303 and 613.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On March 3, 2011, the Commission released a Notice of Proposed Rulemaking (NPRM), FCC 11–36, in the Communications and Video Accessibility Act (CVAA) Video Description proceeding, MB Docket No. 11–43. The NPRM proposed to reinstate the Commission's video description rules adopted in 2000. On April 22, 2011, the Office of Management and Budget (OMB) pre-approved the information collection requirements contained in the proposed rules. On August 25, 2011, the Commission released a Report and Order, FCC 11–126, in the CVAA Video Description proceeding, MB Docket No. 11–43. The Reported and Order adopted the proposed information collection requirements without change. The final rules were codified at 47 CFR 79.3. On September 8, 2011, OMB issued its final approval for the information collection requirements. As discussed below, the information collection requirements include (1) video programming provider petitions for exemption based on “economic burden” and (2) non-form consumer complaints alleging violations of the video description rules. On June 25, 2012, the Commission received OMB approval for the removal of a portion of the burden hours and costs that were approved under 3060–1148 and placed into collection 3060–0874 (relating to the FCC Form 2000). This modification was due to the filing of complaints alleging violations of the video description rules now being filed via FCC Form 2000C.

Video description is the insertion of audio narrated descriptions of a television program's key visual elements into natural pauses in the program's dialogue, makes video programming more accessible to individuals who are blind or visually impaired. In 2000, the Commission adopted rules requiring certain broadcasters and MVPDs to carry programming with video description. The United States Court of Appeals for the District of Columbia Circuit vacated the rules due to insufficient authority soon after their initial adoption. As directed by the CVAA, the Commission's Report and Order reinstated the video description rules, with certain modifications, effective October 8, 2011. The reinstated rules

require large-market broadcast affiliates of the top four national networks and multichannel video programming distributor (“MVPD”) systems with more than 50,000 subscribers to provide video description.

FEDERAL FINANCIAL INSTITUTIONS EXAMINATION COUNCIL

[Docket No. FFIEC-2016-0003]

Uniform Interagency Consumer Compliance Rating System

AGENCY: Federal Financial Institutions Examination Council (FFIEC).

ACTION: Notice; final guidance.

SUMMARY: The Federal Financial Institutions Examination Council (FFIEC), on behalf of its members, is revising the Uniform Interagency Consumer Compliance Rating System, more commonly known as the CC Rating System. The agencies comprising the FFIEC are the Board of Governors of the Federal Reserve System (FRB), the Consumer Financial Protection Bureau (CFPB), the Federal Deposit Insurance Corporation (FDIC), the National Credit Union Administration (NCUA), the Office of the Comptroller of the Currency (OCC), and the State Liaison Committee (SLC) (Agencies). The FFIEC promotes compliance with federal consumer protection laws and regulations through each agency's supervisory and outreach programs.

The CC Rating System revisions reflect the regulatory, examination (supervisory), technological, and market changes that have occurred in the years since the original rating system was established in 1980. The revisions are designed to better reflect current consumer compliance supervisory approaches and to more fully align the CC Rating System with the Agencies' current risk-based, tailored examination processes. The CC Rating System is being published after consideration of comments received from the public.

DATES: Effective March 31, 2017.
