

the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act.

V. Conclusion

The Commission believes that the Modification Application demonstrates that EB will have sufficient operational capabilities to facilitate prompt and accurate collateral management services and to support the establishment of linked and coordinated facilities for the settlement of obligations under its collateral management services in support of securities transactions. The Commission also notes that EB's exemption will be subject to conditions that are designed to enable the Commission to monitor EB's operational capacity and safeguards, corporate structure, and ability to operate in a manner to further the purposes of Section 17A of the Exchange Act. Further, the conditions include a robust set of reporting requirements that will allow the Commission to monitor the growth and development of EB's exempted clearing agency activities so that the Commission will be well positioned to evaluate whether and when any modifications to the terms and conditions set forth above are necessary. Therefore, for the reasons discussed throughout this order, the Commission finds that the Modification Application is consistent with the public interest, the protection of investors, and the purposes of Section 17A of the Exchange Act.

It is hereby ordered, pursuant to Section 17A(b)(1) of the Exchange Act, that the application for a modification of EB's exemption from registration as a clearing agency under Section 17A(b)(1) of the Exchange Act filed by EB on May 9, 2016 (File No. 601-01) be, and hereby is, approved within the scope described in this order and subject to the terms and conditions contained in this order.

By the Commission.

Brent J. Fields,

Secretary.
