

In March 1990, human remains representing, at a minimum, 1 individual, were removed from an unknown site, Deer Creek Lake, Pickaway County, OH. There are no published documents or original field documents detailing the discovery and collection of this material. The human remains and funerary objects have been housed at the Ohio Historical Society. No known individuals were identified. The 16 funerary objects are 1 broken bottle glass fragment, 1 miscellaneous stone, 1 biface, 1 flake, 6 fragments of unworked faunal remains, 5 worked deer antler tips, and 1 field tile.

Based on the physical characteristics of the remains and associated objects listed in this notice, the human remains are determined to be of Native American ancestry. Archaeological evidence indicated a Fort Ancient period occupation at this site from A.D. 1000 to 1700. Five lines of evidence support a cultural affiliation finding for the site including geographical, archeological, anthropological, historical, and oral history information gathered during consultation. The Shawnee are generally considered the 'southerners' or the southernmost of the Algonquian-speaking tribes, and oral tradition places their homeland along the central Ohio River Valley. The Shawnee are often associated with the Fort Ancient peoples who occupied the Ohio River Valley and have a long association with this territory in which they were first encountered by the Europeans by the mid seventeenth century including areas of southern Ohio, northern Kentucky, and western West Virginia. The location of Fort Ancient archeological sites within the Huntington District indicates that a strong historical and ethnohistorical link showing the region was occupied by the Shawnees in the early historic period. Based on the geographic, anthropological, linguistic, anthropological, and historical evidence, and information gained during consultation, Huntington District has determined that the human remains and associated funerary objects from the sites listed in this notice are culturally affiliated with the Shawnee. The three federally recognized tribes with standing under NAGPRA are the Absentee-Shawnee Tribe of Indians of Oklahoma, the Eastern Shawnee Tribe of Oklahoma, and the Shawnee Tribe.

#### Determinations Made by the Huntington District

Officials of the Huntington District have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice

represent the physical remains of 90 individuals of Native American ancestry.

- Pursuant to 25 U.S.C. 3001(3)(A), the 3,146 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and the Absentee-Shawnee Tribe of Indians of Oklahoma, the Eastern Shawnee Tribe of Oklahoma, and the Shawnee Tribe.

#### Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Mr. Rodney Parker, District Archaeologist, U.S. Army Corps of Engineers, Huntington District, 502 Eighth Street, Huntington, WV 25701, telephone (304) 399-5729, email [rodney.d.parker@usace.army.mil](mailto:rodney.d.parker@usace.army.mil), by January 3, 2017. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Absentee-Shawnee Tribe of Indians of Oklahoma, the Eastern Shawnee Tribe of Oklahoma, and the Shawnee Tribe may proceed.

The Huntington District is responsible for notifying The Consulted Tribes that this notice has been published.

Dated: November 15, 2016.
