Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Community Mental Health Services Block Grant and Substance Abuse and Prevention Treatment Block Grant FY 2018–2019 Plan and Report Guidance and Instructions (OMB No. 0930-0168)—Revision

The Substance Abuse and Mental Health Services Administration (SAMHSA) is requesting approval from the Office of Management and Budget (OMB) for a revision of the 2016–17 Community Mental Health Services Block Grant (MHBG) and Substance Abuse Prevention and Treatment Block Grant (SABG) Plan and Report Guidance and Instructions.

Currently, the SABG and the MHBG differ on a number of their practices (e.g., data collection at individual or aggregate levels) and statutory authorities (e.g., method of calculating MOE, stakeholder input requirements for planning, set asides for specific populations or programs, etc.). Historically, the Centers within SAMHSA that administer these block grants have had different approaches to application requirements and reporting. To compound this variation, states have different structures for accepting, planning, and accounting for the block grants and the prevention set aside within the SABG. As a result, how these dollars are spent and what is known about the services and clients that receive these funds varies by block grant and by state.

Increasingly, under the Affordable Care Act, more individuals are eligible for Medicaid and private insurance. This expansion of health insurance coverage will continue to have a significant impact on how State Mental Health Authorities (SMHAs) and Single State Agencies (SSAs) use their limited resources. In 2009, more than 39 percent of individuals with serious mental illnesses (SMI) or serious emotional disturbances (SED) were uninsured. Sixty percent of individuals with substance use disorders whose treatment and recovery support services were supported wholly or in part by SAMHSA block grant funds were also uninsured. A substantial proportion of this population has gained health insurance coverage since enactment of the Affordable Care Act and now has various outpatient and other services covered through Medicaid, Medicare, or private insurance. However, coverage provided by these plans and programs do not necessarily provide access to the full range of support services needed to achieve and maintain recovery for most of these individuals and their families.

Given these changes, SAMHSA has conveyed that block grant funds be directed toward four purposes: (1) To fund priority treatment and support services for individuals without insurance or who cycle in and out of health insurance coverage; (2) to fund those priority treatment and support services not covered by Medicaid, Medicare or private insurance offered through the exchanges and that demonstrate success in improving outcomes and/or supporting recovery; (3) to fund universal, selective and targeted prevention activities and services; and (4) to collect performance and outcome data to determine the ongoing effectiveness of behavioral health prevention, treatment and recovery support services and to plan the implementation of new services on a nationwide basis.

To help states meet the challenges of 2018 and beyond, and to foster the implementation and management of an integrated physical health and mental health and addiction service system, SAMHSA must establish standards and expectations that will lead to an improved system of care for individuals with or at risk of mental and substance use disorders. Therefore, this application package includes fully exercising SAMHSA's existing authority regarding states', territories' and the Red Lake Band of the Chippewa Tribe's (subsequently referred to as "states") use of block grant funds as they fully integrate behavioral health services into the broader health care continuum.

Consistent with previous applications, the FY 2018–2019 application has sections that are required and other sections where additional information is requested. The FY 2018–2019 application requires states to submit a face sheet, a table of contents, a behavioral health assessment and plan, reports of expenditures and persons served, an executive summary, and funding agreements and certifications. In addition, SAMHSA is requesting information on key areas that are critical to the states success in addressing health care integration. Therefore, as part of this block grant planning process, SAMHSA is asking states to identify both their promising or effective strategies as well as their technical assistance needs to implement the strategies they identify in their plans for FYs 2018 and 2019.

To facilitate an efficient application process for states in FYs 2018–2019, SAMHSA convened an internal workgroup to review and modify the application for the block grant planning section. In addition, SAMHSA utilized the questions and requests for

clarification from representatives from SMHAs and SSAs to inform the proposed changes to the block grants. Based on these discussions with states, SAMHSA is proposing several changes to the block grant programs as discussed in greater detail below.

Changes to Assessment and Planning Activities

The proposed revisions reflect changes within the planning section of the application. The most significant change involves a movement away from a request for multiple narrative descriptions of the state’s activities in a variety of areas to a more quantitative response to specific questions, reflecting statutory or regulatory requirements where applicable, or reflecting specific uses of block grant funding. In addition, to respond to the requests from states, the required and requested sections have been clearly identified.

The FY 2016–2017 application sections that gave states policy guidance on the planning and implementation of system issues which were not authorized services under either block grant have been eliminated to avoid confusion. In addition, the statutory criteria which govern the plan, report and application have been included in the document as references.

Other specific proposed revisions are described below:

- *Health Care System, Parity and Integration*—This section is a consolidation of the FY 2016–2017 sections on the Affordable Care Act, health insurance marketplace, parity, enrollment and primary and behavioral health care integration. It is vital that SMHAs and SSAs programming and

planning reflect the strong connection between behavioral and physical health. Fragmented or discontinuous care may result in inadequate diagnosis and treatment of both physical and behavioral conditions, including co-occurring disorders. Health care professionals, consumers of mental, substance use disorders, co-occurring mental, and substance use disorders treatment recognize the need for improved coordination of care and integration of primary and behavioral health care. Health information technology, including electronic health records (EHRs), and telehealth are examples of important strategies to promote integrated care. Use of EHRs—in full compliance with applicable legal requirements—may allow providers to share information, coordinate care and improve billing practices.

- *Evidenced-Based Practices for Early Intervention for the MHBG*—In its FY 2016 appropriation, SAMHSA was directed to require that states set aside 10 percent of their MHBG allocation to support evidence-based programs that provide treatment to those with early SMI including but not limited to psychosis at any age. SAMHSA worked collaboratively with the National Institute on Mental Health (NIMH) to review evidence showing efficacy of specific practices in ameliorating SMI and promoting improved functioning. NIMH has released information on Components of Coordinated Specialty Care (CSC) for First Episode Psychosis. Results from the NIMH funded *Recovery After an Initial Schizophrenia Episode (RAISE)* initiative, a research project of the NIMH, suggest that mental health providers across multiple disciplines

can learn the principles of CSC for First Episode of Psychosis (FEP), and apply these skills to engage and treat persons in the early stages of psychotic illness.

States can implement models across a continuum, which have demonstrated efficacy, including the range of services and principles identified by NIMH. Utilizing these principles, regardless of the amount of investment, and with leveraging funds through inclusion of services reimbursed by Medicaid or private insurance, every state will be able to begin to move their system toward earlier intervention, or enhance the services already being implemented.

Other Changes

While the statutory deadlines and block grant award periods remain unchanged, SAMHSA encourages states to turn in their application as early as possible to allow for a full discussion and review by SAMHSA. Applications for the MHBG-only is due no later than September 1, 2017. The application for SABG-only is due no later than October 1, 2017. A single application for MHBG and SABG is due no later than September 1, 2017.

Estimates of Annualized Hour Burden

The estimated annualized burden for the uniform application is 33,374 hours. Burden estimates are broken out in the following tables showing burden separately for Year 1 and Year 2. Year 1 includes the estimates of burden for the uniform application and annual reporting. Year 2 includes the estimates of burden for the recordkeeping and annual reporting. The reporting burden remains constant for both years.

TABLE 1—ESTIMATES OF APPLICATION AND REPORTING BURDEN FOR YEAR 1

Substance Abuse Prevention and Treatment and Community Mental Health Services Block Grants

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5913-N-33]

60-Day Notice of Proposed Information Collection: Home Equity Conversion Mortgage (HECM) Insurance Application for the Origination of Reverse Mortgages and Related Documents

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* January 23, 2017.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

FOR FURTHER INFORMATION CONTACT: Cheryl Walker, Director, Home Valuation Policy Division, Department of Housing and Urban Development, 451-7th Street SW., Washington, DC 20410; email Colette Pollard at Colette.Pollard@hud.gov or telephone 202-402-3400. This is not a toll-free number. Persons with hearing or speech impairments may access this number

through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Home Equity Conversion Mortgage (HECM) Insurance Application for the Origination of Reverse Mortgages and Related Documents.

OMB Approval Number: 2502-0524.

Type of Request: Revision.

Form Number: HUD-92901, HUD-92902, HUD-92051, HUD-92561, HUD-92800.5b, HUD-92900-A, HUD-1, HUD-1Addendum, Fannie Mae (FNMA)-1009, FNMA-1025, FNMA-1003, FNMA-1004, FNMA-1004c, FNMA-1073.

Description of the need for the information and proposed use: The Home Equity Conversion Mortgage (HECM) program is the Federal Housing Administration's (FHA) reverse mortgage program that enables seniors who have equity in their homes to withdraw a portion of the accumulated equity. The intent of the HECM Program is to ease the financial burden on elderly homeowners facing increased health, housing, and subsistence costs at a time of reduced income. The currently approved information collection is necessary to screen mortgage insurance applications in order to protect the FHA insurance fund and the interests of consumers and potential borrowers.

Respondents: 1,603.

Estimated Number of Respondents: 1,603.

Estimated Number of Responses: 80,000.

Frequency of Response: Occasionally.

Average Hours per Response: 3.41.

Total Estimated Burdens: \$11,366,400.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed

collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: November 10, 2016.

Janet M. Golrick,

Associate General Deputy Assistant Secretary for Housing Associate Deputy Federal Housing Commissioner.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R2-ES-2016-N189;
FXES1114020000-178-FF02ENEH00]

Receipt of an Incidental Take Permit Application To Participate in the Amended American Burying Beetle Oil and Gas Industry Conservation Plan in Oklahoma

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comments.

SUMMARY: Under the Endangered Species Act, as amended (Act), we, the U.S. Fish and Wildlife Service, invite the public to comment on an incidental take permit application for federally listed American burying beetle (ABB) take resulting from activities associated with oil and gas well field infrastructure geophysical exploration (seismic) and construction, maintenance, operation, repair, and decommissioning in Oklahoma. If approved, the permit would be issued under the approved *Amended Oil and Gas Industry Conservation Plan (ICP) Associated with Issuing Endangered Species Act Section 10(a)(1)(B) American Burying Beetle Permits Oklahoma*.
