

and information services throughout the United States, including programs conducted with funds made available by IMLS; identifying, and disseminating information on, the best practices of such programs; and developing plans to improve museum, library, and information services of the United States and strengthen national, State, local, regional, and international communications and cooperative networks (20 U.S.C. 72, 20 U.S.C. 9108).

The purpose of this survey is to Community Catalyst: The Roles of Libraries and Museums as Enablers of Community Vitality and Co-creators of Positive Community Change (Community Catalyst)—A National Leadership Grants Special Initiative. National Leadership Grants for Libraries (NLG-Libraries) and National Leadership Grants for Museums (NLG-Museums), under which this special initiative falls, support projects that address challenges faced by the library and museum fields and that have the potential to advance practice in those fields. Successful projects will generate results such as new tools, research findings, models, services, practices, or alliances that can be widely used, adapted, scaled, or replicated to extend the benefits of federal investment. This special joint NLG-Libraries and NLG-Museums initiative invites proposals for the development and testing of approaches to deepen and sustain the collaborative work that libraries and museums engage in with their communities. Funded projects will help to create foundations for enhanced collective impact in communities, especially working with those from diverse economic, social and cultural backgrounds and will involve key partners including community service organizations, government entities, community-focused businesses, and/or funders. The goal is to help build additional capacity in libraries and museums to become enablers of community vitality and co-creators of positive community change.

## NATIONAL SCIENCE FOUNDATION

### Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

**AGENCY:** National Science Foundation.

**ACTION:** Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978, Public Law 95-541.

**SUMMARY:** The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

**DATES:** Interested parties are invited to submit written data, comments, or views with respect to this permit

application by December 23, 2016. This application may be inspected by interested parties at the Permit Office, address below.

**ADDRESSES:** Comments should be addressed to Permit Office, Room 755, Division of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

**FOR FURTHER INFORMATION CONTACT:** Nature McGinn, ACA Permit Officer, at the above address or [ACApermits@nsf.gov](mailto:ACApermits@nsf.gov).

**SUPPLEMENTARY INFORMATION:** The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

### Application Details

1. *Applicant—Permit Application:* 2017-036

Lisa Tauxe, Scripps Institute of Oceanography, 9500 Gilman Drive, La Jolla, CA 92093

### Activity for Which Permit Is Requested

Enter Antarctic Specially Protected Area (ASPA). The applicant proposes to enter ASPA No. 124, Cape Crozier, to collect small rock samples. The applicant proposes to enter the ASPA on foot to access sites for rock collection near the ASPA boundary and via helicopter to access sites well within the ASPA, but away from the penguin and skua colonies. The rock samples will be collected from areas of exposed lava flow tops and away from plant life. The samples will be archived at the home institution.

### Location

Cape Crozier, ASPA 124.

### Dates

December 15-30, 2016.
