

“other explanations” narrative will only be used to collect information specified in the GPR instructions, primarily narrative responses that exceed character limits in other narrative fields in the electronic reporting system.

Category 7: Previous GPR Instructions. CNCS received one comment on the previous version of the GPR instructions.

Response: The current information collection replaces the previous version of the GPR instructions. This comment is therefore outside the scope of the information request.

Category 8: GPR Processes. Four comments addressed GPR-related processes that are not part of the information collection itself. Two commenters stated that the GPR duplicates information collected in past performance and recommendation summaries required as part of the grant application process. Three commenters suggested that CNCS provide a list of GPR reporting requirements in the grant Terms & Conditions. One commenter recommended that there be one GPR for multiple prime grants in a state. One commenter recommended that CNCS make changes to its electronic reporting system so that grant amendments do not interfere with completion and submission of the GPR.

Response: These comments are outside the scope of the information request. CNCS has attempted to address incomplete GPR data by requesting additional data during the application process. Data collection will remain in the GPR; however, comments will be shared with the application planning team. CNCS will add a list of GPR reporting requirements to the grant Terms & Conditions. In the current electronic reporting system it is not possible to aggregate data from multiple prime grants awarded in one state, but this is a goal for the reporting system currently under development. CNCS is currently pursuing changes to the existing electronic reporting system to address the issue of grant amendments that interfere with completion and submission of the GPR.

Category 9: Timing. One comment was received concerning the timing of off-cycle performance measure data. Some programs may collect performance measure data after the GPR reporting period has ended, and one commenter recommended that CNCS develop a more useful way to collect off-cycle performance measure data.

Response: CNCS will revise guidance about how to report off-cycle performance measure data in subsequent GPRs or the final GPR.

Description: CNCS requires grantees of AmeriCorps State and National, School Turnaround AmeriCorps, Commission Support Grant, Commission Investment Funds, and the Volunteer Generation Fund to submit Grantee Progress Reports (GPRs). This information collection comprises the questions that grantees of these grant programs will answer to report progress to CNCS.

Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement for the KC-46A Main Operating Base #4 Beddown

AGENCY: United States Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: The United States Air Force (USAF) is issuing this notice to advise

the public of the intent to prepare an Environmental Impact Statement (EIS) for the KC-46A Main Operating Base #4 (MOB 4) Beddown. The EIS will assess the potential environmental consequences of various alternatives of the beddown of KC-46A tanker aircraft, associated infrastructure and personnel in support of the MOB 4 mission at an existing active duty, continental United States Air Force Base (AFB).

DATES: USAF invites the public, stakeholders, and other interested parties to attend open house public scoping meetings from 5 p.m. to 8 p.m. in the following locations on the following dates:

1. Travis AFB: January 10, 2017; Northern Solano Association of Realtors, Fairfield, California.
2. Fairchild AFB: January 12, 2017; The Lincoln Center, Lincoln Ballroom, Spokane, Washington.
3. Joint Base McGuire-Dix Lakehurst (JBMDL): January 17, 2017; New Hanover Township Senior Center, Cookstown, New Jersey.
4. Dover AFB: January 19, 2017; AMC Museum, Dover, Delaware.
5. Grand Forks AFB: January 24, 2017; Alerus Center, Hawk Meeting Room, Grand Forks, North Dakota.

ADDRESSES: The project Web site (www.KC-46A-MOB4.com) provides more information on the EIS and can be used to submit scoping comments. Scoping comments may also be submitted to Mr. Bill Bushman, AFCEC/CZN; Attn: KC-46A MOB 4 EIS; 2261 Hughes Ave, Suite 155; JBSA Lackland, TX 78236-9853.

Comments will be accepted at any time during the environmental impact analysis process. However, to ensure the USAF has sufficient time to consider public input in the preparation of the Draft EIS, scoping comments should be submitted to the Web site or the address listed above by February 3, 2017.

SUPPLEMENTARY INFORMATION: The MOB 4 mission includes the beddown of 24 or 36 KC-46A aircraft in two or three squadrons, respectively. The KC-46A aircraft will recapitalize the aging tanker fleet and would continue supporting the mission of providing worldwide refueling, cargo, and aeromedical evacuation support. The proposed basing alternatives for MOB 4 mission include Dover AFB, Delaware; Fairchild AFB, Washington; Grand Forks AFB, North Dakota; JBMDL, New Jersey; and Travis AFB, California.

Scoping and Agency Coordination: To effectively define the full range of issues to be evaluated in the EIS, the USAF will determine the scope of the analysis by soliciting comments from interested

local, state and federal elected officials and agencies, as well as interested members of the public and others. Implementation of the KC-46A MOB 4 mission at Dover AFB, Grand Forks AFB, JBMDL and Travis AFB would have the potential to be located in a floodplain and/or wetland. Consistent with the requirements and objectives of Executive Order (EO) 11990, "Protection of Wetlands," and EO 11988, "Floodplain Management," as amended by EO 13690, "Establishing a Federal Flood Risk Management Standard and a Process for Further Soliciting and Considering Stakeholder Input," state and federal regulatory agencies with special expertise in wetlands and floodplains will be contacted to request comment. Consistent with EO 11988, EO 13690, and EO 11990, this Notice of Intent initiates early public review of the alternatives that have the potential to be located in a floodplain and/or wetland. Scoping meetings will be held in the local communities near the alternative basing locations. The scheduled dates, times, locations, and addresses for the scoping meetings will also be published in local media a minimum of 15 days prior to the scoping meetings.

Acting Air Force Federal Register Liaison Officer.
