

SUPPLEMENTARY INFORMATION:**I. Abstract**

The Census Bureau plans to request clearance for the collection of data concerning the Housing Vacancy Survey (HVS). The current clearance expires August 31, 2017.

Collection of the HVS in conjunction with the Current Population Survey began in 1956, and serves a broad array of data users. We conduct the HVS interviews with landlords or other knowledgeable people concerning vacant housing units identified in the monthly CPS sample and meeting certain criteria. The HVS provides the only quarterly statistics on rental vacancy rates and homeownership rates for the United States, the four census regions, the 50 states and the District of Columbia, and the 75 largest metropolitan areas (MAs). Private and public sector organizations use these rates extensively to gauge and analyze the housing market with regard to supply, cost, and affordability at various points in time.

In addition, the rental vacancy rate is a component of the index of leading economic indicators published by the Department of Commerce.

Policy analysts, program managers, budget analysts, and congressional staff use these data to advise the executive and legislative branches of government with respect to the number and characteristics of units available for occupancy and the suitability of housing initiatives. Several other government agencies use these data on a continuing basis in calculating consumer expenditures for housing as a component of the gross national product; to project mortgage demands; and to measure the adequacy of the supply of rental and homeowner units. In addition, investment firms use the HVS data to analyze market trends and for economic forecasting.

II. Method of Collection

Field representatives collect this HVS information by personal-visit interviews in conjunction with the regular monthly CPS interviewing. We collect HVS data concerning units that are vacant and intended for year-round occupancy as determined during the CPS interview. Approximately 9,000 units in the CPS sample meet these criteria each month. All interviews are conducted using computer-assisted interviewing.

Analysis of Comments Received

All issues raised in the case brief and rebuttal briefs are addressed in the Issues and Decision Memorandum, which is attached to this notice as an Appendix.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, we made changes to SRF's and Jindal's margin calculations.³ The margins for both SRF and Jindal are now zero. In addition, we adjusted Jindal's reported U.S. prices to account for changes in its export subsidies in the final results of the companion countervailing duty administrative review.⁴ Additionally, for companies not selected for individual review, we have assigned a zero rate in the final results of this review, in accordance with section 735(c)(5) of the Tariff Act of 1930, as amended (the Act).

Final Results of Review

As a result of our review, we determine the following weighted-average dumping margins exist for the period July 1, 2014, through June 30, 2015.

Producer or Exporter	Weighted-average dumping margin (percent)
Jindal Poly Films Limited ⁵ ...	0.00
SRF Limited	0.00
Garware Polyester Ltd	0.00
Vacmet India	0.00

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days after the public announcement of the final results, in accordance with section 735(a) of the Act, and 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), the Department determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise, in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Because we have calculated zero margins in the final results of this review for both mandatory respondents during this POR, in accordance with 19 CFR 351.212 we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries produced and/or exported by Garware, Jindal, SRF, or Vacmet during the POR.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of PET Film from India entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies under review will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period for that company; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any other completed segment of this proceeding, then the cash deposit rate will be the all others rate for this proceeding, 5.71 percent. Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period.
