

a voice-mail message in lieu of providing notice in a local newspaper of general circulation. I understand that this waiver is in effect for a period not to exceed 12 months from the date of HUD approval.

K. 24 CFR 982.503(C) (HUD APPROVAL OF EXCEPTION PAYMENT STANDARD AMOUNT). (Housing Voucher Management and Operations)

My agency requests to establish an exception payment standard amount that is higher than 110 percent of the published fair market rent (FMR). I have attached our proposed emergency exception payment standard schedule, which shows both the dollar amounts requested and those amounts as a percentage of the FMRs in effect at the time of the request. I understand that any approved exception payment standard will remain in effect until such time as HUD revises the FMRs for the area. I also understand that increased per-family costs resulting from the use of such exception payment standard may result in a reduction in the number of families assisted or may require my agency to adopt other cost-saving measures.

L. 24 CFR 982.401(D) (HOUSING QUALITY STANDARDS; SPACE AND SECURITY). (Housing Voucher Management and

Operations)

My agency requests a waiver of 24 CFR 982.401(d) so that we may allow families to occupy units that are smaller than our occupancy standards would otherwise dictate. I understand that this waiver is in effect only for HAPs entered into during the 12-month period following the date of HUD approval, and then only with the written consent of the family.

M. 24 CFR 982.633(A) (OCCUPANCY OF HOME). (Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 982.633(a) so that we may continue HAP for homeownership for families displaced from their homes if needed to comply with mortgage terms or make necessary repairs. We have determined that the family is not receiving assistance from another source. I understand that such payments must cease if the family remains absent from their home for more than 180 consecutive calendar days.

N. 24 CFR 984.303(D) (CONTRACT OF PARTICIPATION; CONTRACT EXTENSION). (Public Housing Management and Occupancy; Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 984.303(d) so that a family's contract of

participation may be extended for up to 3 years. I understand that such extensions may be made only during the 12-month period following the date of HUD approval.

O. 24 CFR 985.101(A) (SECTION 8 MANAGEMENT ASSESSMENT PROGRAM (SEMAP)). (Housing Voucher Management and Operations)

My agency requests a waiver of 24 CFR 985.101(a) so that our SEMAP score from the previous year may be carried over. My agency has a fiscal year end of 9/30/16, 12/31/16, or 3/31/17.

P. NOTICE PIH 2012-10, SECTION 8(C) (VERIFICATION OF THE SOCIAL SECURITY NUMBER (SSN)) (REAC)

My agency requests a waiver of section 8(c) of Notice PIH 2012-10 to allow for the submission of Form HUD-50058 90 calendars days from receipt of an applicant's or participant's SSN documentation. I understand that this waiver will be in effect for a period not to exceed 12 months from the date of HUD approval.

Q. WAIVERS NOT IDENTIFIED IN FR-5987-N-01.

My agency seeks waivers of the HUD requirements listed below. I have included documentation justifying the need for the waivers.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we complete the CCP process for Glacial Ridge National Wildlife Refuge, which we began by publishing a notice of intent in the **Federal Register** (78 FR 3909) on January 17, 2013. For more about the initial process and the history of this refuge, see that notice. We released the draft CCP and EA to the public, announcing and requesting comments in a notice of availability (81 FR 31655) on May 19, 2016. The 42-day comment period ended on June 20, 2016. A summary of public comments and the agency responses are included in the final CCP.

Background

The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-668ee) (Administration Act), requires us to develop a CCP for each national wildlife refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System (NWRS), consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Each unit of the NWRS was established for specific purposes. We use these purposes as the foundation for developing and prioritizing the management goals and objectives for each refuge within the NWRS mission, and to determine how the public can use each refuge. The planning process is a way for us and the public to evaluate management goals and objectives that will ensure the best possible approach to wildlife, plant, and habitat conservation, while providing for wildlife-dependent recreation opportunities that are compatible with each refuge's establishing purposes and the mission of the NWRS.

Additional Information

The final CCP/EA may be found at <http://www.fws.gov/midwest/planning/glacialridge/index.html>. The document incorporates an EA and FONSI, prepared in accordance with the National Environmental Policy Act (NEPA) (43 U.S.C. 4321 *et seq.*). The CCP/EA includes detailed information about the planning process, refuge, issues, and management alternatives considered and proposed. The EA includes discussions of three alternative refuge management options. The Service's preferred alternative is reflected in the final CCP.

The selected alternative for Glacial Ridge NWR includes refuge management actions that approximate ecological processes that maintained native habitats prior to European
