

**ENVIRONMENTAL PROTECTION
AGENCY**
[EPA-HQ-OPPT-2013-0677; FRL-9956-01]
**Receipt of Information Under the Toxic
Substances Control Act**
AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing its receipt of information submitted pursuant to a rule, order, or consent agreement issued under the Toxic Substances Control Act (TSCA). As required by TSCA, this document identifies each chemical substance and/or mixture for which information has been received; the uses or intended uses of such chemical substance and/or mixture; and describes the nature of the information received. Each chemical substance and/or mixture related to this announcement is identified in Unit I. under

SUPPLEMENTARY INFORMATION.

FOR FURTHER INFORMATION CONTACT: For technical information contact: Hannah Braun, Chemical Control Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (202) 564-5614; email address: braun.hannah@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:
I. Chemical Substances and/or Mixtures

Information received about the following chemical substances and/or mixtures is identified in Unit IV.:

- A. *Ethanedioic acid* (CASRN 144-62-7).
B. *Octamethylcyclotetrasiloxane (D4)* (CASRN 556-67-2).

II. Authority

Section 4(d) of TSCA (15 U.S.C. 2603(d)) requires EPA to publish a notice in the **Federal Register** reporting the receipt of information submitted pursuant to a rule, order, or consent agreement promulgated under TSCA section 4 (15 U.S.C. 2603).

III. Docket Information

A docket, identified by the docket identification (ID) number EPA-HQ-OPPT-2013-0677, has been established for this **Federal Register** document, which announces the receipt of the information. Upon EPA's completion of its quality assurance review, the

information received will be added to the docket identified in Unit IV., which represents the docket used for the TSCA section 4 rule, order, and/or consent agreement. In addition, once completed, EPA reviews of the information received will be added to the same docket. Use the docket ID number provided in Unit IV. to access the information received and any available EPA review.

EPA's dockets are available electronically at <http://www.regulations.gov> or in person at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

IV. Information Received

As specified by TSCA section 4(d), this unit identifies the information received by EPA.

A. Ethanedioic Acid (CASRN 144-62-7)

1. *Chemical Uses:* Ethanedioic acid is used as a rust remover; in antirust metal cleaners and coatings; as a flame-proofing and cross-linking agent in cellulose fabrics; as a reducing agent in mordant wool dyeing; as an acid dye stabilizing agent in nylon; as a scouring agent for cotton printing; and as a dye stripper for wool. Ethanedioic acid is also used for degumming silk; for the separation and recovery of rare earth elements from ore; for bleaching leather and masonry; for cleaning aluminum and wood decks; and as a synthetic intermediate for pharmaceuticals.

2. *Applicable Rule, Order, or Consent Agreement:* Chemical testing requirements for second group of high production volume chemicals (HPV2), 40 CFR 799.5087.

3. *Applicable docket ID number:* The information received will be added to docket ID number EPA-HQ-OPPT-2007-0531.

4. *Information Received:* EPA received the following information: Exemption Request.

B. Octamethylcyclotetrasiloxane (D4) (CASRN 556-67-2)

1. *Chemical Uses:* D4 is used as an intermediate for silicone copolymers and other chemicals. D4 is also used in

industrial processing applications as a solvent (which becomes part of a product formulation or mixture), finishing agent, and an adhesive and sealant chemical. It is also used for both consumer and commercial purposes in paints and coatings, and plastic and rubber products and has consumer uses in polishes, sanitation, soaps, detergents, adhesives, and sealants.

2. *Applicable Rule, Order, or Consent Agreement:* Enforceable Consent Agreement for Environmental Testing for Octamethylcyclotetrasiloxane (D4) (CASRN 556-67-2).

3. *Applicable docket ID number:* The information received will be added to docket ID number EPA-HQ-OPPT-2012-0209.

4. *Information Received:* EPA received the following information: Benthic sampling events update.

Authority: 15 U.S.C. 2601 *et seq.*

Dated: December 6, 2016.

Lynn Vendinello,

*Acting Director, Chemical Control Division,
Office of Pollution Prevention and Toxics.*

[FR Doc. 2016-29889 Filed 12-12-16; 8:45 am]

BILLING CODE 6560-50-P

**ENVIRONMENTAL PROTECTION
AGENCY**
**[EPA-HQ-OW-2013-0710; FRL-9956-48-
Region 5]**
**State Program Requirements;
Approval of Program Revisions to
Michigan's Clean Water Act Section
404 Program**
AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of decision.

SUMMARY: In a July 5, 2013, letter, the Michigan Department of Environmental Quality (MDEQ) requested that the Environmental Protection Agency (EPA) approve revisions to the State's Clean Water Act (CWA) Section 404 permitting program that resulted from the enactment of Michigan Public Act 98 (PA 98). CWA Section 404 requires permits for dredge and fill activities in wetlands subject to federal jurisdiction. A state CWA Section 404 program must be conducted in accordance with the requirements of CWA Section 404 and its implementing regulations. Any revisions to state CWA programs must be approved by EPA before the revision may be implemented. Substantial modifications to a state's CWA Section 404 program become effective upon EPA approval and publication of EPA's decision in the **Federal Register**.

EPA has reviewed the proposed revisions to Michigan's Section 404

program within the sections of the Michigan statute modified by PA 98 and has found a majority of revisions within PA 98 sections to be consistent with the CWA and approvable. Other revisions are inconsistent with the CWA and thus not approvable.

DATES: Pursuant to 40 CFR 233.16(d)(4), the following revisions to Michigan's CWA Section 404 program are approved and in effect upon publication of this notice.

FOR FURTHER INFORMATION CONTACT:

Melanie Burdick, Watersheds and Wetlands Branch (WW-16j), U.S. Environmental Protection Agency, Region 5, 77 W. Jackson Blvd., Chicago, Illinois 60604; call toll free: 800-621-8431, weekdays, 8:30 a.m. to 4:30 p.m. Central time; fax number: 312-697-2598; email address: burdick.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action applies to the MDEQ's CWA Section 404 program. Approval of these provisions affects those seeking CWA Section 404 dredge and fill permits from the State of Michigan.

B. How can I get copies of this decision and other related information?

Docket

EPA has established a docket for this action under Docket ID No. EPA-HQ-OW-2013-0710; [FRL 9956-48-REGION 5]. All publicly available materials related to this action are available either electronically through www.regulations.gov or in hard copy at the Water Docket in the EPA Docket Center, (EPA/DC) EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744. You may access this **Federal Register** document electronically from the Government Printing Office under the "**Federal Register**" listings at FDSys <http://www.gpo.gov/fdsys/>. Insert: EPA-HQ-OW-2013-0710; FRL 9956-48-Region 5 in the search field.

II. Background and Scope of MDEQ Program Revisions

Under Section 404 of the CWA, permits are required for activities involving discharges of dredged or fill material to waters of the United States, including wetlands, lakes and streams. Michigan assumed CWA Section 404

permitting authority for its inland waters and wetlands in 1984. A state-assumed CWA Section 404 program must be conducted in accordance with the requirements of the CWA and its implementing regulations at 40 CFR part 233 (33 U.S.C. 1344(h), 40 CFR 233.1). In February 1997, EPA received a request from the Michigan Environmental Council to either ensure that the administration of Michigan's Section 404 program was consistent with the CWA, or withdraw Michigan's authority to administer the Section 404 program. In response to the request, EPA initiated an informal review of Michigan's administration of the Section 404 program. This Program Review was completed in April 2008. The 2008 Program Review identified several deficiencies in Michigan's Section 404 program. In response to the 2008 Program Review findings, MDEQ proposed a list of corrective actions to address those deficiencies. These corrective actions included making changes to the State's statutes governing state administration of the Section 404 program. On July 2, 2013, Michigan enacted PA 98 which contained significant amendments to Parts 301 (Inland Lakes and Streams) and 303 (Wetlands Protection) of Michigan's Natural Resources and Environmental Protection Act. The statutory amendments included changes intended to address the legislative corrective actions identified in EPA's 2008 Program Review; changes to the definition of contiguous wetlands regulated by Michigan's Section 404 program; the addition of new exemptions from permitting; and changes to the requirements for mitigating the effects of filling wetlands and other waters of the United States. The program revisions resulting from enactment of PA 98 are described EPA's *Supporting document for EPA decision to approve/deny Michigan's section 404 program statute changes in Public Act 98* which can be found in the docket for this action which is available electronically through www.regulations.gov, Docket ID No. EPA-HQ-OW-2013-0710.

On July 5, 2013, the MDEQ submitted PA 98 to EPA as a proposed revision to its CWA Section 404 program and requested EPA approval of the revisions. Per the regulations at 40 CFR 233.16(d)(3), EPA held a public hearing on December 11, 2013, sought public comment, and consulted with the Corps of Engineers and the U.S. Fish and Wildlife Service on the program revisions contained in PA 98. (Note: The U.S. National Marine Fisheries Service

did not respond to EPA's request to consult.) The EPA also consulted with interested tribes per Executive Order 13175 and EPA policy.

In a letter to the MDEQ dated November 24, 2014, EPA requested clarification on the State's interpretation of a number of provisions within PA 98. The Michigan Department of the Attorney General responded to this request for clarification in a letter dated May 27, 2015. A copy of these letters can be found in the docket at: www.regulations.gov, Docket ID No. EPA-HQ-OW-2013-0710.

EPA has reviewed the proposed revisions within the sections of the Michigan statutes modified by PA 98, and has found a majority of the revisions to be fully consistent with the CWA and are approved. Other revisions are inconsistent and thus not approved.

III. Summary of Public Comments

The EPA solicited and received public comment on the proposed revisions to Michigan's Section 404 program resulting from PA 98 via testimony at a December 11, 2013, public hearing, electronically through www.regulations.gov, and by written submissions to the docket for this action. Through these efforts, EPA received a total of 286 comments. Of the 134 unique comments received: 82 expressed support of EPA approval of the proposed program revisions resulting from PA 98, 49 opposed EPA approval, and the remaining commenters did not express support for approval or disapproval of the revisions. The majority of commenters simply indicated whether they supported or did not support EPA approval of the program revisions in PA 98. While some commenters provided detailed rationale for their viewpoint, many did not. Most comments that supported approval of the program revisions in PA 98 also identified support for economic development in Michigan. Comments supporting approval of the revisions were from a diverse group of interests including agriculture, oil and gas, drain commissions, land development, home building, and manufacturing. Those commenters who expressed opposition to approval of the program revisions highlighted concern for environmental protection of rivers, lakes, and wetlands. These commenters felt that PA 98 did not adequately address the inconsistencies between Michigan's program and the CWA identified in EPA's 2008 Program Review and that additional provisions in PA 98 were inconsistent with the CWA requirements. Regardless of positions taken on EPA's approval of the

proposed program revisions, most commenters supported Michigan’s retention of the CWA Section 404 permitting program. Consistent with Executive Order 13175 and EPA’s policy on *Consultation and Coordination with Indian Tribes* (<http://www.epa.gov/tribal/consultation/consult-policy.htm>), EPA held government-to-government consultation teleconferences with four interested Michigan tribal organizations on January 23, 2014. EPA received written comments from two tribes. All public comments received, EPA’s *Summary of Public Comments and Responsiveness Summary* and a summary of EPA’s consultation with tribes can be found in the docket at: www.regulations.gov, Docket ID No. EPA–HQ–OW–2013–0710; [FRL 9956–48–REGION 5].

IV. Notice of Decision

Pursuant to 40 CFR 233.16(d)(4), EPA has reviewed the proposed revisions to Michigan’s Section 404 program resulting from enactment of PA 98 for consistency with the CWA and its implementing regulations. Where EPA has determined that the proposed revisions meet the minimum requirements of the CWA and implementing regulations, EPA has approved the revisions which are in effect upon publication of this notice. EPA has disapproved those revisions that do not meet these minimum requirements.

EPA’s review of the proposed revisions to Michigan’s Section 404 program resulting from PA 98 does not constitute a comprehensive review of

the State’s program for conformance with the CWA, but rather addresses only proposed changes to Michigan’s program related to PA 98 ensuring their consistency with CWA Section 404 and its implementing federal regulations. Information about the proposed revisions to Michigan’s Section 404 program pursuant to PA 98, the public hearing, EPA’s response to comments and other supporting documents are available at: www.regulations.gov/ (insert: EPA–HQ–OW–2013–0710 in the search field).

I hereby provide public notice that EPA has taken final action on the proposed revisions to MDEQ’s CWA Section 404 program as outlined in Tables 1–2 below.

TABLE 1—PROVISIONS OF PA 98 CONSISTENT WITH REQUIREMENTS OF CWA SECTION 404

PA 98 Provision—with descriptor	Decision
Sec. 1307 Permit Processing Timeframes	Approved.
Sec. 30101a. Statement of Purpose	Approved.
Sec. 30103(1)(d)(i) and (ii) Exemption for Maintenance of Agricultural Drains	Approved.
Sec. 30103(1)(e) Modification of Waste Treatment Exemption	Approved.
Sec. 30103(1)(f) Modification of Minor Drainage Exemption	Approved.
Sec. 30103(1)(g)(i)–(vi) and (viii) Modification of Drain Maintenance Exemption	Approved.
Sec. 30103(3) Definition of Agricultural Drain Added	Approved.
Sec. 30104 Changes in Michigan’s Fee Requirements	Approved.
Sec. 30105(3) and (5) Modification of Public Notice Provisions	Approved.
Sec. 30105(8)(b) Modification of Maintenance and Repair of Existing Pipelines Provision	Approved.
Sec. 30105(9) Modification of Section Authorizing Conditions for a Minor Project Category or General Permit	Approved.
Sec. 30105(11) General Permit for Drain Activities	Approved.
Sec. 30305(2)(d) Modification of Exemption for Grazing	Approved.
Sec. 30305(2)(e) Modification of Exemption for Farming, Horticulture, Agriculture, Silviculture, Lumbering and Ranching.	Approved.
Sec. 30305(2)(h) Modification of Agricultural Drain Maintenance Exemption	Approved.
Sec. 30305(2)(i) Exemption for Drain Maintenance	Approved: EPA recommends the language is clarified.
Sec. 30305(2)(j) Modification of Road Maintenance Exemption	Approved.
Sec. 30305(2)(j) Deletion of Farm Production and Harvesting Exemption	Approved.
Sec. 30305(2)(k) Modification of Maintenance of Public Streets Exemption	Approved.
Sec. 30305(2)(l) Modification of Utility Line Maintenance Exemption	Approved: with the condition that the 2011 MOA will be revised.
Sec. 30305(2)(o) Deletion of Construction of Tailings Basin Exemption	Approved.
Sec. 30305(4)(a) Modification of Wetlands Incidentally Created as Part of Sand, Gravel or Mineral Mining Exemption	Approved.
Sec. 30305(8) Definition of Agricultural Drain	Approved.
Sec. 30306(1)–(6) Modification of Application Requirements and Fees	Approved.
Sec. 30306(7) Modification of Conditional Permits Under Emergency Conditions	Approved.
Sec. 30306b Modification of Application Fees and Other Requirements	Approved.
Sec. 30311(5)–(6) Consideration of Feasible and Prudent Alternatives	Approved.
Sec. 30311a Deletion of Former Sections 30311a(2)–(5) on Consideration of Feasible and Prudent Alternatives	Approved.
Sec. 30311d(5) Compensatory Mitigation Ratios	Approved.
Sec. 30311d(6) Conservation Mitigation Credits for Easements for Impacted Agricultural Sites	Approved: the provision for a “stewardship fund.”
Sec. 30311d(7) Stewardship Fund	Approved.
Sec. 30311d(8)(a)–(e) Compensatory Mitigation Rulemaking	Approved.
Sec. 30311d(9)(a), (b), and (c) Rulemaking to Encourage Banks	Approved.
Sec. 30311d(10) Mitigation Bank Funding Program	Approved.
Sec. 30312(5) General Permit Authority	Approved.
Sec. 30312(6) General Permit for Blueberry Farming	Approved.
Sec. 30312(7) General Permit for Blueberry Farming	Approved.

TABLE 1—PROVISIONS OF PA 98 CONSISTENT WITH REQUIREMENTS OF CWA SECTION 404—Continued

PA 98 Provision—with descriptor	Decision
Sec. 30321(7) Defines Drains, Ditches, etc. as Not being Wetlands	Approved: the second sentence "A temporary obstruction of drainage . . . identified as a wetland pursuant to section 30301(2)."
Sec. 30328 State Program Limited to Navigable Waters and Waters of the U.S.	Approved.

TABLE 2—PROVISIONS OF PA 98 INCONSISTENT WITH REQUIREMENTS OF CWA SECTION 404

PA 98 Provision—with descriptor	Decision
Sec. 30103(1)(g)(vii) Modification of Drain Maintenance Exemption	Disapproved.
Sec. 30103(1)(m) Exemption for Controlled Livestock Access	Disapproved.
Sec. 30305(2)(m) Modification of Utility Line Installation Exemption	Disapproved.
Sec. 30305(2)(o) Exemption for Placement of Biological Residues in Wetlands	Disapproved.
Sec. 30305(4)(b) Modification of Exemption for Wetlands Created as a result of Construction or Operation of a Waste Treatment Pond or Storm Water Facility.	Disapproved.
Sec. 30305(4)(d) Modification of Exemption for Wetlands Created as a Result of Construction of Drains to Remove Excess Soil Moisture from Upland Areas Primarily Used for Agriculture.	Disapproved.
Sec. 30305(4)(e) Exemption for Wetlands Formed in Roadside Ditches	Disapproved.
Sec. 30305(4)(f) Exemption for Wetlands Created as a Result of Agricultural Soil and Water Conservation Practices	Disapproved.
Sec. 30305(5) Contiguous Waters as a Result of Excavation	Disapproved.
Sec. 30311(7) Consideration of Feasible and Prudent Alternatives	Disapproved.
Sec. 30311d(6) Conservation Mitigation Credits for Easements for Impacted Agricultural Sites	Disapproved the statement: "protection and restoration of the impacted site."
Sec. 30321(5) Definition of "Not Contiguous"	Disapproved.
Sec. 30321(6) Use of Drains to Establish Jurisdiction	Disapproved.
Sec. 30321(7) Defines Drains, Ditches, etc. as Not Being Wetlands	Disapproved: the first sentence "A drainage structure such as a culvert, ditch, or channel, in and of itself, is not a wetland."

Authority: This action is taken under the authority of Section 404 of the Clean Water Act as amended, 42 U.S.C. 1344.

Dated: December 2, 2016.

Robert A. Kaplan,
Acting Regional Administrator.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2015-0021; FRL-9955-75]

Pesticide Product Registrations; Receipt of Applications for New Active Ingredients

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has received applications to register pesticide products containing active ingredients not included in any currently registered pesticide products. Pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is hereby providing notice

of receipt and opportunity to comment on these applications.

DATES: Comments must be received on or before January 12, 2017.

ADDRESSES: Submit your comments, identified by the Docket Identification (ID) Number and the File Symbol of interest as shown in the body of this document, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.
- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.
- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>. Additional instructions on commenting or visiting the docket, along with more

information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Robert McNally, Biopesticides and Pollution Prevention Division (7511P), main telephone number: (703) 305-7090, email address: BPPDFRNotices@epa.gov; or Michael Goodis, Registration Division (7505P), main telephone number: (703) 305-7090, email address: RDFRNotices@epa.gov. The mailing address for each contact person is: Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001. As part of the mailing address, include the contact person's name, division, and mail code. The division to contact is listed at the end of each application summary.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or
