(viii) *Date Report Delivered to Congress*: December 7, 2016

\* As defined in Section 47(6) of the Arms Export Control Act.

#### POLICY JUSTIFICATION

Qatar—Spare C–17 Engines and Equipment

The Government of Qatar has requested a possible sale of the following in support of its eight (8) C–

17 Globemaster III aircraft procured under a Direct Commercial Sale (DCS): four (4) spare F117–PW–100 engines, Quick Engine Change (QEC) Kits, Engine Transport Trailers, Engine Platforms, Engine Trailers, and other various support. The estimated total program cost is \$81 million.

The proposed sale would contribute to the foreign policy and national security of the U.S. by helping to improve the security of an important regional ally. Qatar is a vital partner for political stability and economic progress in the Middle East. The C–17 provides a heavy airlift capability and complements the normal, day-to-day operations of Qatar’s C–130J fleet. Qatar will have no difficulty absorbing this equipment into its armed forces.

The proposed sale would enhance Qatar’s ability to operate and maintain its C–17s, supporting its capability to provide humanitarian aid in the Middle East and Africa region and support its troops in coalition operations.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Corporation of Chicago, Illinois. The U.S. Government is not aware of any known offsets associated with this sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not alter current assignment of additional U.S. Government or contractor representatives to Qatar. The number of U.S. Government and contractor representatives required in Qatar to support the program will be determined in joint negotiations as the program proceeds through the

development, production and equipment installation phases.

There is no adverse impact on U.S. defense readiness as a result of this proposed sale. All defense articles and services listed in this transmittal are authorized for release and export to the Government of Qatar.
