

the GMT. The GMT's task will be to develop recommendations for consideration by the Pacific Council at its meetings in 2017.

Although nonemergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The public listening station is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt, at 503-820-2425 at least ten business days prior to the meeting.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 16, 2016.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Information Collection; Submission for OMB Review, Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (CNCS) has submitted a public information collection request (ICR) entitled AmeriCorps State and National Grantee Progress Report for review and approval in accordance with the Paperwork Reduction Act of 1995. Copies of this ICR, with applicable supporting documentation, may be obtained by calling the Corporation for National and Community Service, Carla Ganiel, at 202-606-6773 or email to cganiel@cns.gov. Individuals who use a telecommunications device for the deaf (TTY-TDD) may call 1-800-833-3722 between 8:00 a.m. and 8:00 p.m. Eastern Time, Monday through Friday.

DATES: Comments may be submitted, identified by the title of the information collection activity, within January 23, 2017.

ADDRESSES: Comments may be submitted, identified by the title of the information collection activity, to the Office of Information and Regulatory Affairs, Attn: Ms. Sharon Mar, OMB Desk Officer for the Corporation for National and Community Service, by any of the following two methods within 30 days from the date of publication in the **Federal Register**:

- (1) *By fax to:* 202-395-6974, Attention: Ms. Sharon Mar, OMB Desk Officer for the Corporation for National and Community Service; or
- (2) *By email to:* smar@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments

A 60-day Notice requesting public comment was published pursuant to the PRS, Public Law 104-13, (44 U.S.C. Chapter 35), in the **Federal Register** on September 16, 2016, at 81 FR 63746. This comment period ended November 15, 2016. Five public comments were received from this Notice.

Summary of comments by Category and CNCS response:

Category 1: Statements of Support for a GPR Update. A total of four comments expressed support for updates to the GPR instructions. One commenter noted that the revised instructions eliminated duplication. Two commenters expressed support for changes made to narrative questions. One commenter expressed appreciation for CNCS's electronic reporting system.

Response: CNCS agrees with these comments.

Category 2: Time Estimate. Two comments addressed the time estimate. One commenter stated that the time estimate of 8 hours per GPR was accurate. One commenter stated that the

time estimate should be set at 10 hours per GPR.

Response: CNCS believes that the time required varies depending on the type of GPR and has adjusted time to reflect this variation. CNCS estimates ten hours for end-of-year GPRs, eight hours for mid-year GPRs and four hours for final GPRs and planning grants.

Category 3: Demographic Indicators. Three comments addressed demographic indicators. Two commenters suggested removal of outdated demographic indicators in the Volunteer Generation Fund demographics. One commenter stated that new monitoring demographics in the Commission Support Grant GPR would increase burden, and two commenters questioned the utility and clarity of proposed demographic indicators related to monitoring activities.

Response: CNCS has removed the indicators specified in the public comments from the Volunteer Generation Fund and Commission Support Grant GPRs.

Category 4: Instructions. Two comments stated that the Commission-specific GPR guidance was difficult to understand.

Response: This comment is outside the scope of the information request, which does not include Commission-specific GPR guidance.

Category 5: Midyear GPR. Two comments recommended removing the requirement to explain unmet performance measure targets in the mid-year GPR.

Response: CNCS agrees and has removed the requirement to explain unmet targets in the mid-year GPR.

Category 6: Narratives. Four comments addressed GPR narrative questions. One commenter recommended an additional narrative question requiring national direct grantees to describe how they collaborate with State Commissions. Two commenters did not support removing narrative questions from the Volunteer Generation Fund GPR. Two commenters stated that the "other explanations" narrative should only be used to collect information specified in the GPR instructions.

Response: The recommended question for national direct grantees would not provide enough useful information to justify its inclusion in the GPR. While some narratives have been removed from the Volunteer Generation Fund instructions to reduce burden and duplication, CNCS has revised one of the remaining narratives to collect additional information about VGF activity. CNCS intends that the

“other explanations” narrative will only be used to collect information specified in the GPR instructions, primarily narrative responses that exceed character limits in other narrative fields in the electronic reporting system.

Category 7: Previous GPR Instructions. CNCS received one comment on the previous version of the GPR instructions.

Response: The current information collection replaces the previous version of the GPR instructions. This comment is therefore outside the scope of the information request.

Category 8: GPR Processes. Four comments addressed GPR-related processes that are not part of the information collection itself. Two commenters stated that the GPR duplicates information collected in past performance and recommendation summaries required as part of the grant application process. Three commenters suggested that CNCS provide a list of GPR reporting requirements in the grant Terms & Conditions. One commenter recommended that there be one GPR for multiple prime grants in a state. One commenter recommended that CNCS make changes to its electronic reporting system so that grant amendments do not interfere with completion and submission of the GPR.

Response: These comments are outside the scope of the information request. CNCS has attempted to address incomplete GPR data by requesting additional data during the application process. Data collection will remain in the GPR; however, comments will be shared with the application planning team. CNCS will add a list of GPR reporting requirements to the grant Terms & Conditions. In the current electronic reporting system it is not possible to aggregate data from multiple prime grants awarded in one state, but this is a goal for the reporting system currently under development. CNCS is currently pursuing changes to the existing electronic reporting system to address the issue of grant amendments that interfere with completion and submission of the GPR.

Category 9: Timing. One comment was received concerning the timing of off-cycle performance measure data. Some programs may collect performance measure data after the GPR reporting period has ended, and one commenter recommended that CNCS develop a more useful way to collect off-cycle performance measure data.

Response: CNCS will revise guidance about how to report off-cycle performance measure data in subsequent GPRs or the final GPR.

Description: CNCS requires grantees of AmeriCorps State and National, School Turnaround AmeriCorps, Commission Support Grant, Commission Investment Funds, and the Volunteer Generation Fund to submit Grantee Progress Reports (GPRs). This information collection comprises the questions that grantees of these grant programs will answer to report progress to CNCS.

Type of Review: Renewal.

Agency: Corporation for National and Community Service.

Title: AmeriCorps State and National Grantee Progress Report

OMB Number: TBD.

Agency Number: None.

Affected Public: Grantees of AmeriCorps State and National, School Turnaround AmeriCorps, Commission Support Grant, Commission Investment Funds, and Volunteer Generation Fund.

Total Respondents: 300 total respondents for AmeriCorps State and National and School Turnaround AmeriCorps. 52 respondents each for Commission Support Grants and Commission Investment Funds. 20 respondents for Volunteer Generation Fund.

Frequency: Semiannual for AmeriCorps State and National and School Turnaround AmeriCorps operational grants with an additional final GPR at the end of the award period. Annual for Volunteer Generation Fund, Commission Support Grant and Commission Investment Funds. Average Time Per Response: 11 hours for AmeriCorps GPRs. 10 hours for all other GPRs.

Estimated Total Burden Hours: 7,040.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Dated: December 16, 2016.

Bill Basl,

Director, AmeriCorps State and National.

BILLING CODE 6050-28-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement for the KC-46A Main Operating Base #4 Beddown

AGENCY: United States Air Force, Department of Defense.

ACTION: Notice of intent.

SUMMARY: The United States Air Force (USAF) is issuing this notice to advise

the public of the intent to prepare an Environmental Impact Statement (EIS) for the KC-46A Main Operating Base #4 (MOB 4) Beddown. The EIS will assess the potential environmental consequences of various alternatives of the beddown of KC-46A tanker aircraft, associated infrastructure and personnel in support of the MOB 4 mission at an existing active duty, continental United States Air Force Base (AFB).

DATES: USAF invites the public, stakeholders, and other interested parties to attend open house public scoping meetings from 5 p.m. to 8 p.m. in the following locations on the following dates:

1. Travis AFB: January 10, 2017; Northern Solano Association of Realtors, Fairfield, California.
2. Fairchild AFB: January 12, 2017; The Lincoln Center, Lincoln Ballroom, Spokane, Washington.
3. Joint Base McGuire-Dix Lakehurst (JBMDL): January 17, 2017; New Hanover Township Senior Center, Cookstown, New Jersey.
4. Dover AFB: January 19, 2017; AMC Museum, Dover, Delaware.
5. Grand Forks AFB: January 24, 2017; Alerus Center, Hawk Meeting Room, Grand Forks, North Dakota.

ADDRESSES: The project Web site (www.KC-46A-MOB4.com) provides more information on the EIS and can be used to submit scoping comments. Scoping comments may also be submitted to Mr. Bill Bushman, AFCEC/CZN; Attn: KC-46A MOB 4 EIS; 2261 Hughes Ave, Suite 155; JBSA Lackland, TX 78236-9853.

Comments will be accepted at any time during the environmental impact analysis process. However, to ensure the USAF has sufficient time to consider public input in the preparation of the Draft EIS, scoping comments should be submitted to the Web site or the address listed above by February 3, 2017.

SUPPLEMENTARY INFORMATION: The MOB 4 mission includes the beddown of 24 or 36 KC-46A aircraft in two or three squadrons, respectively. The KC-46A aircraft will recapitalize the aging tanker fleet and would continue supporting the mission of providing worldwide refueling, cargo, and aeromedical evacuation support. The proposed basing alternatives for MOB 4 mission include Dover AFB, Delaware; Fairchild AFB, Washington; Grand Forks AFB, North Dakota; JBMDL, New Jersey; and Travis AFB, California.

Scoping and Agency Coordination: To effectively define the full range of issues to be evaluated in the EIS, the USAF will determine the scope of the analysis by soliciting comments from interested
